Naming Your Profile on the Forum

When creating your profile on the Indie Streamers Forum it's important that you use the naming convention, which is:

FirstnameLastname_BRN_State/Province/or MAL (Member at Large)

- No spaces between first and last name
- Use an underscore, not dash or hyphen.
- Use abbreviations for state, provinces.
- Members in Europe may spell out the country name instead of state.

Examples: FrankZappa_01234_AK   EllenWheeler_98765_MAL

Naming Convention Rationale:

Full Name: There is no anonymous posting on the Indie Streamers Forum. We all have a lot in common: Airstream ownership, love of travel, camaraderie within the Airstream Club International.   Our forum is designed to be a useful, welcoming place for the sharing of ideas and making friends.

Big Red Numbers: Providing your BRN confirms club membership and gives other forum members an opportunity to learn a bit more about you from the digital/print directory or your soon-to-be-released Personal Profile on airstreamclub.org. You will determine whatever information you choose to share on your Personal Profile.

State/Province/MAL Providing a general geographical area lets other members know you might be close by or have insights into a part of the country they'd like to explore, furthering the goal of not just providing information, but also bringing solo streamers together for informal gatherings.
