Vol. XXXVIII-6

September 2023

Pub. McLouth KS.

Presidents Message: I am ready for this summer heat to break. I like spring and fall weather best. Getting up in the morning and turning the furnace up to get ready for the day, rather than the air conditioner running twenty-four hours a day is sure a lot quieter. A light jacket or sweater sure beats a hot, sweaty tee shirt.

September starts the Club's fall rallies, the first being at Richie Cove on Council Grove Lake. John and Colette Krupco have been hard at work as hosts to prepare for a great rally. This Rally is when we will have our annual business meeting. We need to nominate officers for next year, vote, and install them. This is also when we put together a tentative rally schedule and who would be interested in hosting them and locations.

The Club is in need of a 2nd, and possibly a 3rd, vice president. Our Club has worked over the years to make these jobs as simple as possible, but still maintain structure to the Club. I was president about 15 years ago, and then again this year. The change in doing the job is extremely easier now. This leaves more time for fellowship, exploring and enjoying our Airstream, as it should be.

You, as members, need to start thinking of locations for rallies and approximately when next year they would be. There is a catch, a rally needs a member or members to host the rallies. The hosts can make these rallies as simple or detailed as they desire. Rallies need to be addressed at this rally so there is dates, etc. by the end of 2023. The dates, locations and hosts need to be included in the publications for 2024.

Everyone will notice in the newsletter that plans are already being made by John and Colette for an April Rally before the Region Rally to celebrate the 50th Anniversary of our Unit, Missouri Greater Ozark Unit. The group of Airstream owners applied for their charter at Halltown, Missouri on June 22, 1974.

See you down the road Rick

I am looking forward to this Rally to get back in touch with everyone and hear of all the Airstream adventure stories. New members, coming to this Rally, I look forward to meeting you, along with any members I have not met. And last, but certainly not least, the Region Officer who will be joining us.

2023 Rallies:

September 21 -24, 2023 Fall and Installation Rally
