Presidents Letter

Well, here we are not only in a new year but a new decade! More opportunities to make a difference and maybe even start all over to make things even better, learn a new skill, take up a new responsibility or just enjoy the company of our travel minded friends. It looks to be a great year for our happy band as we have several new members. Big Welcomes to all of them...

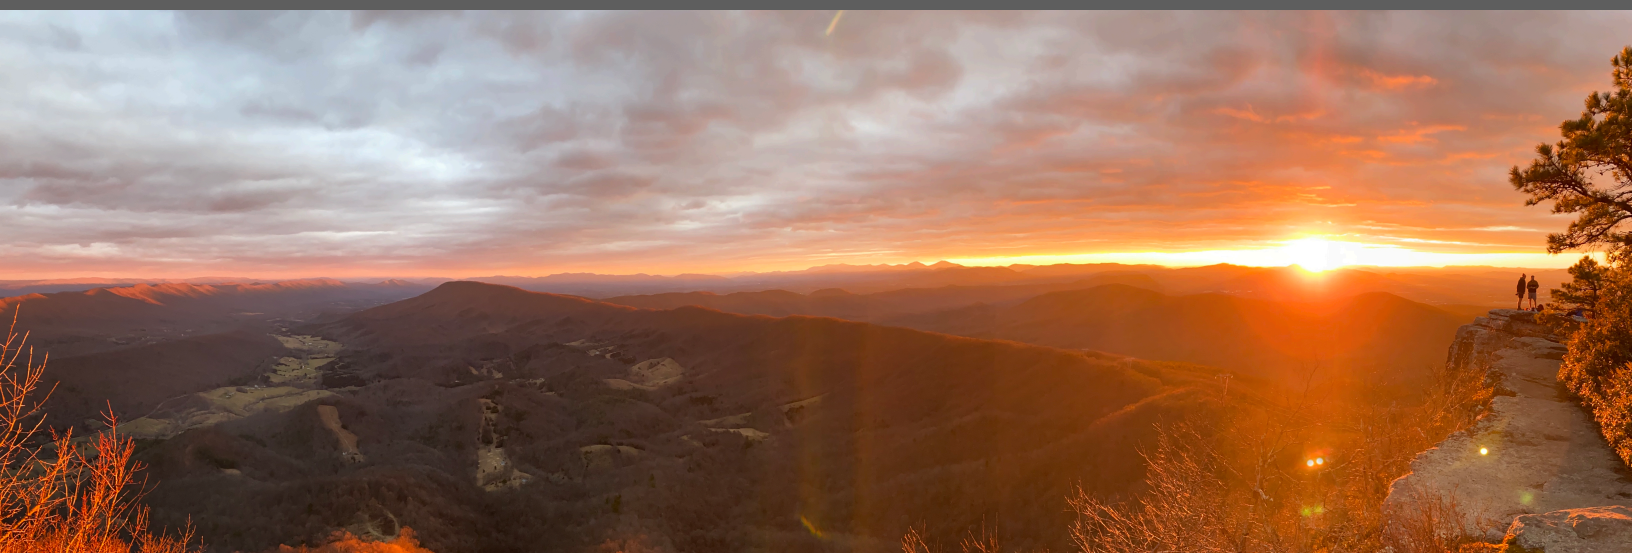

Our upcoming year of luncheons and rallies promise to get the first year of this decade off to a roaring start with some new venues and some that we are well acquainted with. Let's all strive to enjoy one and all. It may also be the first year that you step forward to help shape the direction of our unit, be it to host a rally, write a newsletter, fix my trailer, lead a seminar or suggest that it may be "old school" but playing bingo is still fun! Don't worry about the "firsts" you may face, we are here to help each other meet with success. Take that step.

Move forward with all this new stuff and please make sure to have a good time. Let's make everyone wish they were in #22..... 2020 opportunities for fun at the link..

Pam DeVine
