## APRIL 2022

## John's Journal

Happy Spring everyone!

I do hope that everyone is dusting off their Airstreams and getting things ready to go in what should be a banner season. De-winterizing is certainly the first step for everyone which should include testing your water system, batteries, fridge, heater and hot water systems as well as inflating your tires etc. all before you head out. A little silicon spray to your grey and black water valves is a good idea. A quick tip for some of you; carry a can of electrical cleaner with you to give your truck/trailer plug a quick cleaning prior to connecting your trailer to the truck. You may also want to lube your leveling bar, hitch ball and sway bar connections as well with some lithium grease. A short shakedown trip helps limit future problems and is always recommended. If any of you have any questions about the process feel free to email me at [millard12581@gmail.com](mailto:millard12581@gmail.com)

As promised in my March entry, Chris and I were planning a trip to California to pick up a vintage Airstream. Well I am happy to report that we made it to Placerville, California and back and are now the proud owners of a polished 1966 25-foot Tradewind. The trip took approximately 2-½ weeks and was quite a trip indeed. We spent three days on route via the Oregon Coast having left White Rock on February 15<sup>th</sup>. The border was no issue and it was really nice to 'grocery and gas up' again in Bellingham. The trip was uneventful and we arrived in Placerville on February 19<sup>th</sup> to pick up the Airstream. We knew the trailer had been sitting for a while (since 2017) but were not fully prepared for just how much immediate work the Airstream needed in order for us to camp in it on our return back up the coast. Well it needed a great deal of cleaning with my wife needing to even expel a tenant (rat) with a garbage can lid. We had to throw out most everything not nailed down in the trailer. Fortunately, we had brought our good wrapped mattresses and sleeping bags, a portable fridge, stove top and electric heaters with us as nothing in the trailer except the electric lights were working. Our sincere thanks to Tiffany Combrink, Paul Warenycia, Jeff Ray and Neil & Lynn Holman who helped make all of this happen. Neil & Lynn were members of a North California Airstream group who towed the Airstream with a beautiful 1971 Buick Convertible.

After two days of cleaning we moved the Airstream to a local KOA. We spent a couple of days repairing the wiring so that the brakes, lights etc. would work and we were off. Once repaired we headed out back up the coast a little bit nervous but excited nevertheless. We camped in the redwoods in California, spent a couple of days in Newport Oregon as well as Astoria where we were welcomed with typhoon like rain and winds. Several times throughout the night the truck alarm would go off because it was being shaken so badly. Well, that's Astoria for you! We ended up in Anacortes at Judy and Gerry Greth's house, members of the club and good friends who we have not seen since Covid. What wonderful hosts they both were along with their little doggie, Oscar. We have definitely missed their company over the last couple of years and it was a real treat to see them once again. In addition I got to see Gerry's hot rod that he is building from the ground up, what a talented builder he is indeed.

*President's Message continued..*

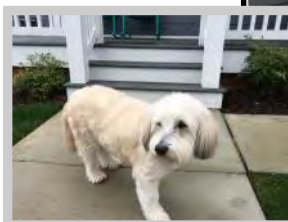

On March 2<sup>nd</sup> we ended up in Bellingham getting swabbed prior to heading back into Canada. The trip across the border was uneventful and went very smoothly. A quick trip to the insurance company was the only thing left prior to bringing the Airstream home. Our work now starts for the next couple of years as we attempt to bring this Airstream back to it's former glory.

For you people who like stats we used 169 gallons of fuel to travel 2266. miles. We averaged 13.4 mpg overall. When towing we averaged 11 mpg and solo 17.5 mpg. The trailer length is just under 26 feet and dry weight just over 4000 pounds with a tongue weight of about 400 pounds. Vintage Airstreams weigh considerably less than the newer Airstreams and are 6 to 12 inches narrower on average.

I have included a few pictures for you all which I hope you like. Chris and I are looking forward to seeing you all on the road!

Respectfully submitted.

