Caravan Appreciation Dinner Scheduled: The annual no host Caravan Appreciation Dinner is scheduled for the evening of June 21, 2014. WBCCI members who have been involved in Unit, Region, or National Caravan activities during the year are recognized at the event. In addition, the support staff of the Caravan Committee is recognized for their service and contributions to the overall Caravan program.

National Caravan Leader and Committee Meeting Scheduled: A one-day discussion and training session for National Caravan Leaders and Caravan Committee members is scheduled for June 19 2014. This meeting allows for the open exchange of ideas and the opportunity to ask questions and receive answers from some of the most experienced Caravan Leaders in WBCCI. A portion of the meeting is devoted to the training and utilization of the Caravan Website <http://wbccicaravan.wbcci.net>, which is a link on the Club's website. Each National Caravan Leader is instructed on how to customize and update the information on their individual caravan websites.

Introduction to Caravanning Seminar: The Introduction to Caravanning Seminar is being held on the afternoons of July 1, 2 and 3, 2014. We continue to evaluate the seminar regularly in order to keep the seminar sessions informative but also to introduce new subjects to the ongoing program. We encourage you to promote this seminar not only as a tool to develop caravan leaders but also as an encouragement and familiarization for new members to the adventure of club caravans.

Numbered Caravans Scheduled: As of 5/1/2014: 2 numbered Unit Caravans and no numbered Region Caravan are active for 2014, In addition 12 National Caravans are active for 2014, 13 National Caravans for 2015 and 6 National Caravans for 2016 are under development. Lists of these Caravans are attached.

Non-Numbered Caravans: In the usual course of the Committee's function we continually provide advice, assistance and information to the numerous non-numbered caravans that run throughout the year by WBCCI at both the unit and region levels.
