Vol. XXXVIII-2

March 2023

Pub. McLouth KS.

Presidents Message: Spring is getting ready to come. The daylight hours are getting longer and the nights below freezing are getting fewer and farther apart. Before long we go on daylight saving time to fool us to thinking the days are actually longer. Where I live, the trees are starting to set on buds preparing for Spring. When I look at the forecasts the days are starting to get warmer and less nights in the 30's. With this type weather my camping boots are getting itchy to start Spring camping.

Before long it will be time for those who winterized their rig to dewinterize it and do Spring housekeeping chores. Hopefully, when you do this you don't find any of the dreaded leaks or that jar of something you forgot and it has frozen and made a mess.

Spring is a good time to do the routine maintenance outlined in your owner's manual to avoid problems when out camping, possibly ruining a camping trip and giving your Airstream a bad name -----Airstream.

The hosts for our first Rally, Mike and Joyce Allen, have been working hard this winter to set up this Rolling Rally to the Regional Rally in Sabetha, Ks. It is your job, as a member, to make reservations at the two stops on the way and for the Region Rally. Since the stops along the way are State Parks, they tend to be busy at times, so make reservations well in advance. As a courtesy, let the hosts know you are coming so they can plan the supplies they will need to get in advance.

Ready for the Airstream Camping Season! Rick

2023 Rallies
