Happy Spring Fellow Airstreamers!

There's much to feel good about! Rally season has arrived and there's lots of fun on the agenda! The Crab/St.Patrick's Rally took place on the weekend of March 18th and was a huge success. Our co-hosts, Donna Bryson and Pat Mann did an amazing job as Co-hosts. We had a big crowd and the crab was delicious. Ed and Pam Treanor and their many helpers did an exceptional job preparing and serving the appetizers for the happy hours on Friday and Saturday and the crab dinner on Saturday. The decorations in Harmony Hall were terrific and the illuminated crab water fountain in the middle of the hall was a feat of engineering! It felt just like old times with no masks and good fellowship.

I'd also like to give everyone an update on the progress at Washington Land Yacht Harbor. The WLYH Board of Directors and Unit Board of Trustees have truly been working as a team. Both boards and their associated committees have been working very hard to bring the Harbor back into compliance with IRS 501(C)7 rules governing non-profit income. While working through this, both boards have had ongoing in-depth discussions covering topics like Harbor budget and solvency, rules, Terraport fees, housekeeping fees, Harbor maintenance, security, the Unit's use of the facilities, how to prioritize and fund Harbor improvements, volunteerism, transparency with Harbor residents and the Unit and much more. The BOD is also working on updating the Harbor's business plan so that it can be shared with you all. This will give you a better sense of what the plan looks like for the Harbor and will give you an opportunity to ask questions. The BOD has also gone to a bi-weekly meetings schedule to give them more opportunities to meet as a group and make decisions. Meanwhile, if you have any questions about the Harbor or how progress is coming along, the best way to get information directly is to attend the BOD meetings either in person or by Zoom. If you would like additional information regarding the meeting schedule or Zoom details, please contact Seanna Sams by email at seanna.bod@gmail.com.

Finally, we have a number of items on the schedule for the month of April. They include BOT Office Hours on April 13th at 6:30pm, accessible via Zoom at <https://us02web.zoom.us/j/7835753065>, the Tulip Festival Rally in Anacortes, WA on April 8-10 and the joint Washington/Oregon Wine Country Rally in Prosser, WA on April 29-May 1. There may still be an additional spot open for the Tulip Festival Rally. For that, please contact Stephanie Daly by email at sdaly56@msn.com. We still have seven openings for the Wine Country rally. In order to keep the sites available, the campground required that the Club pre-pay for those remaining sites. Last year, everyone had a great time. If you would like to participate in the rally, please register at www.washingtonairstreamclubevents.com.

We look forward to seeing you at the April events!

Happy Airstreaming!

RESUMES FOR BOARD OF DIRECTORS

Seanna Sams Currently Director and Secretary, Communications Committee Chairman, Website Redesign Leader, Marketing Committee member.

I want to remain a Director for WLYH to ensure that our communication process gets firmly established. I want to make sure that all of our processes, all documentation and marketing information including our new website are totally updated to reflect our new look. I am asking for your vote.

Charli Westerfield I am excited to be considered for continuing in the position of Director. I have been Secretary and/or a Director since the 2009 Incorporation. I have served as 1st and 2nd VP on the Board and feel that I have a vested interest in the business of the Corporation and the Community. My husband, Paul, and I have been residents in the Harbor since 2007. We both have been involved in the Harbor. I have worked in the marketing of Harmony Hall as an Event Center, Finance Committee, Landscaping Committee and look forward with Hall and Harbor improvement projects with Jena Embry-Loes. Currently I am the Lease Review Chairperson and facilitate the sale of homes in the residential section. I look forward to continue helping with improvements in the running of the Corporation, furthering the Airstream Way of Life and care of the Community as a whole. Thank you for your consideration.

Kim Robitaille My work Experience: Registered Nurse for 34 years with a PhD in Nursing.
Management on project coordination experience for most of my career; responsible for team building, budgetary oversight of multiple budgets, coordination between various groups. Technology savvy with Microsoft Office products and Google Workspace, OneDrive, and Dropbox. My goals are to help create sustainability for the Harbor as a Community and destination for Airstream travelers. Tim and I have been members of the Club for a year and have purchased a home and now live in the Harbor. I would like to become more involved in the WA Airstream Club.

Ed Treanor My background starts with the Marine Corps and Parris Island. Had a tour to Vietnam. Selected to the Associate Degree program, discharged as Staff Sergeant. Worked in the construction trade and started a business in those trades with a primary window replacement business with Anderson Windows. Became a General Contractor designing and building homes. At the same time, started managing restaurants and resorts. Got into the culinary field and ended up a Certified Executive Chef with the American Culinary Federation. My business background taught me to make decisions using a "Cost Benefit Analysis." This is how I make decisions today and it is an approach I would use if selected to be on the BOD. I believe we must and should communicate all expenditures to the members before they are implemented and when they occur, including emergency repairs. In my few years as a Harbor Lessee, I have realized all too often communication from and between the BOD and BOT has been insufficient. We all need to know what is planned, what it will cost each of us as members, and how the Harbor will benefit or not, so we as members can decide what we want. With these things in mind I ask for your confidence and vote for membership on the BOD. Thanks

Joel Ware My goal is to help the Washington Land Yacht Harbor be a sustainable and affordable community, in harmony with the WA Airstream Club.

I'm skilled in team building, communications, and diverse computer technologies. I have served as WA Club President (2013-2014), have served three WBCCI Intraclubs, two as President, Amateur Radio, Classic Airstreams and also Vintage Club currently serving as Secretary.

Bought in the Harbor in 2002 and have enjoyed the Land Yacht Harbor in its most traditional mode -a jumping-off point for adventure, a community with Airstreams, and a place to keep my Airstream (s).

I retired from Boeing after 40 years working in IT/ Cybersecurity, Team Leadership, Microsoft Office and Google tools usage and management. Extensive experience in problem-solving, team-building, presentations, data pressure, and working in a diverse environment.

I was appointed to fill a vacancy in January and look forward to continuing on The Board of Directors.

RESUMES FOR BOARD OF DIRECTORS

Lori Woehler Thank you for considering me for the Washington Land Yacht Harbor Board of Directors.

I grew up in Ohio, served in the Army as a Russian linguist/analyst, and worked in the technology industry for many years. In 2015, after my son graduated from college. I left my Senior Director of Engineering at Microsoft, I returned to college. Last year I graduated from Antioch University in Seattle with a doctoral degree in Clinical Psychology, completed an internship at the VA hospital in Las Vegas, and specialized post-doctoral training at Hazelden Betty Ford Foundation.

Decades prior to my return to college, I worked with and led teams of people starting new businesses, turning around failing projects and businesses. At Microsoft, I held a series of global engineering leadership roles and served as Chief of Staff managing business operations for an 8B P&L. My reputation through all these endeavors has been to deliver results, to respectfully collaborate, to overcome politics and drama, and make good things happen. I have been a member of the Washington Airstream Club since 2018 and purchased a home in the Harbor in 2020 after living part-time on the Terraport in my 25 ft. International Serenity. I purchased my home in WLYH because it offered me the opportunity to combine my passion for the Airstream lifestyle and my desire to be a part of a community that values this lifestyle.

It is my belief that the WLYH faces an unprecedented set of challenges that will require all of us who are committed to the Airstream lifestyle in our community to rise to our individual strengths and to serve the greater good of the community as we are each best able to contribute. This belief, along with my professional knowledge and experience, inspired my desire to serve on the Washington Land Yacht Harbor Board of Directors.

Manda A Lyghts is currently the Treasurer and would like to be considered for a Director position.
