

Welcome new members rally August 15-18 2019

1. We're happy to announce a mid-August rally to welcome new Northeast Mountaineers to our club. Join us if you a veteran member ready to meet and greet our new friends — and old — and enjoy some happy hours together. And join us if you new to Airstreamin' and to the Northeast Mountaineers club. Wonder what gizmo you need or what is a really bad thing to do to your Silver Bullet? No need to fret, we are here to get you through that newbie anxiety. We have Members with all levels of expertise and advice to share. Come enjoy Central Vermont and the beautiful mountain views from the best campground in the area — Lake Champagne Resort. <http://www.lakechampagne.com>

Please call Lake Champaign directly — 802 728 5293 — and book your space for the August 15-18 weekend — ask for sites B27 thru B35 and any of the C sites next to that area. (note that the on-line booking will not show the spaces they're saving for us).

2. Earlier editions of our calendar mentioned a Jersey Shore Rally for that weekend —there was insufficient interest to reserve group sites, alas, so it is no longer an official club activity.

3. Watch for the announcement of our fall rally and business meeting — either September 14 or 21.

4. Our membership chair (me) would like to include members' photos in the next edition of our directory — so send me your selfies. I will edit and format them for inclusion.

5. Keep in touch! You can find the official Northeast Mountaineer webpage at <https://northeastmountaineers.airstreamclub.net> The calendar is in the On the Road menu under "Come tag-along with us" (<https://northeastmountaineers.airstreamclub.net/calendar>) The club also has a Facebook page — Northeast Mountaineers Airstream Club. It's a closed group, but you can click on Join, answer the questions, and the page administrator, Mary Lehner, will clear you for access.

Cheers!

— Andreas Lehner
