## *President's Message— June 2025*

I hope everyone's summer plans are on track!

The picture below is of Pam and I enjoying the sun and sand during the recent Texas Riviera Caravan. Pam thinks we lingered a little too long and enjoyed the sights and sounds a little too much. What do you think?

Pam and I are currently looking out the front trailer windows and absorbing the beauty of the mountains surrounding Eagle Nest, NM. The views are so good that they inspired me to clean the windows; nature works in mysterious ways!

In a few days, we'll be leaving here to travel to our favorite summer hangout: Lake City, CO. High temperatures there will be around 70 degrees, or cooler. Life is good!

Later this summer, we will attend the 68th International Rally in York, PA. I will be working with the Logistics Crew and Pam will again be driving folks around the rally site as a member of the Transportation Crew.

At last count, there are 15 THLAC rigs registered to attend International. Our 1st VP, Jim Dudley, is working to organize those club members who are attending the rally and want to camp near each other while there. Thank you, Jim!!

You should have already received an email regarding registration for the Grapefest Rally in Grapevine, scheduled for September 11-14. Pre-registration for Club members will close on June 9. Open registration for the Rally begins on June 10. The last day to register is July 10. These sites will go quickly.

The recent Pop-Up Rally, held at Cedar Ridge Campground, Lake Belton, was a resounding success! Many thanks to Kathy and Mike Ashley for leading this event. If you have an idea for a Pop-Up Rally, please notify me as quickly as possible. These Rallies have no planned activities and no Rally Hosts; just Airstreamers who enjoy Airstreaming.

Wherever you are this summer, please travel safely and stay cool!

# York PA International Rally

Hello York PA International Rally group!

Hope you all are doing well, just a note to get us started for those wanting to camp together at International. Those wanting to camp together will need to go in together on the same day at the same time, and if we have more than five rigs we'll need to inform the parking group of arrival date and approximate time.

That said, entrance begins Wednesday, August 20 at 8am - 6pm, and continues 8-6 daily to Saturday August 23 with Friday August 22 anticipated to be the longest wait times. Two basic strategies to go in together - camp the night before together or meet close to the parking entrance.

If you are interested in camping together please email me ([Jimdudley87@gmail.com](mailto:Jimdudley87@gmail.com)) with your arrival date plan and if you're camping close the night before the campground info. We'll start there as I know several of us have already planned our trip and arrival date.

Pam and I will be camping with the Caravan Leaders arriving on the 21 Aug.

Be Well,

Jim Dudley

## Rally Report Sunrise, Sunset, Lake Watchin' Pop Up Rally Report Cedar Ridge Campground, Temple, TX May 11-14, 2025

**Rally Hosts:** Kathy & Mike Ashley were the Hosts.

**Overview:** Texas Highland Lakes Airstream Club held its first Pop-Up Rally at Cedar Ridge Campground, a Corps of Engineers Park. It was held Sunday, May 11 to Wednesday, May 14. What a beautiful campground! We had 14 rigs sign up. There were no planned events, no rally fee, and everyone secured their own site. All who attended raved about the campground. We had waterfront sites to gather around and gather we did! Visiting, plop-ping and playing Farkle were done by all! Pop up Happy Hours occurred each night and a donut breakfast was served one morning.

**Financial:** There was no income or expenses.

**Notes:** All agreed we should go back there again!

Respectfully submitted by:

Well, another successful caravan is in the books. Jim, Pam, Keith & Barbara led the second Texas Six Shooter Caravan beginning out west in Alpine and ending in Grapevine in March/April. We had 25 rigs of the most wonderful group of folks from California to Rhode Island and Michigan to Florida.

We got off to a very windy start with winds more than 60 miles an hour, but the group who were true took it in stride. The windy conditions stayed with us through Big Bend and Seminole Canyon, it made for quite the adventure. On to San Antonio where we enjoyed a Margarita Contest and some crazy karaoke (of course the margarita tasting helped with that)! In Fredericksburg we had fun sippin' and paintin' and a painting auction. We auctioned off our Airstream paintings amongst ourselves with the winning bidders of each getting a dance with the artist (artists kept their masterpieces). We raised \$600 and a very generous fellow caravanner matched it so we were able to donate to the Fredericksburg local SPCA \$1,200 in the name of Steve and Merri Crawley's precious golden, Bailey who we lost along the way. We had a very nice stopover in NTAC with the residents making us some great desserts for our potluck. A Waco day did not disappoint! Our final stop provided a great fajita cookout with our terrific chefs, Jim, Steve & Keith doing the honors. A Fort Worth Stockyard Day showed the cowboy side of Texas to our visitors with a cattle drive and finished off with a rodeo that was amazing. We love leading this caravan so if you want to have a trail ride that cannot be beat....come with us!

