Things to do in the area:

There are over 250+ wineries to explore. A few favorites are Opolo, J Duci & Grey Wolf. There is also Sculpterra Winery (its off the beaten path), but the grounds are spectacular. Firestone brewery is also a favorite with many (bring your growlers to fill). A drive up to Cambria and/or San Simeon is also fun. The elephant seals are in San Simeon year round but Oct. thru May are the best months for viewing.

We might plan a group wine  tasting at one of the wineries. More information to follow.
