Crested Butte Wildflower Festival C-Bees Program!

Inspired by the National Park Service's Junior Ranger Program, this summer we invite our younger explorers to engage in wildflower wonder at their own pace with our C-Bees workbook!

Learn about the history of Crested Butte, flower foundations, pollinators, and more. Designed for ages 3-12 but welcome to everyone, stay tuned on how to get your **FREE** copy of the booklet and *become a C-Bee!*

Extending a special thank you to the CB Rotary Club! for their support!

Crested Butte Artist Captures Nature's Essence in Oil Paint:

A Journey to the 2025 Wildflower Festival Poster with Susan Marrion

In the heart of Crested Butte, a local artist is making a name for herself by capturing the beauty of the world around her in oil paintings. This summer will mark a significant milestone for her career as Susan Marrion has been chosen as the official poster artist for the Wildflower Festival.

Her journey as an artist began in 2004, when she picked up a paintbrush for the first time under the guidance of Crested Butte's own John Ingham, a renowned local painter. Before that, she had never imagined herself as a painter, but the world of oil painting quickly became an outlet for her deep connection to the natural world.

"John helped me change the way I see things in nature," she explains. "He taught me how to look beyond what my eyes simply perceive and to notice the subtle forms, shadows, colors, and values that make up the landscape. There's so much more going on than what we initially realize, and painting has helped me understand that."

With every brushstroke, she discovered a new way to translate her feelings into art, and it became clear that painting, much like her past love of writing, was an ideal medium to convey the emotions she felt in the presence of nature.

"I grew up writing about what I observed—light, color, form, and mood in nature. When John asked me why I wanted to paint, I realized it was for the same reason I had wanted to write. It's about expressing and sharing the things I feel when I'm out in the natural world; the awe, wonder, beauty, appreciation and gratitude for it all" she reflects.

Her art has since evolved into a beautiful fusion of landscape and emotion, each piece offering viewers a window into her personal connection to the natural world. The Wildflower Festival poster commission was the perfect opportunity for her to share this gift with the community. For the 2025 poster, she brought her vision to life in a stunning work, "Splendor on the Lupine Trail," which celebrates the vibrant colors and delicate forms of wildflowers on one of our beloved trails.

"This year's Wildflower Festival poster is a special honor for me. It's an opportunity to showcase the beauty of Crested Butte's Wildflowers, which I hold dear to my heart. They're my favorite subjects to paint. To be able to represent this iconic event and its celebration of nature through my art feels like a beautiful full circle," she says with a warm smile.

Whether it's a delicate flower bending in the wind or the play of light on the mountain's edge, this local artist continues to inspire and delight through her artistic vision. Her passion for both nature and the art of painting shines through in every piece, reminding us of the beauty that surrounds us every day. As the 2025 Wildflower Festival poster artist, she will undoubtedly leave a lasting mark on the community, one brushstroke at a time.

Capturing Wildflowers with Colored Pencils

Peggy Stenmark

\$80

Join us indoors and out of the sun to learn the basics of drawing flowers, focusing on getting the correct shapes and proportions of various blossom types. Work with paper and reference photos to sketch and color the wildflowers endemic to the Crested Butte area. After practicing these basics, you'll be ready to draw any flower you see! Bring a sketchbook and colored pencils.

A01 Friday, 7/11

9-11:30am

Denver Botanic Gardens Presents: Botanical Illustration for Beginners

New!

Lori Ann Levy-Holm

\$85

Flowers are inspiring art subjects but can be intimidating to draw. In this short class, learn a few basic botany principles along with some useful drawing techniques to help you render flowers with more confidence and accuracy. You'll create small illustrations in black and white using graphite and micron ink pens. All materials supplied; no previous drawing experience needed.

A07 Sunday, 7/13

9:30am-12:30pm

Denver Botanic Gardens Presents: Create Your Own Tunnel Book

New!

Melinda Laz

\$85

Tunnel books are an old form of pop-up book whereby pages are cut out and assembled to create the illusion of depth. In this class, you'll use images from nature to design your own tunnel book. All materials will be supplied, but bring your own magazine, photos, or collage materials to incorporate into your finished artwork.

A04 Saturday, 7/12

9:30am-12:30pm

**Denver Botanic Gardens Presents:
DIY Kaleidoscope**

New!

Hannah Craft

\$85

Design and build your very own kaleidoscope! This class invites you to explore the fascinating world of light, color and pattern as well as the art and science behind kaleidoscopes. Experiment with various designs and discover how to create mesmerizing patterns to make a kaleidoscope that reflects your own creative vision. All materials supplied.

A06 Saturday, 7/12

1:30-4pm

A17 Tuesday, 7/15

9:30am-12:30pm

**Denver Botanic Gardens Presents:
Drawing En Plein Air**

Lori Ann Levy-Holm

\$85

Inspiration abounds in this three-hour outdoor art class. We will offer a few tips and tricks for capturing the essence of your surroundings, while giving you time and space to create in a tranquil setting. Bring a sketchbook and art media of your choice. Stools and some drawing materials supplied.

A03 Saturday, 7/12

9:30am-12:30pm

A28 Monday, 7/14

9:30am-12:30pm

**Denver Botanic Gardens Presents:
Exploring Cyanotype**

New!

Hannah Craft

\$85

Known for its striking blue tones and unique printmaking process, cyanotype is a photographic technique that utilizes sunlight to create stunning images. In this hands-on workshop, you'll learn the fundamentals of this historic method while experimenting with natural materials and found objects to create your own beautiful prints. All materials supplied.

A09 Sunday, 7/13

1:30-4:30pm

A13 Monday, 7/14

9:30am-12:30pm

Denver Botanic Gardens Presents: Exploring Nature Journaling

New!

Lori Ann Levy-Holm

\$85

An artist's nature journal documents the beauty of nature in a unique and personal format. Filled with scientific observations or imaginative drawings and notes, nature journals can enhance your appreciation for your surroundings. In this class, you'll walk, look, listen, and record your observations. Receive drawing prompts and tips throughout the class session. Bring your own sketchbook and drawing materials. Portable stools and some drawing materials will be supplied.

A05 Saturday, 7/12

1:30-4pm

Denver Botanic Gardens Presents: Meadows and Mountains: Sketching Your Hikes

New!

