President's Message

COMMUNITY

Submitted By: Lewis Fogel, President

As I write my last article for the *Fun Times* as President of this great club, I am drawn to the word community. The dictionary tells us it's a group of people living in the same place or having a particular characteristic in common combined with a feeling of fellowship with others as a result of sharing common attitudes, interests, and goals.

Judi and I had the opportunity to join the Canadian Rockies Caravan this summer. There we made many new friends that I suspect will last a lifetime.

This caravan took us to many beautiful parts of Canada. But perhaps the most beautiful part was watching total strangers become acquaintances and eventually friends in only three weeks. I am sure you, too, have found that your shiny bullet and your membership in the Air Stream Club is a magnet that brings you together to meet new friends who want to belong to our community.

Just yesterday, in Glacier Meadows RV Park in Essex, Montana, we had an experience meeting John and Rita from Texas. And I know that when John said, come look us up when you get to Texas, he wasn't kidding. That's community.

During my term as your President, I have seen firsthand how strong the South Florida Airstream Club community is. This has been evidenced in both big and small ways. Our members come from many different backgrounds, religions, and political persuasions. When we rally together, we bring our shared interests in Airstreaming, adventure, travel, and fun.

This year our club has celebrated many milestones together. Some sad and some very joyous. The spirit of camaraderie and fellowship is powerful in our club. Many of you have become ambassadors by introducing yourself and our club to fellow Airstreamers nearby.

As a result of your efforts, our club is now made up of 104 rigs with members just like you. Our members are from all over Florida, and some are from outside the state. When we ask new members what attracted them to our club, often, it's because they heard of the fun times (sorry for the pun) we share.

Sometimes they hear about us via social media (thank you, David Robshaw), and sometimes they hear about us via this newsletter (thank you, Emilio Caragol), but more often, they come to us because of you and your efforts to share the fun with others. Thank you all for helping us attract, recruit and retain members.

As this community grows, we continue to broaden our demographics and build a stronger community. As some may recall, your Executive Board met in January this year for its annual retreat.

At that meeting, the board set goals and objectives. Amongst them were: Diversity, Engagement, Recruitment, and Communication. I am happy to report that your board hit the ground running and reached our objectives.

I want to thank each board member and committee chairs for their service to our club. I am excited to welcome our new board members, and I know that you and I will help them in big and small ways to continue to be one of the best clubs in the region and the country.

Thank you for giving me the privilege to serve as your President.
Lewis Fogel

66th International Rally, Rock Springs, WY

Submitted by: Lucy Comprosky

Kevin and I began our journey to attend our 2nd Airstream International rally on June 3rd from Ft Lauderdale, FL. We traveled thru GA, TN, MO, KS, CO and finally WY. We lead our own mini caravan with 4 other rigs and met at a KOA in Rawlins, WY to ensure we would be parked together since there would be 1200 other rigs.

We got started early at 730am (some frowned upon that hour) and we all rolled into the Sweetwater Event Complex in Rock Springs on June 24th. Thankfully we had the inside scoop from the Robshaw's and were parked in the White MTN parking area.

From the moment we rolled into the Complex we were greeted by wonderful parking volunteers who were as happy to greet us as we were to be arriving. We were provided with a booklet FILLED with lots seminars, and entertainment to keep us very busy throughout the week.

We even received \$15 each in vouchers to be used at any of the food and drink vendors at the rally! I think those vouchers were spent within 24hrs LOL!

Some of the seminars offered were: RV Electricity parts 1 & 2, Ladies back-up for beginners and intermediate, Finding campsites in a Post Pandemic World and How to stay fit while on the road. There were plenty more that were offered throughout the week.

On the schedule there was also yoga and daily bike excursions to get the day started. There was a craft show and flea market as well. There were volunteering opportunities, charities collecting diapers, baby wipes and gently used clothing for the locals in Rock Springs.

There was even a large vehicle on site for blood donations. Now for the fun stuff! The opening ceremony was very welcoming, and our own David Robshaw carried our Unit 30 flag in the ceremony.

We attended an 80's party which I helped shutdown at 10:30pm along with some great new friends. There was a Western dance and of course plenty of Western wear was on display. We also attended a wonderful Grapes & Grains Intra-Club Mega tasting of beers, wines and spirits.

Golf might not fall into the "fun stuff" category but for Kevin it was a great event. Some ladies even spent half the day at the spa.

Unit 30 gathered for a Happy hour/pizza party on Monday evening, and we spread the word amongst our new friends (even if only 3 days in) and had a good ole time. We also surprised Elwyn with a birthday cake.

FUN FACTS:

SFAC UNIT 30 HAD 8 RIGS IN ATTENDANCE

Unit 30 gained 7 more rigs which became affiliates during our time at the rally

"Hears the Scoop" ice cream vendor that was at the Region 3 rally in SC drove ALL THE WAY to Wyoming

Judy and Elwyn as well the Enoch's were a part of the exhibitors tent at the rally

There was a kids camp all week "Future Streamers" 40-50 kids attended

The Airstream Choir and Band performed at the Burning Park in downtown Rock Springs. These folks had arrived many days before the rally began to prepare and get in as much practice as possible.

