Message from Parniece....

I would say our February Rally at Willow Tree RV Resort can be summed up in 3 words: Fun, Friends, & Information. Thanks to many who made this a great weekend; especially Dick and Becky Martin for the seminars on "Safety and Security While Airstreaming" and Henry Knight for the "New Owners and Awning Seminars." Another special thank you to our "hosts," John and Beth Shostek and Steve and Alice Dougherty, who prepared our meals during the weekend—kudos for the delicious food. It was especially nice to see many new faces in addition to the many familiar ones. We're planning an exciting March Rally at the Stuckey Farm, so make your plans to meet us "down the road at the farm."

Get your blue jeans, cowboy hats, and flannel shirts ready for
Fun at the Stuckey Farm
March 6- 9, 2025

Here are a few things you need to know for the Rally:

Where: 5971 Hemingway Hwy, Nesmith, SC

On google maps this address will take you to the entrance of a dirt road to the Farm. Look for two orange cones on posts on either side of the entrance. There will also be a Club flag flying. When you enter make a wide turn! If you get lost call Carroll Burrows (843-319-6390), he knows all the back roads in Williamsburg County and can give you directions.

Parking: Proceed down the dirt road until see farm buildings and the road crosses a ditch, STOP. We will meet you and get you parked. It will be "**Rally Style Parking**". This means that you will be parking very close to the other trailers. How close depends on how many people register for the Rally. We will attempt to accommodate everyone that wants to attend.

Hook Ups: None! It will be dry camping (boondocking). So come with a full freshwater tank and your gray and blackwater tanks empty. Instructions for sterilizing your freshwater tank are in the notes you received at the New Owners Seminar in February. You will be able to drain gray water only on the ground and there will be a dump site as you leave the Rally on Sunday. Come with your batteries charged. You will be allowed to run Quiet Generators (like Honda generators). Please no loud industrial generators. We may have to establish generator hours, if noise is an issue. Fresh drinking water is available to fill your tank, but you may need a container to fill and empty it into your tank. Bring a flashlight because there are no streetlights on the farm.

Food: Meals provided by the club will be, Thursday Supper, Friday Supper, Saturday Breakfast, and Sunday Breakfast. Bring enough food with you for the other meals. There are no grocery stores close and due to our location it will be convenient to get your vehicle out. **There will be a rally fee to pay for the food but no camping fee.**

Skeet Shooting: We will be asking you to reply on the jot form if you want to shoot, so we have a number. Bring your shotgun and a box of shells. Carroll Burrows has a thrower and will have clay pigeons. Bruce Melville will be our Rangemaster, so follow his instructions or

Bikes: There are dirt roads that you can ride your bike. (Fat tire bikes will be best.)

Other activities horseshoes, cornhole, games, hiking and bike trails, and there will be something for everyone!!

Get ready for a fabulous weekend!

Please use the JOT form to "RSVP no later than Wednesday, February 19 ."
Just click on the link below and it will take you to the form to register.