Lori Ann Levy-Holm & Vanessa Callahan

\$85

Join staff from the Denver Botanic Gardens on a guided nature hike, stopping along the way for nature sketching. Walk slowly on the trail taking time to look and listen, while learning about the surrounding ecosystem and native plants. You'll stop for guided nature sketching time where you'll be given drawing prompts and helpful tips. Bring a sketchbook and your favorite drawing supplies. A camp stool will be available to carry with you should you wish.

A16 Tuesday, 7/15

9am-1pm

Denver Botanic Gardens Presents: Watercolor Miniatures

New!

Melinda Laz

\$85

Intimidated by watercolor? No need to fear! In this class, you'll create miniature 2"x4" masterpieces using watercolor and watercolor pencils. Learn helpful tips and tricks for working with the media, then adapt them on a miniature scale. You'll leave class with a finished miniature painting set into a miniature frame! All materials supplied.

A10 Sunday, 7/13

1:30pm-4:30pm

Denver Botanic Gardens Presents: Watercolor Prints

New!

Melinda Laz

\$85

Watercolor prints (also called watercolor monotypes) are loose, impressionistic, and so much fun to create! You'll paint scenes from nature, flowers or plants onto prepared plexiglass or vellum using watercolors and watercolor pencils, then transfer them onto damp paper. In this low-tech printmaking technique, the printed image is soft and luminous, ideal for rendering natural subjects. All materials supplied. If desired, bring photographs, drawings or other reference material to inspire your art.

1:30pm-4:30pm

Denver Botanic Gardens Presents: Zoom-In! Drawing Macro Flowers

New!

Lori Ann Levy-Holm

\$85

Flowers are beautiful and wondrous especially up close. In this class, look closely and zoom in on your floral subject to capture every petal and leaf detail. Learn a few basic botany principles along with some useful drawing techniques to help you render flowers accurately from a bug's point of view. Use a variety of graphite pencils to create your final drawing. All materials supplied.

Flowers from the Garden Watercolor Workshop

Denise Leibl

\$85

Surround yourself with unbelievable wildflowers and the guidance of encouraging instruction in this course focusing on the basics of watercolor, using wildflowers as our subjects. Set up in front of floral still life bursting with the yellows, reds, oranges, purples, and pinks of local Colorado wildflowers, and capture your favorites in small watercolor vignettes. Renowned artist and instructor, Denise Leibl, teaches techniques to lay colors into one another, focusing on how the paint moves and dries as you work, and how to choose and utilize different brushes for various effects. Learn how to consider and incorporate good composition into your work.

A08 Sunday, 7/13

9:30am-12pm

How to Bring the Scene Alive: Outdoor Creative Writing

Morgan Tilton

\$95

Level: ■ Intermediate (hiking)

Length: 3 miles on well packed trail with some rocky, steeper terrain

With Mule's Ears and Elephant's Head as a piece of inspiration, writers will practice sensory engagement with their writing to hook readers and bring them into the scene. Led by national award-winning travel writer and Crested Butte local Morgan Tilton, we will hike through wildflower meadows to a jaw-dropping Gothic Valley overlook, where we'll share a 60-minute creative writing workshop. We will walk through writing and editing exercises that help us capture place, and provide writers with tools that they can use for future storytelling, to document experiences and trips. Class size is limited to six participants in order to maximize interaction with the instructor. Expect to hike approximately three miles on easy to moderate terrain.

A21 Friday, 7/11

8am-12pm

Linoleum Stamp Making

Linsey Bachofer

New!

\$95

In this hands-on class, you'll learn the art of linoleum block printing to create custom stamps and unique prints. Starting with the basics, you'll discover how to design, carve, and print your own linoleum stamps, which can be used to decorate cards, fabric, paper, or even to create limited edition art prints. Through step-by-step instruction, you'll explore the carving process, learning how to safely and effectively use carving tools to create bold, clean lines and intricate patterns. You'll also experiment with different printing techniques, to bring your designs to life with rich texture and contrast. This class is perfect for beginners and those looking to refine their printmaking skills, offering a fun, creative outlet for making personalized designs. By the end of the course, you'll have a collection of custom stamps and prints, along with the confidence to continue experimenting with this versatile medium.

A24 Thursday, 7/17

9:30am-1:30pm

Mixed Media Wildflowers

Linsey Bachofer

\$95

In this class, you'll discover the dynamic possibilities of combining different materials and techniques to create vibrant, textured landscapes. Using a mix of media—such as watercolor, acrylics, colored pencils, ink and pastels—you'll explore how to layer, blend, and contrast these materials to bring depth and energy to your scenes of nature. Ideal for students of all levels, this class encourages creativity and self-expression, offering guidance on both technical skills and personal style. By the end, you'll have a completed landscape piece that showcases your unique approach to mixed media art.

A27 Saturday, 7/19

9am-12:30pm

Mountain Wildflower Needle-Felting

Megan Hammer

\$85

Learn the art of needle-felting! You'll learn techniques to create beautiful felted wool art using just wool and a needle in this beginner-friendly workshop. Follow along step-by-step to create a picturesque Crested Butte Mountain landscape and your favorite wildflowers, or create freely with a rainbow of colors!

All tools and supplies will be provided for use during the workshop, including a 4" hoop for framing your work. Led by artist Megan Hammer, www.meganhammer.com

A25 Friday, 7/18

9-11am

Plein Air Sketchbook Painting

Linsey Bachofer

\$85

Join us as we explore plein air watercolor painting in beautiful Crested Butte! Plein air, meaning "open air" in French, refers to the practice of painting outdoors, directly from nature. Guided by a former art educator and local artist, you'll learn essential techniques to capture the landscapes around you. Whether you're a novice seeking to explore your creative potential or an experienced artist looking to refine your skills, this class is designed to inspire and elevate you. Throughout the course, you'll discover the unique characteristics and versatility of watercolor paints, brushes, and paper, learn how to effectively observe and interpret natural light, colors, and atmospheric conditions, gain insight into composition, color theory and perspective, develop confidence in plein air painting through demonstrations, individualized feedback, and hands-on practice, and cultivate a deeper connection with the environment as you translate its beauty onto paper, fostering a greater appreciation for the local landscape. Please bring your own sketchbook and chair, everything else will be provided

A26 Friday, 7/18

12:30-3:30pm

Still Life Drawing: Hiking Theme

Linsey Bachofer

New!

