Comments, Thoughts, & Notes

As our camping season gets closer let us keep a sharp eye out for new, fun, camping places for Rallies. Let's not forget the informal Pop up get together opportunities that we can have as we discover special places traveling Michigan's roads. Keep a sharp eye for those special places to visit and explore this travel season and share with us for a potential rally. Or, post on the MAC Facebook site for an informal pop-up gathering. Let's make the most of our camping opportunities this summer.

The 2024 Rally season is in the final stages of preparation. Keep checking the club's website and facebook site for updates. Our first Rally at Hartwick Pines in a long time is set and ready for May 17th through 19th in Grayling, MI. The Silver on Silver Lake is set for June 6th through 9th at the Holiday RV Park in Traverse City. We have a rally in the works for July in Cadillac. More information will be announced soon. In August a Rally in Milford, MI, at the Camp Dearborn is in the final stages and more information is coming soon for August 22nd through the 25th. October in Pentwater, MI at Whispering Surf Campground is very popular and sells out quickly. Do not be late to make your reservation and keep your calendar mark with the latest rally information. I look forward to seeing everyone at this summer's rallies.

There are two Trustee position that need to be filled yet. If you have an interest in learning how MAC works this is an excellent opportunity to check things out. I hope you will consider getting more involved with the clubs operation in any way you can. If you have questions please call or email myself, or any Board member.

Have a safe, fun filled camping season. I hope to see you soon.

Message from Lee

Lee Klare, MAC 1st Vice President

Hello MAC members and affiliates 🤘

I hope this newsletter finds you all doing well and getting ready for a new season of adventures with MAC. I want to update everyone on the Hartwick rally specifically as I've had a few inquiries concerning reservations. The allotted sites that were offered have all been taken and we, actually, had five MAC members able to reserve sites after the original offering. We have a total of 25 MAC & affiliates for the rally. For those of you still interested in attending, the only option available at this point is via the [DNR website](#) for Hartwick Pines reservations. Go to reservations and search for a site at the Hartwick Pines State Park for the dates of our campout. If no sites are available, click on the button "Notify Me" to receive email alerts when a site does become available.

If you're not familiar with the campground, each site has electrical only in the sites we were able to reserve. The park does have full hook ups so you can certainly try to reserve one if available. Water is available but it will require either a hose if you're next to the water spigot or a container to carry back and fill. There is a dump site available near the entrance/exit. I recommend you fill your water tank and come with empty black & gray tank. Remember, the rally is May 17 thru May 20. If you have any questions please don't hesitate to contact me or any board member. Stay safe and I'll see you at Hartwick Pines. 🤘🤘

Message from the New Membership Chair

Kat Hibbard, Membership Chair

Hi. My name is Kathleen Hibbard. I go by Kat now, a nickname given to me by the guys I worked with before I retired as a bee counter. [Accountant and office manager for Michigan's largest beekeeping operation.] I like to travel. It's sort of a family affliction I inherited from my mom. My sister has it and my son might have it too. He just got tickets to go to England. Bought the 25ft 2013 Airstream in 2016 in our little county of Benzie. That was an upgrade from our 4x8 teardrop, and before that a tent. Before we [husband Dale and I] retired in 2018 I would moan and whine all the way home from vacation. I didn't want to go home. I wanted to just keep going. We left home in the Airstream in August, 2018 and didn't go back for eight [8] months. We joined the club along the way and discovered how much fun rallies are. They can be a good reason for a trip to someplace new. We had to add a bunch more pages to our friends book. It just never seems to fill up. I promise to do the best membership job I can for the club, but I'll warn you, I don't like accolades. I don't celebrate birthdays anymore and Dale and I both forgot our anniversary last year. Hope to meet you soon. Let's go camp and have fun.

The Cadillac of Travel Trailers Return to Cadillac, Michigan

On June 29, 1966, the 9th International Rally was held in the small town of Cadillac, Michigan. A whopping 2828 Airstreams gathered for a week just south of the Wexford County Airport and was said to be one of the largest rally. According to WBCCI/WBAC Historian, Joe Peplinski in an article written for the Blue Beret in February 2018:

1966 Postcard Aerial View of the International Rally in Cadillac, MI

“The nearly 10,000 attendees doubled Cadillac’s population for the duration of the rally! The rally theme was ‘Funderland’ to highlight the promise of fun in all of Michigan’s wonderlands, including lakes Cadillac & Mitchell, just a short distance from the rally site.”

Join us in celebrating our rich history for a summer rally in Cadillac, MI

WHEN: Thursday, July 18 - Sunday, July 21, 2024 [Early arrival beginning Tuesday available]

WHERE: Veterans Serving Veterans Park, 3740 41 Rd, Cadillac, MI 49601

SITE COST: \$25 per night. ALL proceeds go to Veterans Serving Veterans.

