Stowe is not just for skiing anymore! Although a mountain town known for winter sports, more travelers visit in the other three seasons than in winter. And for good reason: there are a ton of things to do, see and eat in this area. The campground itself is a low-key, family run business that is 5 minutes from the iconic Community Church in the heart of Stowe so you are close to so much.

**Things do do:**

- Ride the gondola up Mt. Mansfield from Stowe Mountain Resort
- Drive to the top of Mt Mansfield on the toll road
- Visit Trapp Family Lodge for a hike, pastry or lunch at the Bierhall
- Take an easy ride on the recreation path starting at the Community Church and winding past the shops and eateries on Mountain Road
- Visit the Flavor Graveyard at the Ben & Jerry's factory on Route 100
- See the sights in the Champlain Valley including the Shelburne Museum and the Burlington waterfront