\$85

In this class, you'll explore the delicate beauty and intricate details of flowers and other objects through the art of still life drawing. Using pencil and colored pencil—you will learn to capture the form, texture, and subtle nuances of the objects. We will focus on observing natural lighting, how it shapes the flower's structure, and the play of shadows and highlights that bring the composition to life. Whether you're a beginner or have some experience, this class will guide you step-by-step through techniques like shading, proportion, and perspective, helping you develop a deeper understanding of how to represent nature in your artwork. By the end of the course, you'll have a completed still life drawing, as well as the skills to approach future still life projects with confidence and creativity. Paper will be provided, please bring your own colored pencils. Prismacolor pencils are recommended.

A20 Wednesday, 7/16

9:30am-1:30pm

Watercolor Workshop in the Garden

Annie Starr

\$95

In this plein air watercolor painting workshop participants will be inspired by mountains and flowers in the Three Ladies Park. This location has it all with beautiful views of Paradise Divide and a stunning wildflower garden. All materials are provided, we will be creating with liquid watercolors on Aquaboard. Please wear comfortable clothing, bring a camp chair, hat, sunscreen, and water.

A02 Friday, 7/11

A11 Monday, 7/14

9am-12pm

A22 Thursday, 7/17

9am-12pm

Wildflower Bouquet Arranging

Heather Seekatz

New!

\$60

Join us for a fun and hands-on fresh cut flower arranging class where you'll learn the art of creating a beautiful wildflower-inspired bouquet. You will learn how to select and arrange the flowers needed to look as though they were gathered from a mountainside field. Whether you're a beginner or a seasoned flower enthusiast, this class will tap into your creativity. You'll leave the session with a personalized, pint sized mason jar arrangement to enjoy during your time in Crested Butte, and the skill to recreate it at home. All materials are provided—just bring your love for flowers! And, remember, we never pick the wildflowers!

A29 Monday, 7/14

8:45-10:15am

Wildflower Watercolor & Wine

Zach Bauer

\$85

Join local watercolor artist, Zach Bauer, for a step-by-step watercolor painting class with wildflowers as the subject. Zach will guide the group through a watercolor painting from start to finish, giving instruction on setting up to paint, wash and watercolor painting techniques, composition, and more. Wine and wine spritzers are provided to participants 21 and older, so you can relax and create! All watercolor supplies and your wine are included. Absolutely no watercolor experience is necessary!

A19 Tuesday, 7/15

4:30-7pm

Susan Yoke

Aquatic & Carnivorous Plants of Crested Butte

Luke Tembrock

\$80

Level: ● *Beginner*

Length: 2-3 miles on well-packed trail, some rolling/steep terrain

A mere 10,000 years ago the Slate River Valley and surrounding feeder drainages played host to a vast quantity of glacial ice; when that ice melted, water loving plants thrived! Many of those plant species remain, including the common Bladderwort, a carnivorous plant with some of the fastest “jaws” in nature and beautiful snapdragon-like flowers. On this hike we will visit Crested Butte’s Bladderwort hotspot and examine other aquatic and riparian species along the way.

B07 Tuesday, 7/15

8:15am-12:15pm

A Carnivorous Aquatic Plant and More!

Laura Johnston

\$80

Level: ■ *Intermediate*

Length: 4-5 miles on well-packed trail, with steep sections

Did you know Crested Butte has carnivorous plants? On this hike in the Cement Creek area we will explore a local hotspot and learn about a fascinating aquatic plant that captures its diet. How does it do it? What does it look like above and below the water? Then, the hike will continue uphill into the aspens and cross meadows full of wildflowers with a few small creeks.

B10 Saturday, 7/19

8:30am-12:30pm

Botany Bounty in the Slate River Valley

Jennifer Ackerfield/Richard Davis

\$100

Level: ◆ Intermediate-Advanced

Length: 4-5 miles with steep and rocky terrain

The Oh-Be-Joyful trail is one of the most scenic trails in Crested Butte. On this trip, we will begin at Slate River, winding our way up the trail through a glacial valley on the east side of Ruby Range. Wildflower filled meadows await! Along the way we will also encounter waterfalls as well as some uncommon wildflowers.

B01 Saturday, 7/12 8:30am-2:30pm Jennifer Ackerfield

B09 Thursday, 7/17 8:30am-2:30pm Richard Davis

Denver Botanic Gardens Presents: Nerdy Naturalist Nature Walk

Vanessa Callahan

\$80

Level: ● Beginner

Length: 3.5 miles, some steep, uneven terrain

On this scenic hike you'll learn fascinating, fun, and (even racy) facts about wildflowers, flower reproduction and the ecosystems that support these lovely but temporal blooms. Learn to look closely and observe things that were always right in front of you along the trail!

B02 Saturday, 7/12

9am-12:30pm

B04 Sunday, 7/13

9am-12:30pm

B05 Monday, 7/14

9am-12:30pm

Beth Parker

Identifying Wildflowers Using Mobile Apps

Jennifer Ackerfield

\$80

Level: • Beginner

Length: 2-3 miles on well-packed trail, some steep/rocky terrain

Have you ever wanted to learn how to identify wildflowers with a mobile app? Join Jennifer Ackerfield, Director of the Charles Maurer Herbarium and Assistant Professor of Botany at Colorado State University, as she guides you through the most popular identification apps available for Colorado wildflowers. You will also learn how to use the iNaturalist app, enabling you to not only identify your photographs but to also become a citizen scientist. Bring your smartphone device and come away confident in your wildflower identifications!

B03 Sunday, 7/13

8:30-11:30am

Plant Defenses & Survival Strategies

Jennifer Ackerfield

\$80

Level: • Beginner

Length: 2.5 miles on well-packed trail, some rolling/steeper terrain

For the biology lover! This hike will highlight particular plant species' defensive and offensive strategies for survival, including production of plant toxins, responses to herbivory, and competition for territory and pollinators—and how these affect human beings!

B08 Tuesday, 7/15

10am-1pm

What's in a Name?

