## From the Unit President

by *Karl Schubert*, President, Central PA Airstream Club

*The Schubert Airstream... See you down the road!*

### Hello Club Members!

Here we are in November, the month of giving thanks. We are thankful for our Veterans, our right to vote, family, friends, our many blessings and of course this wonderful Airstream camping community. We had the wonderful opportunity to again camp at Little Buffalo State Park in Newport, PA during the Apple Festival.

Some members arrived early and helped with the set up and cleaning of the mill. Cracked corn was ground into corn meal and bagged so it could be sold during the festival. Beth helped at the merchandise table and I helped at the apple press, making cider. Samples were handed out of corn bread (made from corn meal ground at the mill), homemade apple butter (also for sale) & apple cider. When we were done with our shift, we enjoyed the festival and some of the events such as the blacksmith, craft vendors, falconry demos, rattlesnakes, live entertainment & good food. If you have never been to this mill, it is worth a visit. The 32-foot water wheel, weighing almost 7 tons and producing almost 40hp powers everything in the mill including the apple press, grindstones, corn sheller & flour sifter (or bowler). If you get the chance to go, ask for Mindy, she knows everything about the mill and is great! More coverage of the Apple Festival on page 8.

We held our club business meeting on October 30th. A big thank you to everyone who was able to attend either in person or virtually via Zoom.

A club is only as strong as its members!

**The following are the club officers voted in:**

President: Karl Schubert (will be serving 2nd year of 2 year position)

1st Vice President: Terry Hauschild

2nd Vice President: Elizabeth Schubert

Secretary: Karen Fable

Treasurer: Roxann Bare

1 Year Directors: Dan Bare, Carey Boland

2 Year Directors: Norm Fable, Tim Palmer

**Member Engagement**

Webmaster: Libby Trostle

Newsletter: Walt & Margaret Saylor

Membership: Michael Read

I am very grateful for all of our members, especially those who have stepped up to fill officer positions. By doing so, you have helped our club stay active and grow. Thank you!

Let's not forget to change our clocks back an hour and also change our smoke detector and carbon monoxide detector batteries!

I hope everyone has a very Happy Thanksgiving!

**Karl Schubert**

*-written with the assistance of our 1st Lady*

**Winterizing tip:** It's that time of year! As I have had to learn the hard way, I hope this tip can help you. Remember when winterizing your trailer, make sure you flush the toilet to get all of the water out. I forgot one year, and it froze and cracked. We had to replace our toilet, which turned into removing a wall (which was going to happen eventually with renovations), since a 6' grown man does not fit very well in between the toilet and wall of an Airstream to get to the fittings.

**Member News:**

**Thoughts and prayers for Carol Ober recovering from surgery.**

*From top to bottom: Camping at Little Buffalo State Park. Karl and Mike running the apple press for cider at the Little Buffalo Apple Festival. A falcon from the falconry demo during the Apple Festival.*

## News from the Region 2 President

by *RJ Marquette*, President, Region 2

Our camping season is winding down, unfortunately. Erica and I spent our last weekend of the season with the Metro New York Airstream Club at Croton Point Campground, just north of New York City. I've avoided talking about the club rallies we've attended, because I don't want to risk coming across as "reviewing" the rally or the club. The truth is that we've had a great time at every rally we've attended. Everyone I've met in the club has been extremely welcoming. If you haven't gone to a rally for a different club, please consider it - you'll meet great people and maybe get some new ideas for your own club.

We're working on the Region 2 rally with the Ontario Canada Airstream Club. The dates are June 2-6, 2023. The campground has agreed to start taking reservations after the beginning of the year, but we're working to see if we can open that sooner. They have set aside 100 sites for us at a reduced rate, and they'll extend the reduced rate for anyone coming early or staying late. The Ontario Airstream Club members are also researching food and entertainment options. We're going to have a great rally!

Thank you to Metro New York Airstream Club President Colleen Ahlers (#5505) for volunteering to become our new Region 2 Membership Chair. Colleen and her husband Jerry have been members of WBCCI for decades, and Colleen's enthusiasm for this role will complement International Membership Chair Cody Klingler's.

