

Welcome to the 2023 Oregon Airstream Club Rally Handbook

We hope the OAC rally handbook is a useful resource as you plan for the 2023 camping season. This year we are making the handbook available in two formats, as a printed booklet mailed to all members home address and new this year published online as an interactive, and downloadable PDF. The online version will be updated throughout the year as rally details are finalized and new rallies are added.

OAC rallies are spread across the state of Oregon and will also include several rallies that will be held in Washington. We'll also have a few caravans heading to the Airstream Club International Rally in Rock Springs, WY.

We've found new places to rally where we've never explored before and there are rally locations that are favorites that we enjoy year after year. Some rallies are longer, while others are an extended weekend. There are a few back-to-back rallies, so you can attend multiples and camp longer. And there are also rallies that overlap, this is due to of the size of our vibrant club and engaged membership.

We have included at RV resorts with full hookups and other amenities to enjoy; cozy camping at state and county parks; and boondocking rallies where we rough it...just a little.

We think there is something for everyone and hope that you enjoy perusing what we have planned for 2023.

Registration

Rally registration will take place online via the Oregon Airstream Club website starting in January. Members will be emailed in advance with date and time detail on when 2023 rally registrations open. As a thank you, hosts / co-hosts will be allowed to register the day before registration opens to our full membership. Only host / co-host registrations will be accepted the day before general registration.

To register online go to:

- <https://airstreamclub.org/oregon>
- Scroll down and click on orange “Oregon Airstream Club Events” button
- Rallies will be displayed in date order
- Click on any rally to view event web page
- When registration is open a “Register Online Here” button will appear
- Complete the online registration form including type of payment. You’ll have the option to pay by credit card (via PayPal) or by check.

Preferred payment method is PayPal. A PayPal account is not required. If you pay for your registrations by check, please mail it directly to the OAC treasurer (Stacey Rovinelli, 13606 NW 42nd Ave, Vancouver, WA, 98685), not the rally host. After you register online you will be able to pay for multiple rallies with

one check. Enclose a note with your check detailing your rally registrations.

We will have a few rallies that will be confirmed and booked after the printed version of the rally handbook is distributed. Members will receive email notification with the details for these rallies and they will also be added to the website for registration.

Some rallies are very popular and fill quickly so don't delay. If the rally you want is full, please contact the host and ask to be placed on the waitlist. Often people on the waitlist secure spots, so don't be discouraged. We have provided the phone number and email of each rally host /co-host, feel free to reach out to them with questions or concerns.

Cancellation Policy

We get it, life happens, and things come up. For greatest clarity, here is the OAC rally cancellation policy.

If you cancel your registration for a rally and your cancellation causes OAC to incur any cost (full or partial), you will be responsible for paying that cost.

Each rally host will know the specific cancellation policies for each rally venue, and they are available to assist you in the event you need to cancel.

If you need to cancel, please do so as soon as possible so the rally host can work with those on the waitlist to fill your spot.

Please don't give your spot to someone else, on your own, as there are other members on the waitlist for that rally and the rally host will coordinate.

Our treasurer will be in contact with you for any refund.

Meals and Food

We've learned a lot living through a global pandemic. How we approach meals and food at rallies has changed as a result. Hosted meals are completely optional. The type and number of meals, if any, to be made available is decided by the rally host. Each host will decide on meals and prices for their meals. Meal costs are not included in your rally registration fee. Often hosts decide the rally meal plan closer to the rally date and you will hear from them directly with that information. Participation in meals is optional and any cost will be defined by the rally host. If you participate in any meals offered by your host, you will need to pay your host directly.