Jennifer Ackerfield

\$80

Level: • Advanced Beginner

Length: 3.5 miles, some steep, uneven terrain

Have you ever wondered how plants get their scientific and common names? Or why those names change? On this hike, you will learn the process of naming plant species and why disagreements can exist among botanists. We will even play a game of botanical bingo as we hike, with the winner receiving a fabulous prize at the end! This hike will take place on the beautiful Snodgrass trail, offering a multitude of wildflowers and views of Crested Butte Mountain along the way.

B06 Monday, 7/14

9:30am-1:30pm

Culinary & Medicinal

Medicinal Plants of the Mountains

Leanne Benton

\$90

Level: ●■ Adv. Beginner–Intermediate

Length: 3-4 miles with some rocky and steep terrain

The wildflowers along the Horse Ranch Park trail are not only beautiful, many have served as the grocery store and pharmacy for earlier people and are still used today. We will focus on these edible and medicinal species, plus learn about toxic species to avoid! *Note: the event time includes a 30-min drive to trailhead.*

C01 Friday, 7/11

8:15am-1:15pm

C02 Tuesday, 7/15

8:15am-1:15pm

R02 Friday, 7/18

8:15am-12:15pm

Members Only

As a nonprofit organization, we owe much of our success to our Wildflower Festival Members! Membership allows us to continuously improve the Wildflower Festival experience. This includes but is not limited to offering new and exciting events, implementing preservation efforts that support our mission, and partnering with other local, like-minded nonprofit organizations. We cannot exist without our Members! As a special thank you, we offer the following complimentary Members Only events.

[Click here](#) to learn more about Member benefits and how you can support the Wildflower Festival!

Lupine Members & Above

Member Appreciation Party

Come mingle with Festival Leaders, staff, and Board of Directors, and enjoy appetizers and cocktails. You won't want to miss this fun-filled event, which includes a drawing for great door prizes.

- Lupine, Columbine & Scarlet Gilia Members +1 guest
- Mariposa Lily Members +2 guests
- Fairy Slipper & Wildflower Garden Members +4 guests

M04 Saturday, 7/12

4:30-6pm

Reservations required - we will email a link to RSVP for the party in the early summer.

Scarlet Gilia Members & Above will receive an email with links to register for both our regular and Members Only events on the day Member registration opens for their wave. Please use the following guidelines when registering:

Scarlet Gilia Members

- Register yourself for one Members Only event

Mariposa Lily Members

- Register yourself +2 guests for our **Dinner** or **Lunch with a Wildflower Scientist**
- Register yourself for two additional Members Only events

Fairy Slipper Members

- Register yourself +4 guests for our **Dinner** or **Lunch with a Wildflower Scientist**
- Register yourself for three additional Members Only events

Wildflower Garden Members

- Register yourself +4 guests for our **Dinner** or **Lunch with a Wildflower Scientist**
- Register yourself for an unlimited number of Members Only events

It is possible there may be availability in some of the events once everyone has selected their first choices. We will be happy to allow Members to register for additional Members Only events and will provide ongoing email communications with availability and registration links until the events are filled.

Alpine Wildflowers of Mt. Crested Butte

Leanne Benton

Level: ■ *Intermediate*

Length: 2+ miles rocky, steep, uneven terrain

Join Leanne for a wonderful opportunity to see alpine and subalpine wildflowers without having to hike up! You'll ride up the Silver Queen lift and do some hiking on Mt. Crested Butte to around 11,500 ft. Leanne will show you the significant features of gorgeous alpine wildflowers while you enjoy the spectacular views of the valley, especially on the lift ride down.

M05 Sunday, 7/13

9am-1pm

M13 Saturday, 7/19

9am-1pm

Dinner with Wildflower Scientist

New!

Mariposa Lily Members and above, join Dr. Paul CaraDonna for an engaging event at the Rocky Mountain Biological Laboratory! Enjoy an insightful talk followed by a complimentary buffet-style meal in the beautiful Dining Hall at RMBL. This event offers a unique opportunity to connect with fellow nature enthusiasts, learn from Dr. CaraDonna's expertise, and indulge in delicious food in a stunning mountain setting on the RMBL campus. Don't miss this memorable experience!

M03 Friday, 7/11

5:30-7:30pm

Evening of Wildflower Photography

Jan Runge

*Level: Beginner-Advanced Need: Digital camera, tripod
4WD/high-clearance vehicle recommended.*

Build your understanding of digital camera settings, how to control exposure, sharpness, and speed, as well as point-and-shoot options and limitations. Understand the difference between beautiful and photogenic! You'll learn to make the most of low, medium, and high contrast, and how to work with the direction and intensity of light.

M12 Friday, 7/18

4-8pm

Gardens & Ghosts

Glo Cunningham

Level: • Beginner

Length: 2 miles of level, paved walking

Is Crested Butte haunted? Perhaps, but the ghosts of this town are of the Casper variety – friendly, harmless, and playful. On this tour you'll stroll the alleys and gardens of Crested Butte while listening to stories about the antics of old timers whose spirits remain.

M08 Monday, 7/14

3-5:30pm

Gothic Townsite Tour

New!

Greta Schoonover

Level: • Beginner Length: 1 mile of walking

Explore the historic Gothic Townsite on a guided tour through the heart of Gothic, Colorado, home to the renowned Rocky Mountain Biological Laboratory. Discover the rich history, fascinating stories, and scenic beauty of this charming alpine town. This tour offers a unique glimpse into the past while showcasing the area's natural wonders. Join us for an unforgettable journey through Gothic's captivating history and stunning landscapes!

M07 Monday, 7/14

8-10am

Lunch with Wildflower Scientist

New!

Mariposa Lily Members and above, join Dr. Carol Boggs for an engaging event at the Rocky Mountain Biological Laboratory! Enjoy an insightful talk followed by a complimentary buffet-style meal in the beautiful Dining Hall at RMBL. This event offers a unique opportunity to connect with fellow nature enthusiasts, learn from Dr. Boggs' expertise, and indulge in delicious food in a stunning mountain setting on the RMBL campus. Don't miss this memorable experience!

M14 Thursday, 7/17

11:30am-1:30pm

Reading the Landscape

New!

