## President's Letter

*"All I wanna do is go camping!"*  
- Mike Hooker

Wow! What a great rally we had in Fredericksburg. **Edward and Tiffany Wilson** did a fantastic job. Thank you both for hosting. Lantern Oaks RV Resort's RV sites, the main building, pool, hot tub are all exceptional facilities. **Bill Steddum** and **Steve Garcia** heated up their pizza ovens for us on Thursday night and made some amazing pizzas. The tour of Becker Vineyards was very interesting, educational, and the wine samples were great along with the charcuterie lunch on the patio. We topped off Saturday evening with music, drinks, and dinner at Alstadt Brewery. We had 26 rigs and 52 people show up. All in all, a fantastic weekend! Since it is so hot in Texas in July, we will not have a camping rally. However, there will be an opportunity to get together at **Bill Steddum** and **Ann Weaver's** house for a cookout. The first of its kind "Rigless Rally" will be a one-day event on Saturday, July 26th starting at 5:00 PM till it's over. Complete details follow in this newsletter. Seems like time speeds up this time of year. August has several

of us headed to York, PA for the International Rally. Then, we're back in Texas for the "End of Summer - Hello Fall" rally at Oakdale RV Park in Glen Rose, TX from September 19th - 21st. It promises to be a fun weekend with lots of activities. We are currently half-full, so don't delay in registering! Closing out the year we have the Installation Rally at The Boulders on Lake Tyler, November 14th - 16th followed by The Holiday Rally at The Vineyards Campground at Grapevine Lake on December 5th - 7th. All these rallies are starting to fill up, so don't put off reservations any longer or you may miss out.

See ya down the road!

The [2nd Annual Buddy Rally on Lake Murray](#) is already filling up for April 10–12, 2026. Book your spot now! Most of the Elephant Rock campsites have already been reserved, but you can secure a site in the Cedar Cove campground, which is only a short stroll away. An orange box is around that campground on the map on the [rally event page](#). There are some beautiful waterfront sites in Cedar Cove, and the sites have water and electric only.

## Paul and Dana Castles, BRN 03893

We are Paul and Dana Castles, and we live in Burleson, TX. Our 2017 Airstream International 25FB is our first Airstream, but not our first trailer. We are both retired. I (Paul) spent 42 years in the electric utility industry as well as a tour in the U.S. Army and Texas Army National Guard. Dana worked in retail and had a nail salon. We both enjoy history, traveling, and photography, and Paul is a HAM radio operator (KJ5GCH). We plan to travel even more since we have gotten the Airstream. We look forward to meeting new people and having new adventures.

## Jenn and John Hughes, BRN 04158

We've lived on a goat and bee farm in Granbury, TX for enough years to watch it go from a sleepy town to quite a tourist destination with lots of traffic! We are now "empty nesters" as the last of our four kids has gone off to Texas Tech this past year. I am a science teacher and my husband John is a regional sales manager for a wastewater treatment company. We were also Boy Scout leaders for many years, so we have a long history of camping in tents and small trailers.

We are mainly boondockers with and without a generator, and in fact, plan to take our teardrop and Bronco miles down the beach at Padre Island National Seashore again soon. I have wanted an Airstream trailer for many years since I was about 11, and read *The Red Trailer Mystery: Trixie Belden* book. It's a little silly, but you never know what's going to stick with you! Recently we found a beautiful 1975 Excella 500 in amazing shape. Last year we bought some land on the Leon River in Eastland County, and that is where our Airstream currently lives most of the time for when we go down to work and play. We joined the club and look forward to meeting people at the September event at Oakdale Park.

Congratulations to our new ACI Executive Council Members! The new Council members will be introduced at the upcoming 2025 International Rally in York, PA.

Historic Oakdale Family Campground opened in 1925. It's one of the only private RV parks in the country listed on the National Register of Historic Places. When you hear someone say that everything is bigger in Texas, you'll believe it when you see the Oakdale swimming pool. If the weather is still warm and you feel like taking a plunge in the HUGE pool it will be open!

We have 20 sites blocked at this time, so please don't hesitate to make your reservations. When you call, indicate that you are with the North Texas Airstream Club.

We hope you'll consider coming to Glen Rose - there's so much to do. Bring your kids, your grand-kids, and dogs as we welcome in Fall. Debbie is offering to teach a "Paint Your Pumpkin" class. Paint and brushes will be provided - just bring a pumpkin to paint (real or fake). A medium-sized pumpkin works best, and white pumpkins will get you lots of WOWs!