RALLY COST: \$20 per person

REGISTRATION: Click [here](#) to register. Deadline June 3, 2024

Veterans Serving Veterans is a nonprofit that honors and serves those who have served and protected at home and abroad. 33 acres were donated by Dr. Roger Bandeen and is developed into a park with a 7000 foot pavilion and buildings but this is the first time a group has ever camped on property so it will be a bit of an experiment. There is room for lots of Airstreams but be prepared to boondock. Generators welcome.

THINGS TO DO IN CADILLAC

- There are a ton of summer activities awaiting you in the Cadillac Area. Historic tours, biking, hiking, shopping and dining. All the details are on the [Cadillac Visitors Bureau website](#).
- Jazz in the Park, July 18, Rotary Pavilion

In Memory of Dale Webster (August 25, 1934 - February 5, 2024)

Eulogizing a person is such an honor. I feel humbled to be writing about a former, dedicated member of the Michigan Airstream Unit, Dale Webster. Dale died on February 5th of this year.

There is a poem titled, "The Dash" by Linda Ellis. It's a well-known, often quoted, poem. The poem emphasizes the significance of the inconspicuous dash separating the date of our birth from the date of our death in obituaries, on tombstones, etc.

As I think about Dale, I think about his years within that dash...the years he and Sharon were such loyal members of the Michigan Unit (now Club). Dale had a great smile. He was mild and kind; didn't draw attention to himself. He was a good leader. The strong friendships, the fun and games, the laughs, the shared meals, the tours, the round table discussions, the energetic business meetings...all contributed to the popularity and tenacity of the organization which Dale enjoyed and served.

In my mother's slew of photos [she considered herself the Unit photographer] are pictures of Dale and Sharon. They were so young! They joined the Unit in 1987. Dale would have been 53 and Sharon not even 50. I'm sure they were considered "kids" by fellow members. They held their membership in the Michigan Unit Airstream family for well over 25 years. They were dedicated rally attendees and highly involved. We expected to see them at every rally.

Dale was President of the Unit in 1995 and again in 2007. As you may know, you don't become President automatically. First, one has to serve a few years working their way up the ladder to that leadership position of respect and honor. Often people don't realize that the pre-president years are busy years requiring time, commitment, attendance at meetings, good communication skills and good listening skills.

The Webster's chaired rallies, were involved with caravans, were contributors in many aspects of the Unit. Dale held that prestigious position of President at two different times. It isn't easy getting people to serve in officer positions and to do it twice is further evidence of his dedication to WBCCI and the Michigan Unit.

Finally, Dale was strong in his Christian faith. At rallies during Dale's leadership and for many years before and after, we always said Pledge of Allegiance, always had someone say grace before meals. We nearly always held a church service on Sunday morning. If we didn't hold a service, some of us would go to a local church. After church, we often went out for lunch together or left for home but not before big hugs and sincere wishes for safe travels.

There are generally a few people in any organization that can be called upon to say prayers. They are known for their devout faith. Often, it was Dale who would be called upon to ask the blessing before we ate; to open or close a church service. He was a man of integrity, Dale's Airstream dash years were well lived. Jeriel and I will always remember the good times we shared with Dale and Sharon at rallies.

Courtesy Parking The "Ins & Outs" by Kat Hibbard & Dale Schneider

Current Airstream Club info says that over 500 club members offer free overnight parking in the US and Canada. It is the least used club benefit. Most Airstreamers have never used this resource. Some may be concerned that they would cause the host an inconvenience. We can honestly say that hosts would not be on the list if they did not want guests. As hosts ourselves, we are thrilled to meet and host fellow Airstreamers.

One guest who stayed we met at a regional rally. We exchanged contact info there and suggested if they were in our area to reach out, and they did. When hosting we have instant community and interest because of the Airstream brand, but it goes a lot further than that.

We met Montana Airstreamers while at a state park in Florida near the Everglades. They had family in Michigan and kept in touch. A couple of years later they stayed with us on their way back to Montana after visiting their family. We have since camped with them at Organ Pipe National Monument. At the International in Maine, we volunteered on the pump-out crew and our "boss" came and stayed with us a few nights later that summer. In Maine we also met a YouTube Channel couple we follow. On their way back to the east coast from the International in Wyoming, they reached out for a one-night stay. We replied that they needed to stay at least 3 nights to see our local area and National Park-Sleeping Bear National Lakeshore.

Our first Courtesy Parking experience was on the way out west on I-80 near Dubuque, IA where we stayed with the local unit president at their farm. They invited us to their weekend rally coming up, but we needed to move south. The others have been interesting and unique. Next, heading up the central valley in California, we stayed with an almond grower parked between the barn and the orchard. Further north, we were guests in Napa Valley. Turns out our hosts knew mutual friends back home. Another time we went to Can-Am in London, ON for hitch work and stayed with a couple from the Ontario unit who we had met years earlier in another club we have in common-Tin Can Tourists. They took us port hopping in their vintage Ford Fairlane. We have courtesy parked in the UP with Airstream friends in the Hessel/Cedarville area more than once to attend the Antique and Classic Wood Boat show held there every summer.