Jackie Fitzgerald

Level: ■ *Intermediate* *Length:* 4+ miles with rocky, steep terrain

Hike in the shadow of Gothic Mountain and explore stunning wildflower displays while learning the fascinating stories of the land's evolution. Our guide will share how geological forces and human history have shaped the ecosystems, offering a deeper understanding of the environment. Unlike typical hikes that focus on plant identification, this experience invites you to see the landscape through a historical and geological lens, making it ideal for nature lovers, history buffs, and anyone curious about the land's rich heritage.

M01 Tuesday, 7/8

9am-12pm

RMBL Herbarium Tour

New!

Rick Williams

Join Dr. Rick Williams for an informative tour of the Rocky Mountain Biological Laboratory Herbarium. Delve into the fascinating world of plant specimens, learn about the important research conducted at the Herbarium, and discover the diverse flora of the region. Dr. Williams will share his expertise and insights as you explore this valuable resource. Don't miss this opportunity to gain a deeper understanding of plant science in one of the most biodiverse areas of the Rocky Mountains!

M10 Wednesday, 7/16

8-10am

Tour of Crested Butte Gardens

Roxie Lypps

Level: • *Beginner*

Length: 2 miles of level, paved walking

Enjoy a guided tour of our local gardens while you admire and identify both wild and tame flowers. Our stroll will move at a leisurely pace; however, plan to walk up to 2 miles.

M11 Thursday, 7/17

10am-12pm

Wildflower ID Walk

Jackie Fitzgerald/Greta Schoonover

Level: • *Beginner*

Length: 2-3 miles on well-packed, rolling terrain

Join us for a wildflower identification walk at a leisurely pace, with time for questions and photographing the beautiful blooms! We'll take you where the flowers are at their best!

M02 Friday, 7/11 10:30am-12:30pm Jackie Fitzgerald

M09 Tuesday, 7/15 8:30-10:30am Greta Schoonover

Wildflower Watercolor & Wine

Zach Bauer

Join local watercolor artist, Zach Bauer, for a step-by-step watercolor painting class with wildflowers as the subject. Zach will guide the group through a watercolor painting from start to finish, giving instruction on setting up to paint, wash and watercolor painting techniques, composition, and more. Wine and wine spritzers are provided to participants 21 and older, so you can relax and create! All watercolor supplies and your wine or wine spritzer are included. Absolutely no watercolor experience is necessary!

M06 Sunday, 7/13

4:30-7pm

Join us in sending a big thank you to our 2025 poster underwriters and long-time Members, Craig & Carmen Alexander!

"Craig and I have been involved with the Crested Butte Wildflower Festival (CBWF) for almost 10 years. We started coming to Crested Butte back in the late 80's, but we didn't venture up during the summer months until several years later. As a Master Gardener and Docent at the Fort Worth Botanic Garden Japanese Garden, I am a longtime "plant geek;" Craig is a more recent horticultural enthusiast.

One of my favorite memories from the CBWF was the focus (and series of lectures) on bees a few years ago. At home (in Texas), I am a big fan of perennials, native/adapted plants, and pollinator gardens. Learning more about the significance of bees within the unique mountain environment was fascinating! Craig and I truly look forward to the Members Only events - learning about unique plant adaptations and hearing, firsthand, from scientists who are conducting groundbreaking research. Connecting with other Members who share that enthusiasm is also wonderful! And what could possibly be more magical than hiking across a wildflower meadow on Rustler's Gulch or capturing the perfect shot of a Fairy Slipper or Mariposa Lily in full bloom?

We are genuinely delighted to have the opportunity to underwrite the 2025 CBWF poster. Advocating for the appreciation and preservation of wildflowers *anywhere* is a worthy endeavor. We are honored to support the CBWF and to join with others to educate, inform, and preserve the natural beauty and majesty of such a special place - Crested Butte!"

-Carmen Day-Alexander

Photography

Adventure Photography Workshop - Session 1 From Grand Landscapes to Smaller Scenes

Sarah Marino

Level: *Intermediate-Advanced*

New!

\$1,750

This three-day workshop offers a well-rounded and highly resourceful educational experience, appropriate for any level of outdoor photographer. We will take advantage of the soft light at the edges of the day along with changing light

throughout the morning and afternoon. This means that you will have longer field sessions than workshops that focus exclusively on sunrise and sunset. During your time in the field, Sarah will share lessons on learning how to see photographic opportunities, composition, working with a broad range of lighting conditions, and overcoming technical challenges. The workshops will include extensive time in the field, guided lessons to extend your learning, time for personal exploration, and two classroom sessions. You will also share meals as a group to allow time for discussion about all topics related to nature photography, travel, and the places you will be visiting. Everyone in the group will be expected to practice Leave No Trace and Nature First Principles to help protect Crested Butte's wildflowers. During our first in-person session, Sarah will share more information about Nature First and how we be respectful of this sensitive landscape.

P01

Sunday, 7/13 - Tuesday, 7/15

Adventure Photography Workshop - Session 2 Quiet Landscapes

Sarah Marino

New!

\$1,750

Level: Intermediate-Advanced

This three-day workshop will focus exclusively on photographing nature's smaller scenes. Specifically, we will seek out intimate landscapes, abstract renditions of natural subjects, portraits of plants and trees, and macro subjects including flowers. This workshop offers a well-rounded and highly resourceful educational experience, appropriate for any level of outdoor photographer. You should however be very familiar with your camera, and its operations. We will take advantage of the soft light at the edges of the day along with changing light throughout the morning and afternoon. This means that you will have longer field sessions than workshops that focus exclusively on sunrise and sunset. During your time in the field, Sarah will share lessons on learning how to see photographic opportunities, composition, working with a broad range of lighting conditions, and overcoming technical challenges. The workshops will include extensive time in the field, guided lessons to extend your learning, time for personal exploration, and two classroom sessions. You will also share meals as a group to allow time for discussion about all topics related to nature photography, travel, and the places you will be visiting. Everyone in the group will be expected to practice Leave No Trace and Nature First Principles to help protect Crested Butte's wildflowers. During our first in-person session, Sarah will share more information about Nature First and how we be respectful of this sensitive landscape.