Search for dinosaur tracks and hike the trails at Dinosaur Valley State Park.

Go on a safari and see exotic animals at the Fossil Rim Wildlife Center.

Into rocks? Right across the road from Oakdale RV Park is an enormous rock.

# Airstream Pet Tails

Inspired by Co-Editor David's Airstream Primer about traveling with his cats (November 2024 edition), I felt we needed to include a page that focuses on our pets. Many of us travel with our pets, and quite a number of Airstream owners chose to live the Airstream life because it gives them the option to travel with them. If you have a pet or pets and want to share their travel stories with us, send your info and photos to [aec2you@gmail.com](mailto:aec2you@gmail.com)

## Pet Story #1: Meet Elvis

Many NTxAc members have met Elvis, the gentle Beagle who belongs to **Edward and Tiffany Wilson**. He attends more rallies than most of us and is a seasoned veteran of Airstream life. Here's Elvis's story in his own words:

*I was 9 years old, and my brother Sparky was 14 years old when our family got our Airstream travel trailer. Other than trips to a pet store, a family member's house, or a coffee shop Sparky and I had never really travelled. We had an adjustment period learning to ride in the truck, but we LOVED being in the trailer and every destination we went to. My parents were a little embarrassed when they took the two of us around other camp dogs because Sparky would bark and I would bay as loudly as I could at the other dogs. Sadly, in May of 2022 after about a year of traveling together, we lost my brother Sparky at the age of 15. This was a huge adjustment for my parents and me.*

*In November of 2022 our family went to our first North Texas Airstream Club Rally at Oakdale Park in Glen Rose, Texas. I didn't quite understand why the other dogs were playing together and often tried to "regulate" their activities. Joining the Airstream Club really opened the door to so many traveling opportunities for our family! We've now been members of the club for about 2 and a half years. During this time, I've traveled to so many cool places! Here are some of the states I've traveled to: New Mexico, Utah, Idaho, Montana, Wyoming, Colorado, Louisiana, Mississippi, Alabama, Florida, Tennessee, Arkansas, Missouri, Kansas, and Oklahoma. I discovered that I really enjoyed meeting and making new pup friends, too! I love getting to go to rally rooms or sit around the campfire with other club members as they often sneak a treat to me while we're hanging out!*

*During the Fall of 2023 my parents noticed I was starting to slow down and wasn't baying as much as I used to. In March of 2024 I was diagnosed with Thyroid cancer. Thankfully, there was a good prognosis, and I had my thyroid removed in April of 2024. This motivated my parents to continue to give me as many adventures as possible. By May we were back on the road and attending more rallies! This time around I got to sport some really cool bandanas to protect my neck where my surgery was.*

*My shoulder started bothering me this Spring so my parents took me to see my doctor. Unfortunately, my doctor told me I had a different type of cancer this time. It's harder for me to go on long walks, so my parents got me a really sporty pet trailer to stroll around in while we're camping. Health issues are really hard to go through, but they won't stop me from enjoying every moment I can! I love every minute of our camping adventures!*

## June 2025: Family and Friends

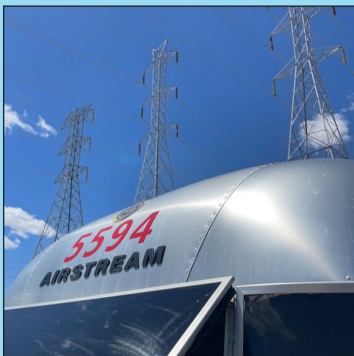

One of the wonderful benefits of owning an Airstream in retirement is having the ability, in the midst of your travels, to spend extended time with family and friends. There's more than one way to integrate these visits, and more than one way to plant yourself in proximity to your loved ones.

Sometimes events will steer you to certain destinations. The impetus for the early part of our trip was our niece's wedding in Southern California.

At other times, circumstances play their part in additional stops. For instance, I have a cousin in Scottsdale. Since Arizona sits right there in between Texas and California's Inland Empire, why not leave a little early and spend a few days with a cousin? Why not, indeed! Furthermore, Kim spent the first 30 years of her life in Southern California. I lived there 3 years myself during our early days together. Naturally, we still have friends and she still has family there. We can't pass that closely to dear ones and not visit, can we? No, we can't. After the wedding, we chose to make the rounds.

Reunion of the McIntyre "kids" at Kim's brother's youngest's wedding. (Kim at right)

At Westworld; Scottsdale, AZ. Go at the wrong time of the year and you'll need bazillion amp service from the high voltage wires overhead, feeding all the air conditioners you can fit on top of your rig!

