(Unidentified volunteers are from either the Friends of Pinchot group or the Environmental Insurance group.)

Hello everyone!

We had a great **Spring Volunteer Rally** this past weekend at Gifford Pinchot State Park. We had 14 total volunteers from the club with 6 trailers. This wasn't a large group, but that doesn't mean we didn't have fun! It was great to meet our new members Audrey and Gary Weiland and get to know Barb & Tim Palmer as well as little Murphy. We had a great happy hour on Friday evening, and in airstream rally tradition we had a ton of food. From ham pot pie to burgers & dogs to pasta. Saturday we met the Friends of Pinchot group at the Conewago Day use area and helped plant 6 trees. These varied in type such as Red Oak, White Oak, American Hornbeam & Service Berry. This consisted of digging the hole, placing the tree and refilling the hole, covering with mulch and staking the tree so they remain straight & adding water. Once that was completed, we went to the Boat Mooring #3 and cleared some overgrown brush along the Lakeside Trail and picked up some trash. We also learned what garlic mustard is and that it is an invasive plant, so if we saw this, we pulled it. Some members then hiked other trails and collected trash and pulled garlic mustard and others kayaked the lake.

Beth & I hiked the Gravel Trail. Along this trail you can see remaining cement pillars from a toboggan sled track. When we got back we did some research about this: www.ydr.com/story/opinion/columnists/2016/08/16/remember-toboggan-run-pinchot-park-column/88444160/ and bilb.owden.blogspot.com/2012/02/tobogganing-at-pinchot-state-park.html

Saturday evening we held a pot-luck dinner. Again, we had enough food to feed half of the campground. We enjoyed a nice campfire and enjoyed each other's company sharing stories and tips. Sunday was so warm and gorgeous, we enjoyed just sitting and relaxing. We had the opportunity to chat with some members before they departed, but we were in no hurry as we were a total of 10 minutes from our house. We could get used to that travel time home! It was a really nice weekend with a lot of great people!

We are looking forward to seeing everyone at the can opener rally at **Lum's Pond** the weekend of May 13th! Thank you again to everyone that was able to volunteer your time and help the Friends of Pinchot group, they really appreciated us being there helping them. Even if you were unable to help plant trees, it was a great time together camping!

Karl Schubert, #13305
 karlschubert1985@gmail.com

Shout out to our President!

Once we planted the trees at Pinchot the gator bags that went around them (allows water to slowly trickle around the tree) needed filled with water. They held 15 gallons each. The group had planned to fill buckets and cart them to each tree. After filling one or two buckets we realized this was going to take awhile and the buckets were getting heavy quickly. Since we live nearby, Karl had the idea to use the fire company brush truck for our community service and help fill the bags with water. So, after getting permissions quickly, Karl used the Wellsville Fire Company brush truck and filled the gator bags of the six trees. This saved us so much time and all of our backs. We were all very appreciative of this. Plus it was perfect timing as it started to rain lightly as we were finishing. -Beth Schubert

Region 2 President

by *RJ Marquette*, President, Region 2

Hello, everyone! Spring is arriving, finally, and I hope you're getting your Airstreams out and about. Erica and I are looking forward to getting our trailer back on the road this spring. Our first trip is to the joint rally with several clubs at Lums Pond in May.

We're busy with planning the Region 2 Rally and looking forward to it. Depending on when you read this, there's probably still time to sign up! The rally is May 19-22, in Harrington, Delaware. More info is available on the website: airstreamclub.org/region2/2022-region-2-rally If you've already registered, you should have received an email message from me around April 17 (or after you registered, if it was after the 17th). If you didn't get that email, please contact me at region2president@wbcci.net.

I know a lot of you are going to Fryeburg, Maine for the International Rally - it's less than 3 months away! Region 2 First Vice President Gary Russo (#1061) is working with a caterer for the Region 2 Luncheon. More information will be coming soon.

I just finished a day of working on the restoration of our Airstream B190 motorhome. I've managed to remove the cabinets and am now ready to remove the interior walls and ceiling. There's a long way to go, but at least there is progress. It'll make its way back to the road someday.

I'll see you down the road!

How Can I Become More Involved in my Club?