Cell Phone Photography

David Kish/Eric Phillips/Dave Snyder & Jeff Johnson \$125

Level: Beginner

Need: Cell Phone with camera capability

You don't need a bulky and expensive camera to take amazing pictures. Cell phones today have amazing capability. Venture into the field armed with your cell phone to take broad landscapes as well as flower closeups. We will teach you the basics of composition, adjusting exposure, when to use flash, in addition to other applications you might consider for slow shutter work creating fantastic artistic abstract effects. The class will also discuss some of the editing tools available on top of the tool sets provided by your phone.

P03	Monday, 6/23	8:30-11:30am	David Kish
P07	Saturday, 7/12	12-3pm	Eric Phillips

Close-up & Abstract Wildflowers

David Snyder & Jeff Johnson

\$125

Level: Beginner-Intermediate

Need: DLSR camera, wide lens, macro lens, sturdy tripod, screens/reflectors if you have them.

In this class we will take you out to wildflower fields and get down on the ground focusing on the small details of the flowers. We will discuss focusing techniques (hyperfocal distance focusing, focus stacking), composition, and camera setting options using the exposure triangle. We will use light modifiers (reflectors as well as screens). We'll spend hours in the field with endless flowers and scenery you'll not want to leave. With Colorado's high country being one of the premier locations for wildflowers and breathtaking scenery, this is a can't miss opportunity for you. From fields of Columbine to individual blossoms of many other colorful flowers, this workshop will satisfy your desire to create fine art images you'll want to hang on your wall!

Level: Beginner-Intermediate

Need: DSLR Camera with Lenses and knowledge of basic functions/ how to adjust aperture, ISO, & shutter speed, extra batteries, SD Cards, & ND or Polariser filters, sturdy tripod and head, camera backpack or carrying system with rain cover, hiking boots, headlamp/ flashlight, thermos for coffee/tea, cell phone app PhotoPills (very useful but not required)

Photograph all the stages of the sunrise over beautiful Peanut Lake. Learn the best settings for shooting golden hour, sunrise, and daytime matched with one of the best compositions of Crested Butte. Lupine and Alpine Sunflower will be the main flowers photographed. There is also a good chance to see and photograph wildlife at the lake.

P14 Tuesday, 7/15

5-9am

Top of the World Wildflowers

David Snyder & Jeff Johnson

\$185

Level: All, expect up to 1 mile of easy hiking on well packed trail

Need: DLSR camera, wide lens, macro lens, sturdy tripod, screens/reflectors if you have them.

In this class we will take you out to high alpine wildflower meadows where we will explore broad landscapes, and get down on the ground focusing on the small details of the flowers. We'll spend hours in the

field with endless flowers and mountain views, and a sunset or sunrise you'll not want to leave. With Colorado's high country being one of the premier locations for wildflowers and breathtaking scenery, this is a can't miss opportunity. From fields of flowers to individual blossoms of many colorful flowers, this workshop will satisfy your desire to create stunning pieces of art. Some easy hiking at high altitude (9,000-11,000) feet is anticipated.

Mountain States Bumble Bee Atlas

New!

Amy Dolan

\$25

Level: • Beginner

Length: 1-2 miles on well packed, level terrain

The Mountain States Bumble Bee Atlas is a community science project aimed at documenting the location and habitat of bumble bees across Colorado, Wyoming, Utah, and Nevada. Our goal is to gather current information about the habitats these pollinators are relying on in order to inform future conservation actions. Come learn more about the what, why, and how of the Atlas while seeing which species are foraging on our local wildflowers. Amy Dolan, conservation biologist with the Xerces Society and coordinator of the Atlas project, will answer questions about the project, teach the Atlas's protocol, and provide time for hands-on practice.

F18 Sunday, 7/20

9am-12pm

Honoring former CBWF Board President Dr. Chelsea Stangl

Passionate about the preservation of wildflowers in our valley and helping people experience the magic of Crested Butte in the summertime, Dr. Chelsea Stangl joined the Crested Butte Wildflower Festival Board in 2023. Moving into the role of President in 2024, Chelsea's compassionate and tactful leadership was instrumental in conducting the search and onboarding of a new Executive Director. Dr. Stangl leaves behind a legacy of making the Wildflower Festival more accessible, ensuring it can inspire and engage a broader, more diverse audience—many of whom may not yet realize their own passion for wildflowers, the outdoors, and exploring our valley.

Dr. Chelsea Stangl has been a part of the Crested Butte Community since 2014 and moved here full-time in 2017. She and her husband own Crested Butte Dental in CB South, where they live. Since the first moment she laid eyes on Crested Butte in 2011, she has felt the magic of the town, the mountains, and the community and feels incredibly grateful to call Crested Butte home.

We are deeply thankful for Chelsea's dedication to the Festival and wish her the best of luck in her next endeavors!

Intermediate 3-hr Hike

Trek through Campus, Judd Falls/401, and into Wilderness Area.

@ RMBL Visitor Center

Intermediate 2-hr Hike

Hike near the proposed Village at Mt. Crested Butte, Crested Butte Land Trust Stewardship, and U.S. Forest Service Land.

@ the Snodgrass West side trailhead off of Gothic Road

Beginner Hikes & Walks

Beginner walks/hikes are generally suitable for most people who can walk at a leisurely pace of 2 miles/hour. These hikes are level, with some rolling terrain, and utilize wider, well-packed trails and Jeep roads. Keep in mind that the altitude in Crested Butte can often make these hikes feel more challenging than their counterparts at sea level. Plan to travel 2-4 miles with up to 500 feet of elevation gain/loss. Wear sturdy walking/hiking shoes (NO flip flops or sandals!). Bring sunscreen, bug spray, snacks, and carry at least **16 ounces of water**. Children ages 12+ welcome with supervision.

Sue Little

Explore Emerald Lake Basin

Ken Collins

\$90

Level: • Beginner

Length: 2-3 miles on well-packed road with some rocky & steeper terrain

Explore the Emerald Lake basin and its tremendous variety of wildflowers. The lake, as its name implies, is an intensely deep green, and this time of the year, should still have extensive snow banks around it. For those who want a relaxed opportunity to see a mix of alpine and subalpine flowers, this is the perfect outing.

H17 Sunday, 7/13

7:30am-12pm

Explore Judd Falls

Ken Collins/Richard Davis

\$80

Level: • Advanced Beginner

Length: 3+ miles on well-packed trail with some rocky & steeper terrain

Along this trail we'll experience excellent displays of wildflowers and wonderful views up the Gothic Valley. We will walk up to the Judd Falls overlook, or time permitting, perhaps a little past it. Judd Falls provides a dramatic turn-around point for our walk.

