## *President's Message—June 2022*

A few updates on our travels and club business

### Region 9 Rally

Ginger and I had a great time at this year's Region 9 rally. I am proud to say that THLAC was well represented at the rally. A lunch was held for all THLAC members and affiliates at Kitchen's Hardware and Deli, Mineola, Texas. Bill Miller, Region 9 President, Nancy Fitzgerald, Region 9 1st Vice President and Karen Fisher, WBCCI 3rd Vice President were also in attendance at the lunch. Region 9 President Bill Miller stated that Region 9 was growing and that THLAC was leading the pack with 18 new members in the first quarter of 2022.

### International Rally in Fryeburg, Maine

We are also preparing for our trip to the International Rally in Fryeburg, Maine. It seems like on these long trips there is never enough room in the back of the truck for everything you "think" you need to bring. Ginger and I have not travelled up the north-east coast, so if you have any recommendations on things we must see along the way or places we must eat at, forward me an email.

I will be planning a lunch in Fryeburg for all THLAC members who attend the rally - so watch your emails.

### Newbie Rallies

The Newbie Rally event and format was discussed at the Region 9 rally. Several of the Region 9 Officers and other attendees were impressed with what THLAC has been able to accomplish. All the credit goes to Peter and Carol Sajovich for putting this program together and seeing it through for inception to an actual event. Peter, Carol, thanks for all your hard work.

I hope everyone has a safe summer and that your travels will take you where you have never been. See you in September at the Waco rally!

Sincerely,

Steve Zeringue

THLAC President

# Memory Lane

Memories of Myron and Kathryn Fischer in the THLU

May 13, 2022

Our passion with the Airstream product started in the mid 80's with the purchase of a 1973 Argosy. We kept it for several years and sold it when our daughters were in their teens. Then in the early 90's, I was approaching retirement and found a 1981 Airstream, 31' in Waxahatche. We bought it and had it delivered since at that point I did not have a tow vehicle. I retired in 1993 and by that time, we had bought a 1992 Dodge Diesel- ¾ ton truck. This began our Airstream journey.

We traveled several years prior to joining WBCCI, we joined in July of 1997. The THLU in Austin was not aggressive in getting members to join so I called WBCCI headquarters and they told me who to call in Austin. I called a lady who was the membership chairman of the Texas Highland Lakes Unit and she invited us to their monthly luncheon. As we were in our late 50's, we thought these folks were awfully old but decided to join at their next monthly luncheon. Don Bachman signed us up and he and his wife became our good friends. We missed going to the 1st year International which was in Boise, Idaho due to Kathryn's father being very ill who died in 1998.

However WBCCI sponsored an Alaska cruise that year so we joined our fellow THLU members and went on this cruise. There were about 600 Airstreamers on this trip. We joined 4 couples from our unit, Don and Betty Bachman, Cal and Barbara Rueping, Bob and Muriel Strange and Lillo and Jackie Etheredge and had a great time. We got to know them very well and that began our 25 year friendship with the THLU. After being in the club less than a year, I was talked into being an officer in the club. At this time we may have had 30-35 unit members and by that I mean rigs or couples. I ended up as President in 2000-2001 and that year we had 35 rigs. At Region 9 that year I had 60% of our membership at the Waco Region 9 Rally, It was a great year except for 911. We had led a Caravan to Ruidoso in September and after we got there, 911 happened. This dampened our Spirits but we continued to grow as a club.

In 2003, we hosted the first Vintage Rally on our 3 acre place and it began the 10 years of THLU hosting this rally. Our funds for the club were limited as we were relying on unit dues to keep us out of the red. It was obvious that was not working and I introduced advertising for our club as a means of raising funds to operate on. Camper Clinic in Buda was our first big contributor at \$450.00 a year and later the Manager at Camper Clinic raised that to \$500.00. I still have the letter where I checked with WBCCI Headquarters to get permission to do this and they said as long as you do not exceed \$1,000. per year you would not get in trouble with IRS. There were times that the Treasurer told the campground that we just had a rally and to hold the check until Monday or Tuesday of the next week so that we could make a deposit to cover our expenses. I served in different positions in the THLU Unit, ie Membership Chair, 1st VP, 2nd VP, President, Treasurer and then at Region 9, I served as Treasurer and at International I served as International Treasurer.

