What Makes a Stone Vos Awning Last

- **The use of high-quality thread: Solarfix**
 - **Double stitch runs around the perimeter of the awning**
 - **Shorter stitch lengths**
 - **Selection of Premium Fabric**
 - **Proper Installation, Cleaning and Care**
-

The Stone Vos Awning

What sets us apart from others?

- **Every awning is double-stitched with Solarfix PTFE Lifetime Thread.**
We **NEVER** use welded (glued) seams.
Solarfix thread is guaranteed for the lifetime of the fabric.
- **We only use our own fabrics and make our awnings in Brooksville, Florida, USA.**
- **We're the only awning maker to offer scallops.**
- **10-Year Non-Prorated Warranty**
(this warranty is from Stone Vos, not a 3rd party)

The Stone Vos Awning

(continued)

- **Using poured PVC vinyl (not laminated)**
 - **Reinforcing corners of acrylic with our vinyl**
 - **Vinyl weather wrap**
 - **Sizing toppers to account for the bend of the roller tube**
 - **For Omegas and Zip Dees, having the option of vinyl for the “topper” portion and acrylic for the “window” portion**
 - **Every awning order is custom-made and double-checked to ensure a perfect fit.**
-

STONE VOS

- **The best NON-PRORATED WARRANTY of any awning maker:**
 - 10 years for CoachGuard Acrylic**
 - 10 years for Migliore PVC Poured Vinyl**
 - Lifetime thread warranty from SolarFix**
 - **Free Shipping to any of the lower 48 states.**
 - **We ship to any location within North America, Canada and Europe.**
 - **When requested, we time your shipment to arrive at your camp site.**