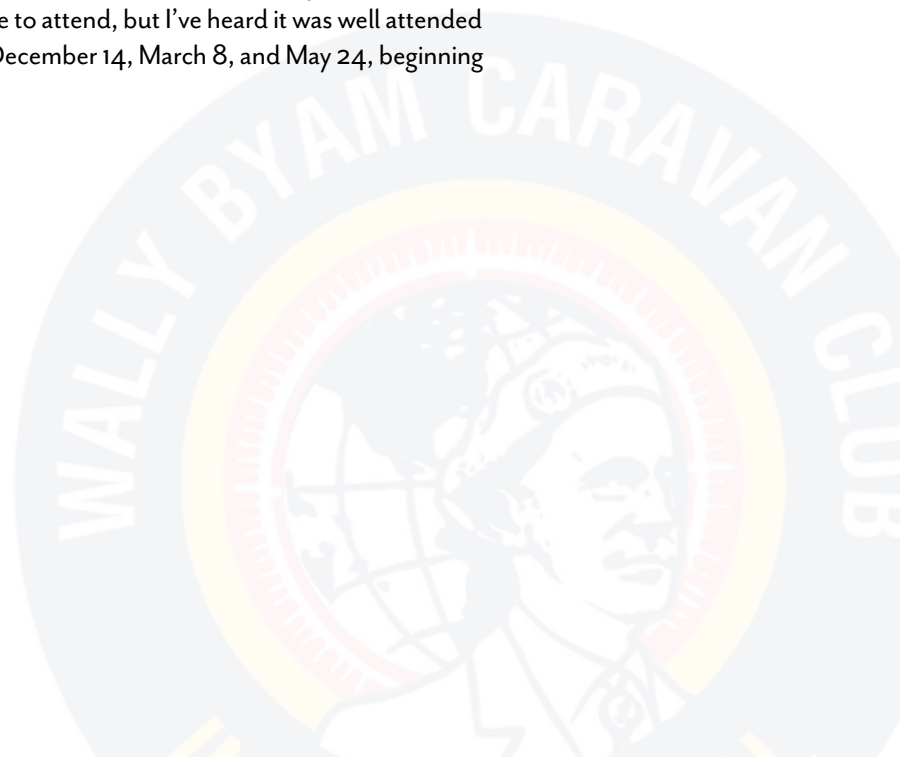

The 2024 International Rally date and location have been announced: October 5-11, 2024, in Sedalia, Missouri. Mark your calendars for the very first International rally held outside summer!

International President Eric McHenry and Office Manager Lori Plummer hosted a campfire chat recently answering questions about the club. I wasn't able to attend, but I've heard it was well attended and very informative. There are three more scheduled: December 14, March 8, and May 24, beginning at 7:00 pm Eastern.

Until next month...

**RJ Marquette, #13270**

## 2022 Board Installation Christmas Dinner

**When:** Sunday, December 11th,  
5:00-7:00 pm

**Where:** Catacombs Restaurant  
at Bube's Brewery,  
102 N. Market St,  
Mount Joy, PA 17552

**RSVP:** By November 27th  
to Karl Schubert,  
karlschubert1985@gmail.com

## Welcome New Members

by *Michael Read*, Immediate Past President & Membership Chair

Central Penn Airstream Club extends a warm welcome to our newest members and thanks our current members for timely renewals.

*Please welcome Elisabeth Moore and Scott Gartzke of Wellsville!*

We all hope to meet you at an upcoming event. If you have any questions feel free to contact any officer through the printed information in our newsletter. We would all be more than happy to answer any questions we can.

Again, welcome, and thank you for joining Central Pennsylvania Airstream Club #164.

Submit stories, travel notes, pictures, and advice to our *Silver Penny* newsletter editor/designer, Margaret Saylor, [saylor4@comcast.net](mailto:saylor4@comcast.net)

All members, please check out and join our Facebook group: **Central Penn Airstreamers** to touch base with some of our members and see our upcoming events.

Our webmaster is Libby Trostle, [libbyalictrostle@hotmail.com](mailto:libbyalictrostle@hotmail.com)

Our web page for the Airstream International Club is [airstreamclub.org](http://airstreamclub.org). There you will find a wealth of information. If you would like, you can create, add to, or update your membership profile. View membership benefits, upcoming events, along with any club information you would like.

## Membership Renewal Time

It's Membership Renewal Time for 2023!

Beginning September 3, 2022, go online to

[AirstreamClub.org](http://AirstreamClub.org)

to renew your Wally Byam Airstream Club membership for 2023 for all memberships or contact HQ at 937-596-5211.

cover story

# Greenwood Furnace State Park

by Michael and Jackie Read, ##12413

Jackie and I took a weekend trip to Greenwood Furnace State Park. We never knew about this little piece of Heaven hidden not far off RT-322. Most pass by the seemingly bland highway exit, 67B Bellville, on their way to Penn State.

This park is in the mountains of North Eastern Hunting County, in an area known as the Seven Mountains. A peaceful, secluded area right off route 305. The entrance to the park is on PA 305; a 10-minute drive west of Belleville or a 35-minute drive southeast of State College.

The Greenwood Forest was a community that flourished from 1834 until 1904. It was a 19th century iron furnace community. The park is small, covering 423 acres including a small but beautiful 6-acre lake that was originally dug for use by the furnace.

