Many of our members request a specific number for their trailer or motorhome. The reasons are varied but include reissuing a set of ghosted numbers on a vintage trailer, for example. Numbers are gladly reissued provided that they are not currently issued to another member. Numbers range from 1001 to 32000. If you are hoping to have a specific number issued to you, please list your preferred numbers below. If your selected number is not available, headquarters will contact you. If you do not have a requested number you will be issued the next lowest number.
