

Boondocking

What... no power, no water, no, septic... uuuhhh-help!
Boondocking can be out nowhere, or a rally along a street in some small town.

Be prepared.

- Check all systems before leaving home
- Make a checklist parentheses, so nothing gets missed.)

Propane tanks

- Are they full
- Heater and stove propane, working
- Fire pit (separate tank)?

Batteries?

- Charged and ready to go?
- Different battery systems available

Solar.

- Different types (pros/Cons)
- Roof mount
- Briefcase type

Generators

- Make sure they are allowed and ours permitted parentheses if applicable)
- Size (proportional to your needs)

Water tanks

- Filled
- Think of water needs
 - Cooking
 - Washing up
 - Restroom usage

Sewer

- Where to dump
- Possible cost
- Options.

Leveling

- Needs may differ

Accessories,

- Chairs,
- Tables,
- Flashlights and spare batteries

Cooking

We cook outside a lot on camping stove/oven
Stove
Over campfire
In Airstream

Safety,
How and where to get help?

Be aware
Surroundings,
Wild animals

Fire.
Check to make sure fires are allowed
Wood availability (take or buy)
Matches or lighter
Fire ring, or propane, fire pit (pros/cons.)

Relax, have fun.
Remember life's an adventure,,,
Enjoy, get lost, and wander often.