### **Texas Riviera Tag/Hop a Long Club Caravan**

We met up with THLAC members for the first Texas Riviera Club Caravan in Galveston in April finishing up in Brownsville in May. For two weeks we enjoyed the beaches and a ton of coastal food including the famous Port O'Connor Crawfish Festival. In Port O'Connor Jim Dudley and Steve Crawley tried their fishing skills, and we did have a good fish (but small) dinner with the Roberts adding some fabulous local scallops. A much larger and luckier (or maybe more skilled) group fished at our next stop - Port Aransas - along with marathon shopping trips to donate to the local economy. We caught all the sands sculptures the day after the Texas Sandfest and stayed at a park over the dunes from the beach. Food of course was always so good, and can you have enough fresh seafood? Heading to the final destination of Brownsville we jumped into Mexico for a great lunch at Arturo's and some shopping. A trip to Boca Chica to visit SpaceX along with potlucks, happy hours, fishing, bowling, and a great group of THLAC caravanners made this a great trip, so great that Mike and Julie Kutach are taking over the leadership for next year!! Dates and itinerary to follow soon.

## Pet Travel Tips

Here are a few tips to make your travel plans less stressful for you as well as for your pet.

- ◆ Ensure your pet is microchipped for identification & wears a collar and tag imprinted with your name, phone number and current contact information. Keep a color picture of your pet with you.
  - ◆ Choose a suitable travel crate/carrier. Check that your pet can stand, sit, lie down, and turn around while inside the crate/carrier. Make sure that it is well ventilated and secure it so it won't slide or shift when the car stops. Acclimatize your pet to crate travel by taking several short drives before planning a long trip.
  - ◆ If your pet is riding on the seat, keep them in the back seat in a harness attached to the seat buckle to prevent injury. Allowing pets to roam around the car or ride with their head outside the window can be dangerous.
  - ◆ Familiarize yourself with the policies and accommodations for pets at each stop along the way as well as your destination. Ask if there are breed restrictions or a limit on the number of pets per site. There may be a required deposit or additional cost for pets.
  - ◆ Before crossing state or international lines, check the requirements for bringing pets along you need a **certificate of veterinary inspection** (also called a health certificate). You'll need to get it within 10 days of when you plan to travel. Your veterinarian will examine your pet to make sure it doesn't have any signs of infectious disease and that it has the appropriate vaccinations (e.g., rabies). This certificate can't be issued legally without a veterinary exam.
- ◆ Make sure you **take your pet's medications** with you, including any preventives (heartworm, flea and tick) that might be due while you're traveling. Bring your veterinarian's contact information.
  - ◆ Pack a kit with a bowl, leash, waste bags, grooming supplies, documents, medications and a first-aid kit. Add a favorite toy or pillow to give your pet a sense of familiarity.
  - ◆ Avoid feeding your pet in a moving vehicle. Your pet's travel-feeding schedule should start with a light meal three to four hours prior to departure to prevent car sickness or vomiting. Always opt for bottled water. Drinking water from an area they aren't used to could result in stomach discomfort.

**Dear Rivet,** How can I locate a vet in an emergency?

Bow Ow Wow

If there's an emergency on the way to or at your destination you can quickly locate a veterinarian by using an online veterinary clinic locator . The [American Animal Hospital Association](#) or [American College of Veterinary Emergency & Critical Care](#) are two good sources. You may also want to add the [National Animal Poison Control](#) (ASPCA Web site) 888-426-4435 to your emergency contacts.

My wife, Gwen, and I set out on March 17th for a 4-week trip throughout LA, MS, AL, FL, GA, SC, TN, AR, and OK. Traveling in our 2022 Globetrotter 27 FBT, the trip went great with the exception of our microwave door breaking on the second day (replacement part received after the trip and now repaired). Stops included Sam Houston Jones State Park (Lake Charles, LA), Davis Bayou Campground (Ocean Springs, MS), Pineglen Motorcoach & RV Park (Panama City Beach, FL), Crooked River State Park (St. Mary's, GA), Hilton Head National RV Park (Bluffton, SC), James Island County Park (Charleston, SC), Dudley Creek Campground (Gatlinburg, TN), Unicoi State Park (Helen, GA), Whitten Park COE (Fulton, MS), Village Creek State Park (Forrest City, AR), Beavers Bend State Park (Broken Bow, OK), Lake Thunderbird State Park (Norman, OK), and back home. Really enjoyed all of the sites and hiking throughout the trip while trying to dodge tornados in MS and the noseem bugs on the coast! Shout if anyone has any questions about our stops and activities!