Their performance made for a wonderful evening of music.

The week was wrapped up with a beautiful closing ceremony. Lots of hugs and well wishes were exchanged as we all prepared to depart the next day and all head in many different directions.

Some folks remained at the Event complex for a few days and even enjoyed fireworks on the 4th of July.

Our personal experience was nothing less than absolute happiness. Our travels have been most importantly safe and extremely memorable. We are blessed to be able to travel with our home and pets and see the beautiful USA.

So, the question is: can 38 total strangers become good friends and share amazing Experiences in just 21 days?

The answer is definitely “yes”, if they are Airstreamers on the Canadian Rockies Caravan.

Our travels began in Drumheller, Alberta, a place famous for its Royal Tyrell Dinosaur Museum. Lots of fossils have been found in the area, and the museum was unique- including a docent-led nature walk.

Royal Tyrell Museum

Many days of wonderful adventures followed, including hikes, waterfalls, boat rides, gondola rides to mountain tops with fantastic views, dry camping in a Provincial Park with Bighorn Sheep for neighbors and a great Park Ranger talk.

We celebrated both Canada Day (July 1) and Independence Day (July 4), as we had both US and Canadian citizens together. Another “once-in-a-lifetime” experience was actually getting to walk on a glacier!!

Very cool, both literally and figuratively. Some of the places we visited included Banff, Jasper, Lake Louise (beautiful boat ride on Maligne Lake)

Kootenai Plains and let’s not forget- the Calgary Stampede! Bull riding, bucking broncos, calf roping, Chuck wagon and barrel racing and much more.

For the animal lovers among you, on this trip, the following were seen: deer, elk, bear, foxes Buffalo, Prairie dogs, etc.. It was a fabulous three weeks, and now we have Airstream friends all over the country. We urge you to sign up for the caravan's of your choice. Even if you get in onto a wait list- that's how we got onto this caravan!

In the days that follow our caravan, Lewis and I will realize a lifelong dream as we travel to some of our National Parks - Glacier, Yellowstone, Grand Tetons, Bryce, Zion, and the Grand Canyon. We urge you to plan trips and get out on the road when you can.

THE SECRET BEHIND THE MAGIC OF OUR RALLIES

South Florida Airstream Club Planning Guidelines

January 21, 2023

PLANNING TEAM:

The planning team will consist of the President, 1st VP, 2nd VP and Past President. This team will plan the master calendar dates keeping in mind that we want to extend each rally through the weekend to encourage attendance by members who may still be working. This team will identify the region of Florida that will be targeted for each of the rallies. This team will identify areas for future rallies within a **2 year time frame**. This team will solicit new camping venues from the members.

LOGISTICS TEAM:

The Logistics Team will consist of the 1st VP, the 2 one year Trustees, and 2 club members from different families. This team will develop the schedule for each rally. This will include the day, time of day for each activity and will also include free time. The schedule may be adjusted as the Action Teams share their suggestions.

One or more members of this team will visit the campground to assess arrival information or campground information that must be shared with the members. This team will work with the Communications Team (Fun Times, Facebook, Website) to create enthusiasm and to promote attendance at the rallies.

The Logistics Team will contact individual members to be in charge of one small activity at the rally. The objective is to involve members in a variety of activities at future rallies. This team will provide the Action Team with specific written job descriptions. This team will work with the Member Outreach Team to recognize new members and invite them to share their interests with the club members at some time during this rally.

ACTION TEAM:

One member (family unit) will be responsible for one small activity during a rally. The person organizing an activity may ask other members to help if needed. The idea is to have many others helping. This team will be provided a specific written job description.

MEMBER OUTREACH TEAM:

Team leader chooses 2 additional members for the team. Here are some of the important activities of this team.

- Contacts new members
- Phone call/email welcome to new members
- Introduces new attendees at the rally
- Recognizes birthdays and anniversaries through a phone call and at the next rally.
- Informs new members of Facebook page and privileges

COMMUNICATIONS TEAM

- **Fun Times Editor** email newsletter to all members
- **Directory Editor** keeps the membership list updated and sends a directory to new members.
- **Facebook Administrator** (chooses 2 members as manager assistants) to keep page updated with club information, monitors posts and enters new members to our page. Will keep the WBAC website up to date with club activities.

Battery Operated Animal Repeller. (Good for Boon Docking)

Animal Repeller's emits veritable ultrasonic pulses and LED strobe lights to create a hostile environment for rodents to live and nest inside your trailer or truck engine compartment.

This wireless Animal Repeller operates on 2 C batteries, model # ZN-511 and it does not connect to the vehicle's electrical system or affect the functionality of any electronic part in your vehicle.

I installed one inside of my trailer and the other inside my truck engine compartment.

CAUTION: Before installing under the hood in your vehicle make sure the engine is cold. Do Not install the unit when the engine compartment is hot or warm.
