The New Year has arrived, so it is time to get excited about the 2023 camping season. Here in the cold northeast, camping begins in April. Region 1 has two early Airstream rallies not to be missed before the ACI International Rally in Wyoming as well as a rally in Quebec that will overlap with the International Rally.

The Quebec Airstream Club celebrated its 60<sup>th</sup> anniversary last June. Now that pandemic-related border problems are just a memory, we are excited to get together with our Region 1 members from Quebec again this year!