Greenwood Furnace State Park is surrounded by an 80,000-acre state forest name Roth Rock. The campground is small, 51 sites. One site being the host, two sites being handicap, one pull through site. All sites are water only. There is a two-position dump station at the entrance. Sites range from 20 foot to 40 foot, back in, actual length for many is 70 feet and 30 feet wide. Most sites are very level. Weekday rate is \$27 and the weekend rate is \$31. All except one handicap site are well crushed, compacted, stone with a picnic table and fire ring. All sites sit beautifully positioned in mature trees.

There is a center loop section that is pet friendly. In the center of the campground is a shower and restroom facility. Water stations are plentiful on all sections. Sites two, three, and four, are 50 amp the rest being 30 amp.

Keep Greenwood Furnace State Park Campground in mind for a last-minute destination to spend a couple days off the beaten path.

## rally report

# Little Buffalo State Park Apple Festival

by Michael Read, #12413

Finally we did it! Jackie and I have been trying for three years to volunteer our services at the Little Buffalo State Park Apple Festival. We signed up the last three years to participate, volunteer, and help at the Apple Festival. Held the second weekend of October. Every year we either had an emergency or a major disaster that we had to back out of attending. I became paranoid at this time of year expecting something to happen that would keep us away from the festival. But finally we were able to volunteer. The following is a couple sentences on our first impressions.

Several years ago Central Pennsylvania Airstream Club was in charge of volunteering for the State Park Apple Festival. My understanding is volunteers would work Friday and Saturday from beginning until it ended plus clean up. LCBC church is currently, and has been for the last couple years, in charge of volunteering, cleaning the mill, making apple cider, cornbread, and cornmeal for the festival. Marty, the lead organizer, has been doing a fantastic job. Each couple works two hours each day. Two hours on Saturday, two hours on Sunday. You are given a schedule for where and when you work. Stations are the sample table, the merchandise table, or work in and on the apple press making Cider. Working just two hours each day was actually very easy to do and very rewarding. Interacting with the public, work at a mill from the 1800s on equipment from that time and helping out the friends of little Buffalo State Park, was certainly rewarding.

What's in it for you? Free campsite at Little Buffalo State Park Campground, possibly from Thursday to Monday, if you would like. A roaring bonfire each evening, Friday pizza party for those who help just knock the cobwebs out of the mill, it is spotless otherwise. A potluck dinner Saturday night. And finally the feeling you get when you're helping an organization and a State Park not only to survive but thrive.

If you have helped out in the past, 10 hours each day, or if you have never volunteered to help out at the Apple Festival, please consider or reconsider helping next year. We had at least four more spots of free camping available for volunteers. This is a wonderful time of the year to volunteer. The air was crisp, the colors were beautiful, the company is fantastic, and the gift of your time and service is appreciated. Please consider volunteering next year, being a part of Little Buffalo State Park Apple Festival.

Counter clockwise from upper right: Corn meal bagged and ready for sale. Jackie Read, Dennis Ober, and Beth Schubert. Karen Fable handing out corn bread. Karl and Mike cleaning up the apple press. Apple press on site. Norm Fable tapping cider for samples.

## upcoming rallies

### Get ready for 2023!

Here's a preliminary list of rallies and events in the planning stages...

More information will be shared as it becomes available.

#### February 17-19, 2023 (President's Day Weekend)

##### Winter camping at Promised Land State Park

Pickerel Point @ Promised Land State Park

- Campsites with Modern Electric Hookups
- Heated Bathhouse with Warm Showers
- Winter activities include hiking, ice fishing (lake frozen 12" this year), campfires, etc.

Host: Terry Hauschild, [haus599@comcast.net](mailto:haus599@comcast.net), mobile 610-781-1933

#### April

##### Spring Clean Up Rally (potentially at Codorus State Park)

Host: Elizabeth Schubert

#### May 5-7

##### Spring Opener at Lums Pond State Park, DE

3355 Red Lion Road, Bear, DE 19701

- All Airstreamers welcome! Join us for some fun in Delaware
- Central Penn, Keystone and Penn-Lehigh Clubs will be hosting
- Optional catered BBQ dinner \$15. pp Saturday
- Bring your bikes, kayaks, hiking shoes and come have some fun!
- Make your reservation online at [ReserveAmerica.com](https://www.reserveamerica.com)

Contact: Carey Boland 610-905-0537, [careyboland@gmail.com](mailto:careyboland@gmail.com)

#### June 2-6

##### Region 2 Rally

Niagra Falls, Ontario, Canada

#### June 24-30

##### International Rally in Rock Springs, WY

#### July 21-23

##### Jersey Shore Haven Airstream Park

Host: Terry Hauschild, [haus599@comcast.net](mailto:haus599@comcast.net), mobile 610-781-1933

#### September 15-17

##### Shawnee State Park

Hosts: Dan and Roxann Bare, [drbare88@gmail.com](mailto:drbare88@gmail.com)

#### October

##### Little Buffalo Apple Festival at Little Buffalo State Park

## reviews and news

Our New Favorite Bath Mat for the Airstream

### **The Sutera Stone Bath Mat**

The Sutera Stone Bath Mat is a mat that is made of Diatomaceous Earth. Although I have used Diatomaceous Earth before, I had no idea these existed until recently. Now that we have tried it out, we have been switching out our old bath mats and use these in our bathrooms at home.

