This is a private Campground south of Iowa Falls. Mr Gehrke is opening a grassy area with trees for us to park everyone guaranteed electric, there is water available, and a dump on site. Plan is to put us in a circle. There's a shower house available. Nice trail around lake for walking.

Fee for camping is \$25 a nite.

Iowa Falls is home to a pontoon riverboat float \$20. Nature center nearby highly recommended. Looking into some other tours more info soon. If planning on attending contact host please.