We took 10 plus caravans, numbered and unnumbered over the years and have made many friends. We have courtesy parking and this keeps us alive with an Airstream parking in our back yard from time to time. In 1994 we bought our 1st New Airstream from the RV Show in Austin at the convention center from the local dealer who was at that time located on Hwy 290 West.. Then 10 years later we bought our second new Airstream from Camper Clinic in Buda, it was a 2004 Airstream Limited 30' and we logged 145,000 miles on that one. We sold that Airstream in November of 2020 to some friends of ours and sold my truck several months later again to some friends of ours.

Over these 25 years we have made many dear friends and have so many good memories which are precious. Remember we have courtesy parking for anyone in the future. Texas Highland Lakes Unit which has now changed their name to Texas Highland Lakes Airstream Club is still prospering and I understand is the largest club in the United States. This is due to good leadership. Kathryn and I hope for the very best for our club and keep the shiny side up and enjoy your Airstream. We hope for the very best for all the Airstream Clubs and WBCCI International.

We didn't realize  
we were making  
memories, we just  
knew we were  
having fun

# **THLAC Waco Rally**

## **Airport Park, Waco Lake Campground, US Corps**

### **Sept. 29 – Oct 2, 2022**

The THLAC Waco Rally dates have been changed to Thursday, September 29 –Sunday, October 2, 2022. (Please note the date change). Due to the current US Corps reservation policy, THLAC could not book a block of sites for this rally (the maximum is 4 sites per person). So, if you are planning on attending this rally, you will need to make your own reservation. Plan on booking early; the sites fill up fast.

The park has 46 sites with 50-amp electric and water hookups - 22 of these also have sewer hookups. The current price per night is around \$28. You may use your National Parks Senior Pass for discounted camping fees since you are booking individually. I recommend that you book your site within the next few weeks if you plan to attend the Waco rally.

#### About the Area

Airport Park is located in Waco, Texas, on Lake Waco. Current rally plans are to tour the Mammoth Dig, visit the Homestead Heritage, tour the Dr. Pepper and the Texas Ranger Museums, and shop at Magnolia Market. (the park is 10 miles from Magnolia Market). More information and a rally agenda about this event will be coming out as the rally dates get closer

#### So how do I register?

Search for “Airport Park, Waco Lake – recreation.gov” on your computer. You may search for a campsite under the heading “Campsite List.” Use the map to help you see where your site is located. There are still a few available .

Then once you’ve booked your campsite, RSVP through Constant Contact. Debbie Trimble, THLAC Webmaster, has sent out an invitation with rally registration information. If you missed the message, contact her at [debbst@gmail.com](mailto:debbst@gmail.com) to request a copy.

Contact for this rally is Steve Zeringue - Email: [gszeringue@gmail.com](mailto:gszeringue@gmail.com)

Airstream of Austin / Camper Clinic - Update

On May 19th, I visited Camper Clinic and took Abel Gonzalez to lunch. Looks like the opening of the new Airstream facility has been delayed to July 1st but it certainly looks like they are making progress.

I learned that the official name of the new dealership has not been finalized, however Abel was told NOT to order any further shirts with the Camper Clinic II logo.

Keep in mind the actual location of the facility is in the City of Buda, so don't know if they will be able to put their new name Airstream of Austin on the building?

After the new building is finished, all sales personal will move into the new facility until their new RV One Super Center is built, at which time there will be a complete separation between Airstreams and all other boxes.

One other item of interest, RV One has purchased 4 or 5 more Airstream dealerships. They now own 9 Airstream dealerships making them the largest Airstream dealers in the country.

During lunch, Abel and I discussed new concepts for holding one day Orientation / Workshops and / or combining the existing weekend workshops with several other dealerships throughout Texas.

## New Owner Workshop - NTAC

We held another weekend workshop at NTAC on May 6th, 7th & 8th. We had seven new Airstream owners present everyone had a great time and once again our club is truly an eye opener for new purchasers who attend.