So, what is Diatomaceous Earth? DE is actually Diatomite, a naturally occurring soft sedimentary rock that was created from fossilized algae found in bodies of water. The ancient Greeks used DE to make building materials like bricks and blocks. If taken by mouth DE has been used for many things including high cholesterol, brushing teeth, etc. Once harvested, it can be crumbled into a fine power and made into many things including a bath mat apparently!

When traveling for a few days, our traditional bath mats collected every speck of dirt and dog hair that entered the Airstream. This has been the perfect solution for us. We love that it's totally non-slip. In fact, our feet seem to stick to it the second we step out of the shower dripping wet. It is super absorbent, it dries in seconds, it's not cold underfoot, is not overly large (23.5" x 15") and the best part is there is no washing it and nothing sticks to it. It can also pull double duty below pet bowls to catch drips of water.

If you are feeling frustrated with keeping your bath mat clean give it a try. You can purchase the Sutera Stone Bath Mat on Amazon for \$59.99 or go to [www.suteratowels.com](http://www.suteratowels.com) which gives you a 30 day money back guarantee and costs \$59.97 with free shipping at the time of this article. - submitted by Carey Boland

Autumn can be a time of beauty in nature, but there are also concerns that we must be aware of when it comes to staying safe. Remember the following tips:

#### **Fallen Leaves and Rain**

- Be cautious when driving over leaves on the road. Take extra care and slow down if the roadway is also wet. Wet leaves can be as slippery as ice if a sudden stop or turn is necessary.
- While walking, be aware of wet leaves which can be slippery or hide additional hazards such as holes or broken/cracked sidewalks.

#### **Wind**

- Changes in the season can also include increasing or unexpected winds, which could be enough to snap a weakened branch. Be careful while driving or walking on windy days to avoid any falling debris.

#### **Driving in the Dark**

- Shorter days means more driving at night. Depth perception, color recognition and peripheral vision are all reduced in the dark. To prevent driving incidents, make sure headlights are clean, dim dashboard lights, look away from oncoming lights, clean your windshield and drive slower.
- If driving at night is difficult, get an annual vision exam, reduce speed and check with your doctor about side effects from prescription drugs.
- Daylight Saving Time ends every year on the first Sunday in November (this year, November 6, 2022). This means it starts to get darker earlier as we set our clocks backward by one hour.  
*Cross Tip:* When you change your clocks, it's also a great time to check the batteries in your smoke alarms and carbon monoxide detectors.

#### **Deer**

- When traveling, be cautious of deer. Deer behavior is unpredictable, and they are pack animals, so if there is one there may be more coming along. If there are deer on or near the roadway, slow down, do not swerve, brake firmly and if necessary, blow the horn.

## Recipe Corner

### Creamy White Chicken Chili

- 1 can sweet corn (Undrained)
- 1 can black beans (drained and rinsed)
- 1 can Rotel tomatoes
- 1 tbsp chili powder
- 1 tsp garlic powder and onion powder (or measure with your heart like me)
- 1 block of cream cheese
- 2 boneless, skinless chicken breast
- 1 packet of ranch seasoning

Place chicken breast at bottom of crockpot. Dump undrained corn, tomatoes, and black beans on top of chicken. Top with seasonings and ranch packet. Lay the cream cheese on the top and cover crockpot.

Cook on low for 6-8 hours. Uncover, shred chicken, enjoy! One of my fall favorites! -submitted by Beth Schubert

Travel Tool from the Past by Beth Schubert

### Mile-O-Graph

On a rainy day, Karl & I were going through some things in the trailer and found one of these. This sparked my interest as I have never seen one of these. What did we do before Google maps, use a Mile-O-Graph!

This device is held like a pen with a small brass wheel that rolled along the lines on a map, either along a road or path, and measured the distance. You could use this to measure straight or curved distances of various scales with no need to calculate the distance, since it did so as you rolled it along. This was available in a range of colors, the cream colored version was used with nautical charts and the red one for road maps. The Mile-O-Graph was invented by Louis J. Petion of Garden City, NY in 1955 and patented in 1956.
