

Colorado Airstream Club

“How to Register for a CAC Rally or Luncheon”

CAC is growing rapidly, with new members joining every week. Our process for registering for a rally has changed a bit in recent years, so here’s a guide for 2024.

CAC is purchasing all the campsites for 2024 rallies, meaning the club is reserving the sites, paying both the deposit and the full cost of the campsite. *Members do not have to make their own reservations* and managing a waitlist will become much easier for hosts. This has required juggling of funds, opening rallies much earlier than in past years, and early planning by hosts. Fifty percent of 2024 hosts and co-hosts are brand new hosts! Thank you, thank you!

Notification of Event Opening

All CAC members and affiliates are notified via email, Facebook, and Slack of rally registration openings and closings 1-2 weeks in advance. To ensure that emails land in your inbox, not spam/junk/promotions folders, please add mailings@coloradoac.org to your contact list.

In appreciation of their time and efforts, hosts and co-hosts are given an opportunity to register for ONE event before registration opens to all members.

Where to find event information:

The following event information is included in all “event posts,” which are accessible via airstreamclub.org/colorado (scroll to the bottom of the page) and

<https://airstreamclub.org/colorado/colorado-airstream-club-information>

- Dates
- Location
- Venue contact information
- Registration Link (if open) – All registration is online.
- Waitlist Link (if the event has filled)
- Registration deadline
- Event details (overview, menus, activities, etc.)
- Host contact information

All events open for registration at 9 a.m. on a Saturday. There’s no need to get up at dawn or stay up until midnight to register for those in-demand rallies. Some events fill in weeks, some

in hours or even minutes. Note: If you are poised to hit the “register” button at 9 a.m. you will need to **refresh your page** in order to see the registration button when it appears.

If an event fills before you are able to register, please **add your name to the waitlist**. There are always cancellations and those on the waitlist often get to attend.

Since our rallies are opening so early this year, some **may** open only 75% of the sites in early spring then open the remaining 25% closer to the event, so brand-new members have a chance to experience the fun.

FAQ:

Q: Why not just include the links to the event posts in the email, instead of on the Event Information page? That would be one less click for the user.

A: Since we send to almost 600 email addresses, we have to use a mailing server. Experience has shown that the more links and images contained in an email, the greater the likelihood that it will be marked as spam. By having a simpler email appear to be a personal email, we have had much better results getting our information to all our members. So, one link, one image.

Q: When I tried to register for a rally they were all filled!

A: This year we have almost doubled our number of events and are offering 315 rally spots to members, but it’s still not enough. We need more hosts in order to have more rallies. How about designating a favorite campsite, call to see what dates are available, and host a rally with your friends? Contact president Rich Howarth richhowart1@gmail.com or Scott Kunze scott.kunze@gmail.com and they’ll tell you about all the support you’ll get from our rally team, from budgeting to advertising to managing your event. We’ll make it fun for you!

Again, for current event information, visit the CAC Event information page any time. It’s always accessible! <https://airstreamclub.org/colorado/colorado-airstream-club-information>

We hope this helps everyone, especially new members, register for the rallies of your choice.

With questions, contact Carolyn Beardshear cbshear@gmail.com or Scott Kunze scott.kunze@gmail.com.