Special thanks go out to Jim & Janie Haddaway, Art Braud and Steve & Georgina Woodward of North Texas Airstream Club for helping put this event together. They were all present at our barbecue dinner Friday afternoon and Saturday evening when we take the entire group out for dinner.

**If you're going to the International Rally at Fryeburg:**

Would you consider either volunteering for a couple of hours at the Red Cross booth or donating blood? Our North Texas Airstream Club has offered to support Scott Graham from the Heart of Texas Camping Unit by helping staff the blood drive on Tuesday, July 26th (location at the Fairgrounds to be announced). Please either respond to this email or call David at 214-244-1258 if you would consider helping out for an hour or two that Tuesday. Don't worry--the professionals will be drawing blood. We just need help checking in donors, handing out paperwork, juice, etc. For donating blood, you can make an appointment ahead of time (and complete a short questionnaire) at [RedCrossBlood.org](http://RedCrossBlood.org) with the Sponsor Code "AIRSTREAM."

Thank you for considering!

# Region 9 News

From Nancy Fitzgerald, Region 9 First Vice President

Hello THLAC Members,

I just wanted to touch base with you about a few upcoming Region 9 events. Have you purchased your luncheon ticket(s) for the **Region 9 Luncheon at International** for July 24th from 11:30 – 1:30? Tickets are \$20 each and can be purchased online until July 8th at the Region 9 webpage ([airstreamclub.org/Region-9](http://airstreamclub.org/Region-9)). We must provide a head count to the caterers in advance so please do not wait and try to purchase tickets at the door! When you arrive at Fryeburg, look for our Region 9 Information Table. Allana Patterson from NTxAC is organizing our display and will have information about where and when we will gather for our Region 9 Social Hour during International. Please bring any flyers or information that THLAC would like to share with other local clubs about upcoming events. It is our designated Region 9 Information Table so look for it in the check-in area the first few days of International.

Philip Vasquez, Region 9 Second VP is busy planning another one-of-a-kind Region Rally. He is working with the Oklahoma Airstream Club and wants you to SAVE THE DATE. September 29- October 2, 2022, we are streaming to Bartlesville, OK for a celebration of iconic American design. We will boondock around the Price Tower, built in 1956 and designed by Frank Lloyd Wright. Philip, together with Oklahoma Airstream Club, is planning many fun and historical events that juxtapose FLW and Wally Byam. Look for email information about sign up from Philip this summer.

The successful Mardi Gras! Galveston Rally will happen again. It is set for February 9-12, 2023. Once again, we will line the parade route in front of the famous Tremont Hotel. Registration will open this summer as soon as details are worked out with Yaga Entertainment, Co.

Finally, I want you to SAVE THE DATE for the 2023 Region 9 Rally. The details are not finalized, but the dates are March 28-April 2. As soon as the Region 9 Leadership Team has a chance to discuss the proposed site, we will share with you. I promise it will be an event that has something for everyone. Good times ahead in Region 9!

Membership Committee Chair	Amy VanArtsdalen	Heart of Texas Camping Unit
Region 9 Webmaster	Tom Bundy	Greater Houston Airstream Club

The Region 9 Rally held in Mineola, Texas April 26-May 1 was a welcome opportunity for Airstream friends across south Texas to get together after two years without a region rally. The rally began with a Taco Dinner Bar hosted by the Greater Houston Airstream Club and Heart of Texas Camping Unit. The next morning's breakfast by the Blackstone Bunch from the Texas Gulf Coast Unit was excellent and started off a day of exciting seminars, round table discussions and music around the campfire led by Steve Turley and John Van Artsdalen. On Cook Off Day, Grady & Keith Ferry (THLAC) organized a Dutch Oven Cook-Off. The winning entry of sticky buns was made by Jim & JoAnn Schultz (GHAC). Our own Ginger & Steve Zeringue participated in the Chili Cook-Off. Their chili was amazing but competition was stiff. Tom Bundy (GHAC) won the People's Choice award. Richard Espinosa had the most original recipe and Anna Brandon had the hottest chili ever made! Other activities included a golf outing, side-walk sale, and quilting experience to a local fabric store.