At the SugarCreek National Rally in Ohio in 2021, we met a couple from Texas with a restored vintage Argosy. They were headed to the east coast to visit family, and invited us to stay on their "home" large double lot at NTAC [North Texas Airstream Community] since we were headed that way.

At NTAC in Texas 2021

If you have a home that can accommodate an extra Airstream parking on your property, please consider becoming a courtesy parking host. Currently, the way the Courtesy Parking system works is that you look up hosts on the Airstream website in the online Courtesy Parking directory. If you find one in the area you want to visit or would be a good stopover on your trip,

contact them via the phone number or email in the listing, asking if they are available on the date[s] you will be in the area. This process will be changing in 2024! Are you familiar with Boondocker's Welcome and Harvest Hosts? We are members of both and have used both for overnight stops. [We are also Boondocker's Welcome hosts.] They have an easy-to-use online system to find hosts, see host availability on the calendar they set up, and request a stay. The system automatically sends a message to the host with your request for acceptance. Why are we telling you this? Airstream is partnering with HH/BW to use their reservation system, no HH membership required. Courtesy Parking hosts will be listed on the HH/BW website, securely, log-in required, and only Airstream members will be able to see Courtesy Parking listings and easily request a stay. The details are still being worked out and we are very excited for this improvement to the program coming this year making reservations easier for both hosts and guests.

Member Spotlight: Ari & Jessi Adler

Hi MAC Friends!

We are Ari and Jessi Adler [BRN23537], from Okemos, Michigan. While that's our "home base", we spend about nine months of each year on the road traveling around the U.S. We define ourselves as adventurers, explorers, and wanderers, having spent many years trekking and camping around the country. But we are relatively new to Airstream life.

Jessi is the Director of Media Relations for Plat4orm, a remote public relations firm. Ari does freelance writing and editing and often serves as a park host to help cover the cost of our camping sites. Being able to work from anywhere allows us the ability to travel year-round and is ultimately what drew us to purchase our Airstream. When we stumbled upon the 2022 Flying Cloud Office model we knew it was meant for us – the layout makes an effective home-away-from-home and office-away-from-office combination – and we've enjoyed it immensely.

Ari and Jessi Adler often serve as park hosts to help belay the cost of their travels, including a 4-month position in Utah in the summer of 2023.

Jessi's full-time remote job means she needs a workspace, and our Flying Cloud Office model serves that purpose well.

When not camping in our Airstream, we use our tow vehicle – a 2022 1-ton Chevrolet van – as a weekend adventure mobile. We outfitted it with the essentials, including a bed platform, electric cooler, and cassette toilet. It comes in handy when boondocking or camping in places that we don't want to (or can't) take a 30-foot trailer.

We document our adventures hiking, biking, and paddling our way around the country on our YouTube channel, [Trekers](#), and our website [www.trekers.org]. We shoot videos and write blog posts to inspire others, using them as opportunities to provide information and tips that people can use when planning their own treks.

For example, in 2019, we "stayed home" -- visiting and producing video reviews on all 103 state parks in Michigan. We now tell people that we highly recommend visiting every state park in Michigan because there are so many awesome ones - but we also caution them not to do so in just one year!

The Adlers' first adventure mobile was a 2008 Roadtrek 190 Popular that they took on numerous adventures across the country, often boondocking well off the beaten path.

Joining the Airstream community and attending our first rally gave us a new special group of friends within the larger world of RVers. Everyone we have met connected with Airstreams has been welcoming and makes us feel like we've been Streamers for a long time. It has really helped us with the transition from the Roadtrek to our Flying Cloud Office, and we look forward to making more Airstream friends throughout our travels.

In addition to our YouTube channel and website, you can also follow our adventures on Instagram and Facebook, with the account name @trekorsorg. Keep on trekin', and we'll see ya out there!

Before purchasing our Airstream, we traveled in a Class B RV, a 2008 Roadtrek 190 Popular 4x4. While we weren't on the road for as many months at a time, we used that van to travel extensively throughout the U.S. for nearly seven years. In all honesty, however, it may have been our six-month stint living and working in that small van that nudged us toward Airstream life!

As we all know, visiting new places is always exciting, but so is meeting new people or connecting with loved ones we might not get to spend time with otherwise. Those connections are a main reason we travel. We have met so many people around the country who we stay in touch with – staying overnight in their driveways or spending holidays with them. We've even run into people who follow us on YouTube, and it's always a treat when that happens.
