

Heritage Numbers

Heritage Numbers are membership numbers that were in use on Airstreams while participating in historically significant events. Heritage numbers shall be reserved from reassignment. Current members assigned a Heritage Number may continue to use that number as long as they remain members in good standing.

While the #1 that was always assigned to Wally and Stella Byam has not been designated a Heritage Number yet, #1 will always be Wally and Stella's number. Here are the approved Heritage Numbers with the names of the club members to which they were assigned during the qualifying historically significant event(s):
