## INW Airstream Club Caravan to BC

The catalyst for this trip was planning for an RV stay in Penticton, BC for the Ironman race. With so much beauty heading north, Deb and I decided to extend the trip and tour a loop through the BC Canadian Rockies. Our trip then ends at the INWAC Troy rally. We would love for our Airstream friends to join us for all or parts of this journey.

Deb and I must stay in Penticton for five nights due to the Ironman race and requirements of the RV resort. You have flexibility to change your plans and join us where you can along the journey.

We arranged longer stays where activities are abundant and always looked for RV sites that had high reviews, offered pull-throughs, full hook ups, and pet friendly.