**Dear Rivet, I am going on a six week caravan this summer. Do you have any packing advice?**  
**Overloaded**

**Dear Overloaded, I sure do! Remember less is more and follow these tips.**

**Choose clothing items that you can mix and match** so they can be worn with anything you brought. Shirts in neutral colors like white, black and tan are likely to match with almost any bottoms. Just remember that darker colors provide more sun protection. If you are traveling during the warmer months, be sure to bring clothing made of lighter fabric, such as a poly blend, which is easily packable, durable, and dries quickly. During cold months, plan on layering.

**Pack a week in advance to keep from panicking the night before your trip.** This will give you enough time to make a trip to the store if you are missing something.

**Spread out everything you are planning to bring onto your floor.** Having all the items you're packing in front of you visually may even help you make some eliminations saving valuable room in your rig. Analyze each item individually to determine the likelihood of using it during your trip, Do ample research on the destination so you're fully aware of what you will and won't need once you arrive. Talk to friends who have been to the place you're visiting and see if they have any recommendations for what to bring.

**Learn how to pack clothing items efficiently.** This will maximize space and minimize wrinkles. Rather than folding clothes the way you typically would, rolling shirts and pairs of pants make them easier to cram into every free nook and cranny. Don't worry, they'll be wrinkle-free when you do take them out to wear. To roll shirts, fold them in half and place the sleeves onto the body. Begin rolling. With pants just simply fold them in half with the back pockets touching, and roll from either end, making sure not to form any creases. To maximize space you can stick the rolled items into a compression bag, available at most travel stores. This saves room by eliminating the air between clothing.

**Bring only a few pairs of shoes.** Bring two pairs of comfortable walking shoes / athletic shoes, a pair of flip flops (for shared shower facilities), a pair of hiking boots and a pair of dress shoes /going out shoes. If you find yourself packing more shoes, be ruthless and decide if you really need them! They take up a lot of space.

**Pack waterproof shoes/boots and a rain jacket** that can also double as your regular walking shoes and coat. This means you won't have to waste any extra space for your rain gear, but will still be equipped should it start to drizzle.

**Be sure to remember these items.** A hat or sun visor, bandana/scarf, swimsuit & beach towels, cashmere wrap for the ladies, and a jacket together with a warm hat & gloves for unexpected chilly weather. Finally, long underwear for really chilly weather.

For the first time in almost a quarter-century, the Irwins are without an Airstream. The first potential buyer committed the next day, wired the payment the next morning, and left for Tulsa that day. Losing my Airstream and simply putting cash in savings was not very satisfying, so I sold my BMW and now drive a new electric Polestar.

**The folks of THLAC will miss traveling with the Irwins. We wish John and Kay the very best.**

We enjoyed most of May down in Laferia. The Heinolds and Blakeys joined us for four days. Our activities included visiting the Iwo Jima monument, a trip to Progreso, Mexico, seeing Space X, fishing in the bay, and visiting a local nursery. Indeed, we enjoyed seafood and Mexican food.

We are on the Canadian Rockies, which runs from June 21 to July 15. Stops on the way up include Bighorn National Forest in North Central Wyoming and Billings, Montana. We will spend a couple of days in Cody, Wyoming, and at Mount Rushmore in South Dakota on the way home. Wishing everyone safe traveling and lots of fun, Debbie and Rick Trimble

Golden State Caravan Brian and Nancy Powers - we are on this new caravan since 4/25. This caravan started in the desert of Borrego Springs, CA and will end north of San Francisco. The sites are beautiful from The Dell Coronado, to having lunch under Air Force One at the Reagan Library, Catalina Island, Hearst Castle, Yosemite, Sequoia National Park and right now we are in Lake Tahoe. Such a fantastic introduction to the many climates of California. From the desert to the snow covered mountains. Last stop will be San Francisco and wine country. Highly recommend this caravan.

It is official, I am retired as of 30 April. I was presented with several awards, certificates, and two more commander coins to add to my collection of 21 coins and awards over my career. The biggest honor was being presented the United States of America flag that was flown over the United States Capitol on March 1, 2022 at the request of the Honorable John Cornyn, United States Senator in honor of my retirement and 37 years of loyal service. The second biggest honor was the Distinguished Career Service Award. It was a great day with many more great days to come as I Airstream across the world with my loving husband.