*John*

Are you going to International in Maine? I'm one of the hostesses of the Maine Derby Tea happening in Fryeburg. We need a few things and we need your help:

**TABLE HOSTESSES** - Someone to welcome people to the table and help with the things going on there...I think there will be some sort of prizes offered.

**SERVERS** - We need people to bring hot water around to the tables to fill the tea pots...the organizers were thinking men?

**TEA POTS** - If you are driving out, do you have a teapot you would be willing to be used at the table? Or could you find some at Goodwill and bring it?

**CARRIERS OF TEA POTS** - Hal and I are flying out this time or we would be (Godwilling it like crazy) but, if someone would be willing to carry one or two out, that would be great...I could get you pots.

**STYLISTS** - We are doing a style show of people willing to wear and model the clothes of a decade in the life of Airstream. I think they have the 1920's and 1940's covered already but we need the others, too.

Please give me a call at 503-701-2798 or email me at [twestover@mac.com](mailto:twestover@mac.com) if any of these requests fits for you. This will be limited to 300 participants with goodies to eat as well as tea. Thanks so much in advance.

Terri Warren

### Lawyers should never ask a Grandma a question if they aren't prepared for the answer

In a trial, a small-town prosecuting attorney called his first witness, a grandmotherly, elderly woman to the stand. He approached her and asked, "Mrs. Jones, do you know me?" She responded, "Why, yes, I do know you, Mr. Williams. I've known you since you were a boy, and frankly, you've been a big disappointment to me. You lie, you cheat on your wife, and you manipulate people and talk about them behind their backs. You think you're a big shot when you haven't the brains to realize, you'll never amount to anything more than a two-bit paper pusher. Yes, I know you."

The lawyer was stunned. Not knowing what else to do, he pointed across the room and asked, "Mrs. Jones, do you know the defense attorney?" She again replied, "Why yes, I do. I've known Mr. Bradley since he was a youngster, too. He's lazy, bigoted, and he has a drinking problem. He can't build a normal relationship with anyone, and his law practice is one of the worst in the entire state. Not to mention he cheated on his wife with three different women. One of them was your wife. Yes, I know him." The defense attorney nearly died.

The judge asked both counsellors to approach the bench and, in a very quiet voice, said, "If either of you idiots asks her if she knows me, I'll send you both to the electric chair."

# HEDLEY RALLY

RIVERHAVEN RV PARK  
JUNE 24-27, 2022

It is not too late to make your reservations for the Hedley Rally June 24th-27th at the Riverhaven RV Campground. Here are a few notes for you to keep in mind.

Reservations cannot be made online. Phone Doug or his son Paul to reserve a spot (250-292-8221). They are still holding some spots for our Airstream Rally. Please let Bev know about your reservation. (brobson@telus.net)

Officially we start at Happy Hour, 4 PM or so, Friday the 24th.

The weekend will be a mix of organized group events, tours etc and do-it-yourself activities. Let's get out there and support the local enterprises that this part of our province has to offer. We all know how much they're going to appreciate our business and outstanding personalities!

To date plans are being made for one luncheon at a winery / cidery estate. The Similkameen Valley has 13 wineries and 2 cideries. Several of them have restaurants and beautiful views! We will select one where we can either have lunch together or, it may be possible to picnic at some of them as well.

There are many other attractions in and around the Hedley and Keremeos environs. The Grist Mill and Gardens (a non winery place that is also Canada's only working water powered flour mill) is handy. The Ashnola Red Bridge built in 1909 used to be a covered train bridge. Today it is the gateway to the Cathedral Provincial Park (outstanding hiking trails) and Ashnola Recreation area. Of course there is golf at nearby Princeton and Twin Lakes. And let's not forget Osoyoos and all it has to offer.

So folks, June is just around the corner. We are looking forward to a cool, and cooler, time at Hedley and we definitely look forward to seeing many of you there.

See you soon.

