This rally is for the adventurous! There's more to see and do than you'll be able to do.

We'll be staying next to the Malheur National Wildlife Refuge and hope to arrange a tour of Refuge Headquarters. You'll have your choice of destinations, some close and some further away.

There's the Buena Vista viewpoint, Diamond Hotel, and the Diamond Craters and lava beds. You can visit the

historic Round Barn and its visitor center where cattle baron Peter French broke horses.

Further south is the historic Frenchglen Hotel which is on the way to the 9,730' Steens Mountain for breathtaking views of the glacier-formed Kiger Gorge and the Alvord Desert. You can return from the summit on the north road or challenge yourself with a rough ride down the south road. Either way, you can continue south on Hwy 205 to Fields for a famous milkshake and then to the Alvord Desert. Please note that this will make for a long day, so watch your fuel!

For those simply seeking rest and relaxation, there's the newly refurbished Crystal Crane Hot Springs.