Central PA Airstream Club welcomes you to the group. Each monthly newsletter includes upcoming rally dates and locations, news from your unit and region presidents, timely stories, travel articles, and more. How does this all happen? And as a club member, what can you do to get the most out of your membership?

- Attend a rally: Meet up with like-minded Airstream enthusiasts and explore our region.
- Plan a rally: Have an idea for a great location to hold a rally or gathering? Talk with someone on the board to learn more about the process.
- Plan something for the club OTHER than a rally: Like to bowl? Hike? Cook? Read? How about a virtual book club for Airstream travelers? How about ax throwing?! How about a distillery tour?
- Submit an article, topic, news bits, or photos to this newsletter. Your editor is always on the lookout for exciting content to share. Send it over!
- Take a leadership role: Check out page 2 of this newsletter... see all those names? They are the people that make the club tick. Contact any of them to become more involved and share your ideas!
- Airstream people like to talk about Airstreams. Share your technological advice, upgrades, problems and fixes, and reviews. We learn from each other!
- Have you had travel experience on a larger scale, perhaps a caravan journey? Consider sharing your trip with the club via Zoom or in person at a rally.
- Take a look at the overall structure of the clubs, from local groups through International. If you have a skill set that you feel would benefit any of those levels of engagement, make yourself known and share your abilities.
- Finally, take pleasure in our camaraderie and connections via our Central Penn Airstream Club!

Our Winter, 2021-2022

by Joan and Bill Bucher

After cleaning out houses and dealing with auctions for my Mom who passed January 10, 2021, and Bill's brother who passed July 10, 2021, we headed south November 14, 2021. We are going to **Land Yacht Harbor (LYH)**, Site g2 in Melbourne, FL. We stayed home last year to take care of my Mom.

Bill likes to leave at sun up and drive about 350 miles a day and get a campground before 3 pm. Doing that, it takes us 3 days to get to Florida. We stop and fuel at Flying J's along the way and Bill can get a hot dog, sometimes before 9 am. We like to stop at the states' Welcome Center to get new

maps and literature. I always have a map and the book *The Next*

Exit on my lap. I highlight the route as we go too, that way we know where we are in the state.

We like to camp in Brunswick, GA for the final night. Then it is only 230 miles to go. We arrived at Land Yacht Harbor, Tuesday, November 16, 2021, around 11:30 am after a stop at Cracker Barrel. The weather the whole way was dry road and blue skies, (thanks Mom). Now the work begins to back in, unhook and unload our shed and suburban. Many folks stopped and welcomed us back.

We walk the over 300 sites in the morning and evening. Our route takes us past every site. Bill started picking up trash and palm tree droppings. He used a pick stick and bucket. At LYH we have a junk trailer. It is free to put items you no longer want in and free to take out what you might need. Years ago they would throw away old satellite dishes. Bill suggested I paint seasons on them. That started it. This year I was very busy doing special dishes for folks with their names and/or Airstreams. They put them in front of their site so you know who lives there. Bill also cuts out my future painting projects with his scroll saw. He was proud of the double hamburger.

Bill likes anything with wheels so we left LYH and stayed at **Highlands Hammock State Park** for one night. We walked the trails in the old growth hammock trees. We enjoyed the company of another Airstream couple, Mark and Karen Kruer from Indiana. Airstreams seek out Airstreams.

The next morning we headed for **Florida Flywheelers** in Fort Meade, FL where we camped for four days. This **Antique Engine and Tractor Show** featured John Deere this year. They have a village with over 80 cute little houses with their collections, wedding gowns, dolls, ice cream scoops, etc., a snow engine demo, tractor parade, sawmill, Model T assembly, antique cars and over 30 acres of vendors and flea market (my favorite place). Yes, and ice cream too.

We returned to LYH until Sunday, April 3, 2022 then we loaded up and headed

north. We made it to Walterboro, SC the first night. It was too cold to go home so we took a detour to Myrtle Beach, SC, staying five nights at the last site at **Ocean Lakes Family Campground**, site 3120. We walked the beach at sunrise and I walked again in evening. Daily we went to **Brookgreen Gardens**, only 12 miles away. The tickets are good for seven days. The azaleas were at their peak. Every day we saw something new. This is a great garden gifted from Archer and Anna Huntington. Anna Huntington's sculptures are on display... most are animals in action. They also have a zoo, eateries, boat rides through the rice fields, and a holiday cottage. They were setting up for a wedding that weekend.