Bev... 604-823-7232

He didn't like the casserole,  
and he didn't like my cake.  
He said my biscuits were too  
hard,  
not like his mother used to  
make.  
I didn't make the coffee right,  
he didn't like my stew.  
I didn't fold his pants,

I pondered for an answer,  
I was looking for a clue.  
Then I turned around and  
smacked the shit out of him,

After a few years our Unit will once again host the Fishing Rally to be held at the beautiful

### Loon Bay Resort

on Sheridan Lake. The dates for the Rally are Sunday, August 28th to Sunday, September 4th. Fishing at this time is usually good and the weather warmer than some of our previous Fishing Rallies where snow was common.

So far I have secured twelve sites, eight with full hookups and four with power and water. More sites may come available and there are some no service sites we could use. We will also have the same double camping site to use as our common area for Happy Hours and Campfires.

For those who would like to attend please follow these instructions:

- Contact me by Email if you are attending - [halliwell4840@telus.net](mailto:halliwell4840@telus.net) with
- Trailer size
- Number of persons in your unit
- Will you need easy access to the social site
- Dates you are attending the Rally (hopefully all)

Do not contact the Resort until you are advised a site has been assigned to you. You will be contacted with a site # and then asked to call the Resort and place a deposit.

We are looking forward to a Great Fishing Rally and of course the Legendary **Loon Saloon** will be open.

Your Hosts,

**Bob and Gayle Halliwell**

# FUN ON THE MEXICAN CARAVAN

As reported by Janet Soucy and Paul Wheeler  
From emails dated March 5th and 6th

Hola

We arrived in Mazatlan eight days ago! We took the Baja Ferry Across from the Baja peninsula to Mazatlan. We were escorted to our campground by the Green Angels. For locals on the highways, the Green Angel service is free for anyone who may require their service (flat tire, breakdown etc..) They are hired to escort us from one campground to the next!

We arrived in our campground Barakas which is moments away from the beach and near the hotel Riu. We stayed here on our first Airstream Caravan three years ago. Loved going for early walks on the beach!

Our Saturday, we were on a pulmonia city tour and Sunday to El Noria, El Quelite and a tequila tasting.

Monday was a day of rest, yet, we had ordered jugs of water in, laundry pick up, propane to be filled up and just chilling. We met up with our friends from our home park for dinner. They're in Mazatlan for five months.

Tuesday was the Mardi Gras parade. We had a buffet lunch midday at the hotel then sat in our private seating on the deck in front of the hotel! We were above the crowd, looking down and looking straight

ahead when the parade drove by!

The floats were quite phenomenal with some quite tall and towering over us! The parade wrapped up about 9:00pm and we had vans waiting for us at the back door to take us home!

Full day, yet, a fun day!

Yesterday, we left Mazatlan and we drove North about 80km to a small place called Celestino Gaza. Family run campground located on the beach! Our host/owner Noe is fabulous! From guiding us into our camping spots, to telling us everything we would like to know about this place. He organized his family make shrimp burritos for us last night. Tonight, we have a campfire on the beach and this morning majority of us will walk down the beach for breakfast!

We're here until Wednesday and then we continue our drive North towards El Feurte. (Train to the Copper Canyon) Twenty more days of our fifty-eight day caravan, it goes by ever so quickly!

Looks like a gorgeous day today, take care everyone ...

Why not carry your old expired Blue Beret magazines with you when you travel? There are future members all over North American and Europe who would love to enjoy the Wally Byam Airstream Club lifestyle. Many owners (new and old) don't know of the club and a dust-collecting Blue Beret may be just the incentive to join us.

*Tom Akam maintains on his computer an up-to-date alphabetical roster, a list of updates (corrections, additions and deletions) and separate rosters for (1) the Interior/Okanagan, (2) the Islands and (3) the United States. My name is Stuart Robson and I am BC Unit's Beverley Robson's brother. We live on a farm in Chilliwack, BC and have 3 full-service RV pads that we have placed in a yard adjacent to our main farmyard. All 3 pads have city water, septic hookups and power hookups (2x30 amp and 1x50 amp). The yard is nicely kept and it has 360 degree panoramic mountain views. We are interested in renting them out to BCAC members. Well-behaved pets welcome. Call for rates and availability.
