President's Message

Lum's Pond Rally 2019

Good Bye March, Hello April!!

Greetings All, It's been a hell of a month and we hope everyone is well. I am thinking you all are Corona'd out so enough on that topic.

April is generally the month of trailer prepping and maintenance. Although the canceled maintenance rally helps make that task more enjoyable, now is the perfect time check out the systems, 'earl what needs 'earlin, clean up the o'l girl (trailers guys), check the lights, tire pressure and so on.

Quarantine won't last forever, be ready!! Please see the maintenance sheet attached to the email with this issue.

Fast forward to August, unless something changes Sue and I are still planning to host the New England Caravan. The route and stops are not final but are in the cross hairs. This is the latest: head north up the Hudson Valley with possible stops at the Old Rhinebeck Aerodrome, Mohonk Mountain House and Vanderbilt mansion.

Continue north then hang a right into Vermont to tour Hildene, the summer house of Abe Lincoln's son, Robert Todd, the president of the Pullman Company. Continuing north to the Shelburne Museum with a stop in Burlington (where I understand everything is free) with many sights and lots of history. While in the area we'll head east to tour Rock of Ages (a granite Quarry).

Continuing into New Hampshire we enter the White Mountain region where we will hop aboard the cog railway to take us to the top of Mount Washington, the highest peak in the Eastern USA. Upon entering Earth's atmosphere once again we can tour local historic settlements and houses. (Side Note) While researching the caravan I learned New Hampshire is the #1 state for adult swinging. Mmmm, I guess it's because of all the trees to hang them on? who knows...

At this point we are so close to Maine we are figuring, hey why not!?!? Then the reality of two weeks hits me. Can All of this be comfortably wedged into 2 weeks..... I don't know, Stay Tuned.

Feel free and give me your thoughts on the caravan whether or not you are adding this to your summer plans.

Until we all meet again, Be Cool

Tips from the CDC

- There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).
- The best way to prevent illness is to avoid being exposed to this virus.
- Wash your hands often with soap and water
- Cover your mouth and nose with a tissue when you cough
- Clean AND disinfect frequently touched surfaces daily
 - To disinfect most common EPA-registered household disinfectants will work. Options include:
 - Diluting your household bleach.
To make a bleach solution, mix 4 teaspoons bleach per quart of water
 - Alcohol solutions:
Ensure solution has at least 70% alcohol
 - Other common EPA-registered household disinfectants
Visit <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2> to find the current list of products that meet EPA's criteria for use against SARS-CoV-2, the cause of COVID-19.
- Avoid close contact, put distance between yourself and other people if COVID-19 is spreading in your community
- Stay home if you are sick, except to get medical care

Sunshine Report

Happy to report that, aside from several cases of cabin fever, we know of no one in our unit with Covid-19 related illness. Great to hear.

George Spahn was scheduled for some skin procedures, but they've now been postponed.

Let us know of illnesses, surgeries, friends needing a kind word - and better yet, recoveries.