We left **Myrtle Beach, SC** Saturday, April 9th and arrived at Emporia, VA. The campground is transferring from Jellystone to a KOA. This campground is only 253 miles from home. After a stop at McDonald's in Thurmont, MD, we arrived safely home Sunday, April 10, 2022 around 11 am. Now it's time to unload the Airstream and the Suburban, rake leaves, mow...

AIRSTREAM LAND YACHTING—THE BETTER WAY TO TRAVEL

THE FUN WAY TO TRAVEL

Want to relax on a sun-drenched Florida beach? Or maybe you'd prefer the majestic Canadian Rockies or quaint Old Mexico. Perhaps you know a road somewhere you'd like to follow to the end. It's all the same with an Airstream Land Yacht... good beds, bathroom, hot and cold water, refrigeration, heat and light independent of outside sources wherever you go. Road voyaging with an Airstream means real travel independence—no time-tables, tickets, packing. It's the exciting, better way to travel here in North America or anywhere in the world.

MORE TRAVEL PLEASURE! **GO** MORE TRAVEL LUXURY! **AIRSTREAM**

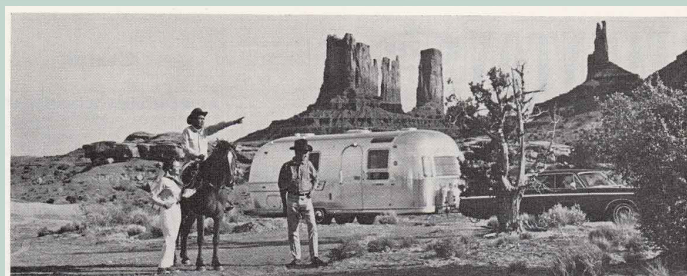

There are many things you should know before you invest in a travel trailer. Airstream was engineered to go anywhere your car can go. In fact, if your car can get there without a trailer, it can get there with the original Airstream concept... a lightweight, but super-strong all-aluminum fuselage mounted on a steel chassis. Actually 66% of an Airstream's total weight is below the floor line. This extremely low center of gravity along with the remarkable Dura-Torque axle gives Airstream unbelievable towing characteristics. And of course, every Airstream is totally self-contained with all the comforts of home — and everything works whether you're hooked up or not. There is something else you should know. Airstream offers you more than a superior travel trailer. Airstream offers you the opportunity to share in the fun, friendship and high adventure of Wally Byam Caravans to the most fascinating places in the world. So, before you make your purchase, remember... you're buying more than a trailer... you're buying a more meaningful way of life. And in today's world that's pretty important. See your Airstream dealer now. FREE! The Airstream Story, a fascinating 36-page color catalog.

AERODYNAMIC—LIGHTWEIGHT **AIRSTREAM 1978** MORE TRAVEL FUN—MORE TRAVEL ECONOMY!

The original Airstream travel trailer of the early thirties was designed for easy towing and fuel economy. It was all-aluminum, lightweight and aerodynamic. The 1978 Airstream is still all-aluminum, lightweight and aerodynamic for easy environmental living with today's lighter cars. Our purpose will always be to provide you with a means of travel that is practical, economical, spacious — and luxurious. Every Airstream is totally self-contained with heat, light, refrigeration, complete kitchen, complete bathroom — and everything works whether you're hooked up or not. Airstream and only Airstream offers you the opportunity to share in the fun and fellowship of Wally Byam Caravans that travel all over the world in their perennial search for high adventure. Your personal dreams of travel adventure have always been worthy of pursuit. In today's world that's pretty important. See your Airstream dealer today for terms for free color catalog.

TRAVEL IN LUXURY—GO AIRSTREAM!

An Airstream travel trailer on the back of your car means you can go anywhere in the world and live in first class luxury. You can sip iced tea in the steaming Congo or be warm as toast during a Russian blizzard. You can enjoy a bracing shower in the Mojave Desert or bake a pie in Yucatan. We know; we've done it. An Airstream is the most sophisticated recreational vehicle you can own. Heat, lights, gas, water, sanitation and refrigeration are all self-contained. An Airstream is remarkably lightweight yet incredibly strong, and can go anywhere your car can go. Here in America or overseas... Airstream is the only way to go!