H31 Tuesday, 7/15

Snow & Bloom

Sara Simonson

\$80

Level: ● *Advanced Beginner*

Length: 3+ miles with some rocky, steep terrain

Delve into the fascinating relationship between snowpack and the wildflowers that emerge when the snow melts. We will explore how snow cover impacts plant survival, growth patterns, and seasonal transitions in the East River Valley. Learn about the vital roles snow plays in regulating temperatures, moisture, and soil health, and discover how wildflowers adapt to thrive. Whether you're a seasoned naturalist or a curious beginner, this event offers an in-depth look at the beauty and resilience of nature's most delicate ecosystems.

H37 Wednesday, 7/16

10am-1pm

Splendor on Snodgrass

Ken Collins

\$80

Level: ● *Advanced Beginner*

Length: 3+ miles with some rocky, steep terrain

Snodgrass Mountain is what makes us the "Wildflower Capital of Colorado!" This hike will take you through fields of flowers in bloom, groves of quaking aspen, stands of spruce and fir trees, with views of Crested Butte Mountain. This lower-elevation wildland and its wetlands also provide habitat for many species, even the elusive Canada lynx. This version of the hike begins on Washington Gulch Road and is appropriate for advanced beginner hikers.

H12 Saturday, 7/12

8am-12pm

Monica Breckenridge

Upper Loop to Tony's Trail

Ken Collins

\$80

Level: • *Advanced Beginner*

Length: 3+ miles on trail with some rocky, uneven terrain

This relatively easy hike is mostly downhill with varied terrain through forest and grasslands. We're likely to see a wide variety of wildflowers with dramatic views of the south side of Mt. Crested Butte as we traverse the Upper Loop trail and connect to Tony's Trail.

H24 Monday, 7/14

THE GARDENS
ON SPRING CREEK

Intermediate Hikes

Intermediate hikes are suitable for people who consider themselves fit and who participate in jogging/walking/hiking activities on a regular basis. You should be able to comfortably travel at a pace of 2-3 miles/hour. Plan on traveling 3-6 miles on narrower, packed and rocky trails with some uneven footing. These events traverse steeper terrain, with 500-1,000 feet of elevation gain/loss (steep!). Wear sturdy hiking shoes/boots (NOT tennis shoes), and bring sunscreen and bug spray. Bring at least **32 ounces of water** and a snack (or lunch if event is around noon). Rain jacket required. Hiking poles recommended. Children 15+ welcome with supervision.

Marilyn Rodman

Lily Lake Wildflowers

Leanne Benton/Laura Johnston/Molly Murfee \$90

Level: ■ *Intermediate*

Length: *4 miles with some rocky, steep terrain*

A moderate hike through subalpine forests and meadows carpeted in wildflowers to a lake where Water Lilies bloom against a backdrop of mountains. 86 different flowers have been identified on this hike!

H13	Saturday, 7/12	8am-12:30pm	Leanne Benton

Lower Deer Creek Trail

Jackie Fitzgerald \$80

Level: ■ *Intermediate*

Length: *4+ miles with rocky, steep terrain*

Discover the beauty of a locally known, yet infrequently utilized wildflower trail. The out and back hike begins on a 4x4 road and narrows to single track. Enjoy a beautiful, meandering hike through open meadows, glacier-created ponds, and centuries old aspen groves. Discover diverse displays of wildflowers and never lose site of awe-inspiring Gothic Mountain. Thorough discussions of the area's wildflowers and natural history will be provided.

H42 Thursday, 7/17 9am-1pm

Reading the Landscape

Jackie Fitzgerald

New!

\$80

Level: ■ *Intermediate*

Length: 4+ miles with rocky, steep terrain

Hike in the shadow of Gothic Mountain and explore stunning wildflower displays while learning the fascinating stories of the land's evolution. Our guide will share how geological forces and human history have shaped the ecosystems, offering a deeper understanding of the environment. Unlike typical hikes that focus on plant identification, this experience invites you to see the landscape through a historical and geological lens, making it ideal for nature lovers, history buffs, and anyone curious about the land's rich heritage.

Length: 3-4 miles with some steep, rocky, and uneven terrain

This moderate hike has one of the richest wildflower displays in the valley along with spectacular views of the Elk Mountains and Maroon Bells area. We'll hike up towards Gothic Mountain to the high point where you'll find both alpine and subalpine wildflowers including Silvery Lupine, Paintbrush, and Spotted Saxifrage. Note: Event time includes a 30-min drive to trailhead, high clearance/4-wheel drive vehicle required.

Walrod's Wildflowers & Caves

Laura Johnston

\$90

Level: ■ *Intermediate*

Length: 4-5 miles with rocky, **very steep**, and uneven terrain

Walrod Gulch meanders across a southern-facing slope in the Cement Creek Valley and is home to one of the most impressive displays of Mule's Ear Sunflowers and Lupine in the valley! Incredible views of Cement, Red, and Whetstone Mountains. Explore hidden caves as you meander among the wildflower meadows.

8:30am-1:30pm

Westside Wildflowers of Mt. Crested Butte

Rick Reavis

\$80

Level: ■ *Intermediate*

Length: 3+ miles with rocky, steep terrain

This scenic hike meanders through meadows, aspens, and evergreen forests on the western flanks of Mt. Crested Butte. Expect to find a wonderful display of diverse species of wildflowers including the Coralroot Orchid in certain years. Thorough examinations and discussions will be given to the plants observed along the trail.

8:45am-12:45pm

Wildflowers & Waterfalls of Lake Irwin

Ken Collins

\$90

Level: ●■ *Adv. Beginner-Intermediate*

Length: 3-4+ miles with rocky, steep terrain

Join us as we explore the spectacular wildflowers and wetlands surrounding Lake Irwin. The shoreline passes through a variety of habitats including dense fir forest, lush meadows, and beaver ponds. We'll also explore the beautiful falls on the south side of the dam. *Note: event time includes 30-min drive to trailhead.*

H50 Saturday, 7/19

7:30am-12:30pm

Wildflowers & Wetlands of Swampy Pass

Ken Collins

\$100

Level: ■ *Intermediate*

Length: *4-5 miles with steep, rocky, and uneven terrain*

Enjoy stunning scenery and spectacular views of the iconic Castles rock formations on this hike! It begins with high mountain meadows blanketed with wildflowers and traverses through beautiful aspen forests. We'll observe an abundance of wildflowers and explore riparian areas while enjoying the gorgeous views of the Ohio Creek Valley. *Note: event time includes 40-min drive to trailhead.*

Robin Bratton

Advanced & Expert Hikes

Expert hikes are suitable for people who are very physically fit, and who incorporate running, cycling, or other strenuous exercise into their schedule on a regular basis.