We took a river cruise in April that sailed from Budapest to Amsterdam along the Danube, Main and Rhine rivers.

We left Houston on 6th of April and returned on 26th. We started in Budapest, spending 3 days in that city. Budapest has lots of interesting sights and pleasant people. Highlights for us were the Parliament Building, St. Stephen Basilica, and the Chain Bridge.

Our next stop was Vienna on Palm Sunday. We went to a Mozart/Strauss concert, watched a Palm Sunday procession to the cathedral, and visited two separate homes of the Hapsburgs. We even struck out on our own on the subway system without getting lost!

## Larry & Brenda Heinold

After Vienna, we sailed on to southern Germany, stopping Passau, Regensburg, Nuremberg, Wertheim, Cologne. Highlights for us were a sausage (weiswurst) making class in Regensburg and a moving tour, featuring Regensburg's Jewish history. In Cologne, we visited the magnificent Cologne Cathedral. Our cruise ended in Amsterdam, where we spent an extra day, walking through the city and visiting the Keukenhof gardens to see tulips in full bloom and the Ann Frank house where the Frank family hid from the Nazis.

Although we saw many campers and campgrounds, especially along the Rhine, we never spotted an Airstream. Believe me, we were looking for one. It was memorable, fun trip!

Glory is 14 years old. We adopted her at around age 3 from [DFW Daschund Rescue](#) [A fantastic group]. She is an incredible traveler. She loves visiting La Feria, our farm, where she enjoys taking strolls. Wherever Debbie goes, you'll find Glory.

Her BBF, Copper, crossed the Rainbow Bridge in February 2025. We all still miss her.

What a great end to spring with the Texas Six Shooter and Texas Riveria Caravans. And what a great start to summer with the Pop Up Rally and hanging for five days with great friends. We had a great group on the Texas Six Shooter lead by Jim and Pam Dudley and co-lead by us. The group hung with us through the strong winds and had their share of Air-stream mishaps but it was a great time. They will always hold a special place in our hearts and we can't wait to meet the next group in 2026.

For me the highlight of the Texas Riveria lead by Jim and Pam Dudley and co-lead by Mike and Julie Kutach was Rick and Debbie Trimble leading us to Space X which I was fascinated by it all, seeing the sand sculptures (I am not a dancing queen but I tried) and fishing where our boat of three caught 13 Black Drums. Harvey was awesome in finding two great restaurants for us all to gather at and spoiling us with appetizers at both, thank you Harvey.

Next we adventured onward to the Pop-up Rally at Cedar Ridge Campground hosted by the Ashleys who did a wonderful job. It is just what the doctor ordered, it was very laid back, deer everywhere. We reunited with old club friends and met five new cub members, played Farkle and happy hour every day at different sites. I really enjoyed it a lot and hope to see more of this type of rally.

Our last adventure was meeting up with Keith and Grady Ferry at South Llano River State Park for five nights and what a treat. The park has four different bird blinds and each one has its own charm and delight of different birds (my favorite was the Painted Bunting). It is so relaxing sitting there with no schedule or place to be and enjoying the animals of nature all around us (deer, armadillos, lots of birds, lizards) and the weather was perfect. We cooked out, ate out, went to the river, took in a star gazing event, played Farkle and just enjoyed ourselves.

We plan to go back there again, great campground. Our only plans for the summer is taking our 8 year old grandson (Aiden) out camping which we always look forward to spending time with him.

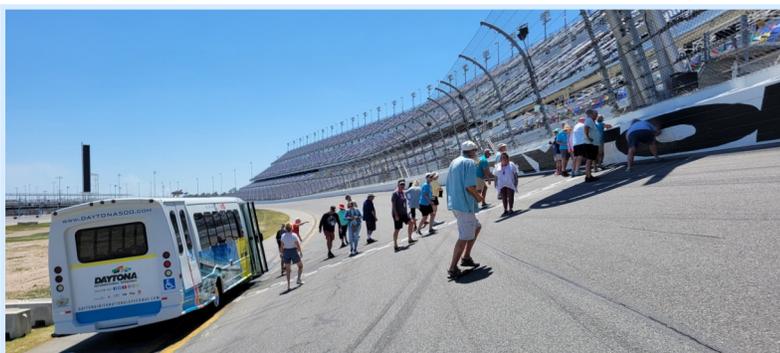

We are very excited to be celebrating our 50th Wedding Anniversary on 26th July.

