Your President's update: It's summertime and many of our members are busy traveling the countryside, seeing the sites and meeting new friends. Frances and I are enjoying "A Taste of the Blue Ridge Caravan". The weather has been almost perfect and just like the title says, the food has been outstanding! The downside to our trip has been the lack of AT&T cellular service and the lack of internet connections in the mountains. We have been offline a lot. Coupled with constant caravan activities this has put me behind the eight-ball on work, including GSL postings. We will be back just in time to enjoy the upcoming Ozark Mountains rally next weekend. See the final agenda on the next page. We have added a SkyMed presentation with ice cream provided as well as a "Bright Ideas" sharing session. I've also attached a pdf listing wonderful Ozark area attractions. We'll also unveil a potential new Club logo featuring our name change.

See you next weekend in Mountain View!!! Greg

To All,

The rally is just around the corner and coming up fast. I am excited to spend some time with

everybody in the Missouri Ozarks. There are a lot of opportunities to explore our state's natural beauty and history.

I am attaching a copy of the agenda and a brochure, that is available at the camp office, to aid in your planning.

We have the clubhouse all the time, I thought it would be nice to gather every morning before starting the day,

so I will provide a light breakfast every morning (bring your own coffee and setups) Bagels, cream cheese, yogurt fruit cups etc.

Thanks, Larry 4564 (our rally host)
