Presidents Message

Happy 2024!! Hope you all are doing well. So Far we have had a pretty darn nice trip. We have posted some pics to the FB page with more to come. Although it's only 60 and a bit rainy today, already we've worn shorts more than last years summer trip to the UP. I can't say we are missing PA right now.

Looking ahead, the Valentine's Day Luncheon is coming up February 10th at Wayne and Sharon's in Hatboro. Be sure to let them know of your attendance. Looks like a nice size group already confirmed.

Following the Valentine's event, in March the Phaler's are hosting the St. Patty's luncheon in Quakertown. Might as well ring them up as well!

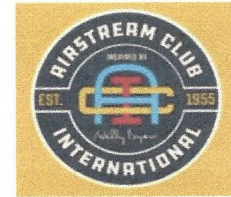

Please check out the Keystone Schedule of events. There have been date changes, updates and hosts added since last months posting. At the Christmas luncheon there were still FHU sites at French Creek for the Blues Festival.

Did I mention Keystone is anxiously awaiting to announce the new Kourier Editor? All we need is a volunteer. Don't be afraid to give it a shot. Any experience is enough. I've only mastered emailing just recently, so if I can do it so can you! Besides you can then add your name to the front page of this illustrious Newsletter!!

See you soon, Jody and Sue Dietz

What's New and Works For You

Hello And Happy February. This month starts a new feature called, (see title above). Why? Because I have to fill up the Kourier with something until someone with some creativity takes over. Anywho, at least for the time being we will give this a go. Please send pics and a review of something that works for you that may be of help to others during their travels. So, here goes.

The NEBO FLASHLITE

I was first introduced to NEBO in 2020 as a gift from International as being Unit President. When we received it my first thought was, "mmm how long are we going to haul this around before it gets 86'ed?" In short order we realized that this little light was actually pretty nice, so nice in fact that 3 years later we ponied up \$20 for another one. What makes it so good? It's Rechargeable, has 2 strong magnets one in the base one on the back clip, strong spring clip, flip out hanger, very bright, dimmable, durable and small. While working in the deep dark recesses of the trailer I was able to stick it on the frame and clip it on a wire. I've used it countless times hands free at night pulling valves and setting up by clipping it to my shirt pocket or belt. And they come in different colors. They can be had from the manufacturer, most well stocked hardware stores and of course Amazon.

Kushto's Keystone KomedY Korner for Valentine's

If love is blind, why is Lingerie so popular?
The best part of Valentines is the day after when all the chocolate is half price.
On Valentine's Day the phone proposed to his girlfriend by giving her a ring.
What do squirrels give for Valentine's Day? Forget-me-nuts.
A ram's favorite song on Valentine's Day is I only have eyes for ewe.
What is a vampire's sweetheart called? His ghou-friend.
What do farmers give their wives on Valentine's Day? A hog and kisses!