My wife Judy and I are new to the Highland Lakes Airstream Club. We purchased a 2022 Globetrotter at the end of February and are enjoying our extra room. We previously had a 2015 Airstream Interstate Lounge. We have towed our rig over 1000 miles now and just got back from a week trip. We spent 5 days at Inks Lake State Park and then moved over to Dripping Springs Tx now for a 2 night stay at Stardust Luxury Airstream Resort with 10 other Airstream owners. The resort has 5 Airstream trailers and 3 are for rent so there was a row of 15 Airstreams. We were the first to dry run the new spots that were full hook ups. The resort will not officially open until later on this year. The owner hopes to open up by September. We are looking forward to seeing everyone at the Airport Park gathering later this year. I am attaching some photos of our trip.

Enjoying Retirement,

Here are some travel plans for the newsletter:

Steve and Cheryl Turley will be off to the inaugural Grapes & Grains Intra-club rally in Bardstown, KY from June 2nd through the 5th. Their travels will take them through Arkansas, Tennessee and Kentucky, with a stopover in Paducah to visit the National Quilt Museum. At the Grapes & Grains Rally, they will visit several Bourbon distilleries along the Kentucky Bourbon Trail. They are looking forward to meeting new and old friends during the rally and perhaps a bit of “sampling” during the tours. And definitely happy ours!

After the conclusion of the rally, they will head west on I-70 towards Denver, CO, with a stopover in Abilene, KS. Visits to Ike’s boyhood home and Old Abilene western town are on the menu. While in Denver, Steve and Cheryl will visit Estes Park, Rocky Mountain National Park, Pikes Peak, Manitou Springs and Garden of the Gods. They will then head south through Raton Pass back towards the Texas Panhandle and home to good old College Station. They will be sure to post pictures along the way!

Hi THLAC Froemds.

We’ve really made Washington State home! We’ve been blessed to have our oldest son and granddaughter live with us while they’re looking for a new home in Washington. Our middle son and his family have been able to visit often as well. We’ve made great friends at Church and in Region 10, and have fully settled in. Sailing in summer; snow skiing in winter are two of our favorite activities. Below are photos of a: sailing trip sunset on Sucia Island, lunch stop while camping in Montana, and family Christmas trip to Leavenworth (including Ed’s mom).

This summer we’ll be attending the: Region 10 Rally in Lynden, WA, Splash Rally along the Skagit River at Steelhead Park, and Cascadia Caravan through Idaho, Washington, and Oregon. We name our vehicles, and our new (to us) Flying Cloud is Shiloh. We bought an Indian Chieftain motorcycle last winter and two kayaks this spring, and are looking forward to summer weekend rides and trips throughout Washington and the San Juan Islands. We really are loving all the outdoors affords here; and, again, have really found a wonderful home!

## Bob & Julie Anderson

---

Bob and I are on the back end of a month long trip. Have reached the apex from Austin to Theodore Roosevelt National Park. We've stayed at Caprock And Palo Duro Canyon State parks and Great Sands National Park. Visited family in Denver and Lake McConaghy in Ogallala, Nebraska. Incredible stay in the South Dakota Black Hills and Badlands National Park. Now at Theodore Roosevelt Np. Will weave our way home through Wyoming and back down.

Photos of Sylvan Lake near Hill City, South Dakota and our campsite at Sully's Creek State Park in Medora, North Dakota.

I'm at the Marfa Yacht Club for May making my way to Joshua Tree via the Grand Canyon. Just ordered a Starlink for the trip.

Hey all you cowpersons getting ready for West of the Pecos. We have been busy getting ready to show you the best of this dusty, wondrous area. If you haven't been here, or if you have been here a thousand times, it's still a jaw dropping experience. We have some questionnaires coming that will further enhance your experience, so be ready to complete and return. A complete itinerary will be sent end of summer. If you have any questions, contact Debbie Trimble at [debbst@gmail.com](mailto:debbst@gmail.com)
