On June 4, 2004, Marvin Heemeyer unleashed his gigantic, armored tank-like bulldozer upon the town of Granby. It was an act of defiant but misguided revenge upon those he perceived had done him wrong during a series of property disputes. Over a period of several hours, Heemeyer proceeded to cause mayhem and destruction while overwhelming the efforts of the local police go stop the "Killdozer" in its tracks. This book recounts the events and actions of the perpetrator leading up to the dramatic rampage as well as the aftermath of the horrendous incident.
