**Because of COVID, registration for Betabel has changed.** I just found out that the park will not let me reserve a group, but each person must call and make their own reservations for our rally at Betabel. They will charge the group rate of \$54.94 for any days of the rally and around the rally. I rounded up to \$55 on the coupon for easier math. So consider that you are getting another discount! The dates before and after the rally will also get the group rate. We will still be parked as a group. **IMPORTANT:** The group is listed as Sacramento Valley Airstream Club, so please let them know you are with that group when you register.

**Please call (831) 623-2202 and make your own reservations before 10/2.** If you can scan your coupon and email it to me would be great. If not, please email me that you have made your reservation, what nights you reserved, a phone number, which unit you belong to and if can you bring a 10X10 pop-up tent so I can keep a list.

Since we will be camping on concrete, we will need to tie down the pop-up tents, in case of rain, with buckets of water (no stakes). So, bring some empty buckets (Blue-Boys will work) and bungie/ties.

If you have already mailed your check, let me know if you want to me to shred your check to SVAC or for me to mail it back to you.

Thanks,