You should be comfortable traveling at a pace of 3 miles/hour...uphill! Plan on traveling 5-8 miles (or

Paige Murray

more) on steep, often rocky terrain, and expect some off-trail hiking across talus slopes. Footing can be tricky and many of these hikes contain creek/river crossings and include traveling across areas that are narrow and exposed to cliffs/drop-offs. Elevation gain/loss can exceed 1,500 vertical feet (very steep!). These hikes are not suitable for anyone with medical issues that prevent them from exerting themselves or who have a history of altitude sickness when traveling to mountain areas. Sturdy hiking BOOTS, complete rain gear (jacket & pants), sunscreen, bug spray, hat, **2 liters of water**, and substantial snacks and lunch required. Hiking poles recommended. Read event descriptions carefully to learn if sandals/river shoes are required. If you have traveled to Crested Butte from sea level it is recommended that you spend at least 24 hours in Crested Butte prior to your event departure time to acclimate to the altitude change.

Baxter Gulch

Rick Reavis

\$80

Level: ◆◆ Intermediate-Advanced

Length: 3 miles with steep, rocky, and uneven terrain

This new classic trail took eight years of construction and is a new gem in the mix of trails close to the Town of Crested Butte. You'll ascend through aspen forest then traverse across southern slopes filled with Mule's Ear, Aspen Sunflower, and Lupine. A descent to the creek marks the turn-around point, or if time permits, ascend the wooded slopes on the other side and search for the elusive Fairy Slipper.

H21 Sunday, 7/13

8am-12pm

Beckwith Pass Hike

Laura Johnston

\$100

Level: ■◆ Intermediate-Advanced

Length: 6+ miles with rocky, steep terrain including a shallow creek crossing.

This trail provides an abundance of wildflower species and spectacular views of the Ruby Range. Elevation gain is gradual with some short steep sections near the pass. The casual pace allows time for discussion of characteristics of plant families, anatomy of the flowers, and their reproductive and survival strategies. *Note: event time includes 30-min drive to trailhead.*

H08 Friday, 7/11

8am-3pm

Discoveries Along the Dyke Trail

Luke Tembrock

\$90

Level: ■◆ Intermediate-Advanced

Length: 6 miles with steep and rocky terrain

This trip will begin with a focus on the higher altitude flora such as Lupines, various Sunflower family species, and Buttercup family species. As the trail progresses downwards in elevation we will examine the plants and flowers associated with the several south facing parks and the scree plants found adjacent to the trail's namesake – an intrusive igneous Dyke. Thereafter the focus will be on the plants associated with aspen forests (this is one of the largest in North America) as the trail winds down to a glacial bench. The trip will conclude with a final look around the large open meadow that is Horse Ranch Park.

Please note: event time includes 30-min drive to trailhead; we will drop cars at Horse Ranch Park and carpool to the start, then reverse at the end. Please plan on using your vehicle.

H25 Monday, 7/14

8am-1pm

John Zemaitis

Lost Lake and Beckwith Pass

Luke Tembrock

\$100

Level: ♦ Advanced

Length: Approximately 8 miles with steep and rocky terrain

This scenic adventure travels through one of the largest aspen forests in North America and meanders through open parks of wildflowers before descending on the Cliff Creek trail to Horse Ranch Park. The meadows between Lost Lake and Beckwith Pass are filled with prime examples of Case's Corydalis, Oshá, and Corn Lily, wildflowers said to be emblematic of the West Elk mountains. Enjoy these species along with numerous other montane flowers along with excellent views of Marcelina Mountain, the Beckwith Mountains, the Ruby Range, and the Dyke Trail.

Please note: event time includes a 30-min drive to trailhead; we will drop cars at Horse Ranch Park and carpool to Lost Lake, then reverse at the end. Please plan on using your vehicle.

H19 Sunday, 7/13

7:45am-2:45pm

Poverty Gulch & Daisy Pass

Molly Murfee

\$100

Level: ♦♦ Expert

Length: 6-8+ miles with very steep, rocky, uneven and exposed terrain

Bring sandals/river shoes for creek crossings.

This adventure has it all! Waterfalls around every corner. Wildflowers of every variety blanketing steep hillsides. Dramatic mountain views extending for miles from the Maroon Bells to Scarp Ridge. We'll travel from Poverty Gulch to the top of Daisy Pass and take in the views of the mountains surrounding the Oh-Be-Joyful valley. It's a hiking experience you won't forget. *Note: event time includes a 30-min drive to trailhead.*

The Ruby of the Rockies

Krista Hildebrandt

\$100

Level: ■◆ Intermediate–Advanced

Length: 3-5 miles with rocky, steep and uneven terrain

This hike is referred to in the trail guide as “classic and unique,” and for good reason. It skirts the grandiose rock “Dyke” outcrop of the Ruby Range as it weaves and winds through one of North America’s largest aspen forests. A wonderful selection of flowers can be seen here, including a few not present in other areas around Crested Butte. *Note: event time includes a 30-min drive to trailhead.*

H51 Saturday, 7/19

7:45am-1:45pm

Rustler's Gulch

Laura Johnston/Molly Murfee

\$100

Level: ◆ Advanced-Expert

Length: 5-6 miles with steep, rocky terrain, mud, and creek crossings.

River shoes/sandals required.

One of our favorite hikes through meadows and pine forest to a beautiful alpine basin. A plethora of waist-high flowers and elusive beauties abound, including Monkey Flower, Parry’s Primrose, and Bog Orchid. A variety of rushing water distinguishes this trail and establishes a habitat rich with riparian flora. Be prepared for water crossings! *Note: event time includes 30-min drive to trailhead.*