The Florida Coastal Caravan was an epic event. 15 rigs met in St Augustine April 9, and finished in Jensen Beach May 11, 8 campsites and 32 days of adventure. There were a lot of activities, some scheduled as a group and some during several half or full days of free time, each with a list of opportunities to explore on your own or with other campers. Highlights include learning about Florida history, visiting forts, lighthouses, kayaking, Daytona Speedway, Kennedy Space Center, rocket launches, sea turtle rehab center, manatees, alligators, airboat ride in the Everglades, feeding tarpon, snorkel trip near Key Largo, exploring Key West, ferry to Dry Tortugas, meeting dolphins, plenty of wonderful meals, and more. It should be no surprise that I got in a few bike rides. There were rigs from WA, OR, CA, AZ, KS, ND, MD, SC, FL, and TX; a wonderful group of new friends and new courtesy parking options! The photos are a few of the thousand I have from the trip. I highly recommend this caravan!

When you read this Carol and I will still be enjoying our springtime adventure in Europe. We left on May 2nd and will be arriving home June 10th.

On previous cruises we learned of [gate1.com](https://www.gate1.com) travel. We tried their 14 day romantic Italy tour and boy can't say enough good things. There is no way anyone could see more of Italy in a shorter period of time than we did.

We flew to Milan and were picked up by a driver who took us to the Lake Como region. On our first day, we run into Nancy & Brian. Wow, what a coincidence, they made our trip even more enjoyable. From the lakes we went to Venice, then travelled to Piza, Florence, Rome, Pompei, Sorrento, Capri and Amalfi.

We had such a good time, I'm trying to convince our upcoming Club President to turn the Gate1 trip into a Club Caravan.

After Italy, Carol and I flew to Budapest where I was born. This was my first time back to Hungary in 70 years.

We stayed at the Four Seasons next to the famous chain bridge for two days prior to boarding our Viking cruise to Amsterdam.

As I write this we made it to the Bavaria region in Germany where they call Beer, “Holly Water”. You can drink it on the streets in any city.

In another week we will be in Amsterdam where we will spend four nights prior to flying home.

## Colin Melton

Top saleswoman for watermelons at our local farmers market! Schotzie is German for sweetheart ; she was a rescue & has proven to be a great travel companion.

She has a proven record for picking “ripe” watermelons!

In early April we headed to St. Augustine Florida for the start of the Southeast Coastal Crawl Caravan. The caravan traveled up the East coast for 32 unforgettable days, making stops in Savannah, GA, Jeckyl Island, GA, Beaufort, SC, Charleston, SC, Cape Hatteras, NC, and Colonial Williamsburg, Virginia to name a few.

Time went by fast as we enjoyed trolley rides and tours, museums and light houses, restaurants and shopping and we learned that the East coast is filled with beautiful beaches, fascinating history and friendly people.

The final stop was in Chincoteague, Virginia which is home to the famous Chincoteague ponies. You may be familiar with the book, "Misty of Chincoteague." Luckily we got to see and photograph the ponies up close as they grazed along the shore.

This caravan gave us the opportunity to fill in several states on our travel map, but we had a few more states yet to fill so we continued up the coast to Cape May Point, New Jersey where I had the most enjoyable time finding Cape May Diamonds. They aren't really diamonds but are actually quartz pebbles. It was such a thrill to find them.

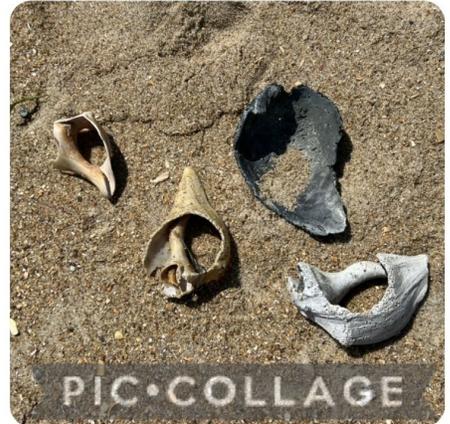

We stayed in Maryland and Delaware and took the train into Washington, DC for the day. It happened to be grad week for George Washington University. The town was bustling with excitement as there were students everywhere being photographed in their caps and gowns. I couldn't help but think, we were looking at the future doctors and lawyers of our country.

Not only were we able to fill in several new states on our map, we also made new friends and renewed old friendships with those we have met on past caravans. Other THLAC club members on the caravan were Michael & Judy Shelly and Past President Ed Addicks and his wife Cheri who now live in Anacortes, Washington. Greg and Louisa Stone (also Texans) decided to join THLAC. They are avid birders and will be a nice addition to our club. Be on the look-out for them at a future Rally.

After traveling in and out of 13 states and putting many miles on our Airstream, we are happily back in Texas. While we treasure the opportunity to explore the East coast, I must admit Texas is and always will be, our favorite state on the map.