You don't always have to make these visits a matter of convenience either. Sometimes you just go out of your way to see someone special. Northern Idaho isn't exactly in California's backyard. Nonetheless, one of Kim's old opera singing colleagues from L.A. started a music conservatory there a number of years back. It's a beautiful part of the country, and it ties to a memorable part of Kim's life. So that's where we find ourselves as I write.

Special visits may happen with lost loved ones too. We were fortunate to pay our respects to Kim's father on what would have been his 100th birthday, and to Kim's cousin, a Vietnam veteran, at the Bakersfield National Cemetery.

Another perk of spending time with friends and family is the opportunity for alternative camping. Sure, sometimes you have to settle for the nearest RV park (see Scottsdale photo on previous page), but if you're lucky, you'll be invited to land in someone's driveway or elsewhere on their property. This is known as moochdocking. With family and close friends, it often comes with a kitchen, bathroom, electricity, and water. What a luxury! On this trip, we even got to park at a private campground inside a gated community.

*Photos below, L-R: driveway in Chatsworth, CA; aside a workshop in Sandpoint, ID; private campground in Bear Valley Springs, CA.*

Later this year, after the International Rally in York, PA, proximity will take us further east to repeat our early theme, only this time with my family in the southern New England stomping grounds of my youth. Aside from International, what will we do during the months bookended by family and friends? You'll be hearing about that in future columns as we figure it out ourselves.

See you down the road.

# A Message From Our Webmaster, Dan Brockway

There are over 40 rigs already signed up for the Second Annual Joint Rally on Lake Murray next year in April.

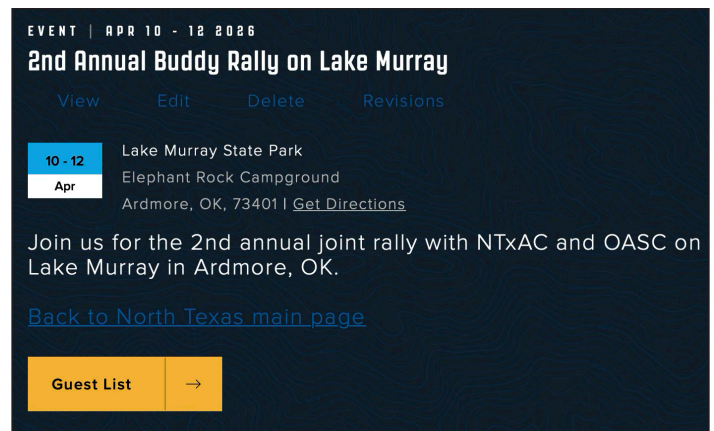

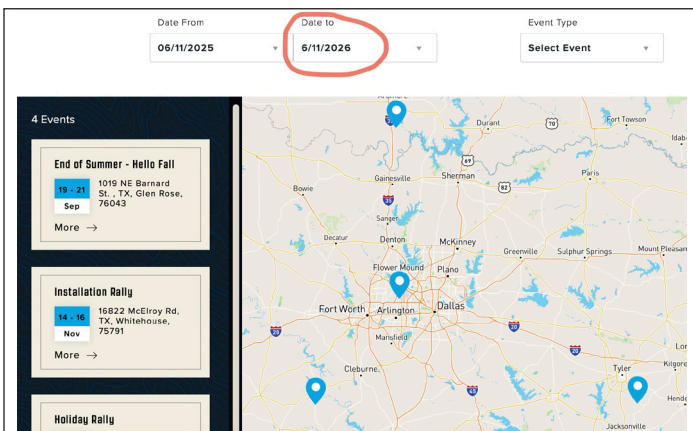

**Q: How do I know?**

**A: I checked the North Texas Airstream Club Website!**

**Did you know:**

- That <https://airstreamclub.org/north-texas> is the official site for the North Texas Airstream Club
- That all the rallies are listed there (scroll down to the bottom of the home page).
- That you have to log in as an ACI member to see the rally details. This keeps the information private to Airstream Club members.
- That every rally now has a Guest List where people can share when they are coming, what site they're in, and other details about the activities planned by the hosts – such as what you're bringing to potluck, or if you're attending the Disc Golf game (inside joke – no one takes me up on my Disc Golf offers).
- That by default, the site only shows events in the next six months, but you can change the end date so it will show all future events.

We also post a lot of social detail on our Facebook Page, so look there too. But, please do not share the link to the Guest Lists.
