President's Letter

September/October 2025

By Jill Rabb

WELCOME TO THE FALL Y'All.....

This is my favorite time of the year. Cooler weather at night, leaves changing, and football! War Eagle!

Georgia Airstream Club was very well represented at the International Rally, and we all had a great time. Everyone dug in and showed The International Committee what Georgia was made of - good ole southern hospitality!!

We all volunteered for multiple events, videos and podcasts. First timers, returning veterans and the clubs affiliates all pitched in to make this years International Rally a huge success in York, PA.

To name just a few of our club's volunteers –

Randy Booth was the Flag bearer for the opening ceremonies. He looked quite dapper in his Wally Byam beret.

Kathy Estabrook was the Badge Chairperson. She was an energizer bunny at making badges. Kathy's husband, Todd, as well as multiple volunteers also showed up to work. Badges were in very high demand. It would be interesting to know how many badges Kathy and her team printed out for the week. They even printed a lot of badges for dogs of Airstreamers – they all were very stylish sporting their new badges.

Melaine Wheeler was the Chair Person for the dog show. All these perfect pooch's gave Melanie and her team "paws up" for all of the time she spent on the dog show!!

Kendall Fedler taught a very informative class on the new Airstream App that he and his team created – and donated to the club – THANK YOU Kendall!!! If you have not downloaded the new app to your phone, please do so. It's wonderful!! Kendall was also the audio/visual team lead for the rally. He was everywhere adjusting the sound equipment, wires and microphones. I am not sure that he got much sleep.

Alan was my partner in crime for chairing the golf tournament. Alan, Kathy, Todd and I got to the course just after 6:30am to ensure everything was just right for this fun event. It was a perfect day to play golf on the Honey Run Golf Course in York, PA. Fifty-five people played in this year's scramble, and I believe they had a fabulous time playing. There was also a lot of wildlife on the course watching everyone play - deer, fawns and wild turkeys.

Ned Webb and Todd Estabrook were also shuttle drivers during the rally

As you can tell our club contributed their fair share of volunteer hours. Hopefully I have included all volunteers from GAC, but I missed someone please let us know what you did to help make the rally a huge success.

I would like to offer a huge apology to Jeff Apert and Christina Krosche. I left them off of the April newsletter where we welcomed our new members. Please accept my apology and to anyone else I may have overlooked – it was not intentional. Jeff and Christina, welcome to the Georgia Airstream Club!!!!

The Georgia Airstream Club is growing stronger and bigger by the day. As of the writing of this note we have a total of 82 member and affiliate rigs - just since February!!! Congratulations to everyone in The Georgia Airstream Club. You're the Best!

Enjoy the journey and be kind to each other.

Jill

Treasurer Report September 2025

Assets:

Normal progression of member dues and rally fees. Worked with USBank to end merchant services and end monthly fee. I am awaiting the return label for the USBank mobile card reader. Last monthly charge did hit the account for \$10, but should be the last of the merchant service fees and service is ended.

Ned & Jillian Webb
Georgia Airstream Club, #181

Ned grew up camping with his family in Airstream campers and always wanted one of his own. When COVID changed everyone's lives, Ned found himself building a camper of his own which began the camping saga for their family. Ned and Jillian camped with friends, who own SOB's, three times in their homemade camper they aptly named, "The We Did It", before upgrading to a Surveyor Legend, which they loved and camped in as often as they could. Friends were taking longer trips and wanting to do the same, Ned & Jill decided to upgrade to a dual axel camper. They purchased an Ember, but didn't own it long because that fall they attended The Hershey RV Show and fell in love with the 27' FB Twin Globetrotter. Jill & Ned purchased their Airstream, named Big Al (for Ned's Dad) from Blue Compass, Greensboro, in North Carolina on November 5, 2024, drove home, spent the night, got up the next day and drove up to Vogel State Park to camp with the same group of friends. During the purchasing process Ned was also able to secure his Dad's BRN, so Big Al, BRN 13486, lives on, and we are proudly camping with, and in, Big Al. Jill & Ned are looking forward to attending their first International Airstream Rally in York, PA, and living Riveted in their new Airstream just like Ned always dreamed of doing.

GypsyPearl Chronicles: Glamping With **Meka' & Carlton**

By Melia Jacobs

Top of Georgia Airstream Park: Mountain Magic

Nestled in the North Georgia mountains, this park is one of our favorite retreats. Meka' loves the cool mountain air and quiet trails, while Carlton is always ready to lead the way on a hike. We spent our days exploring the Chattahoochee National Forest and our evenings swapping stories with fellow Airstreamers around the campfire. GypsyPearl fit right in among the silver beauties lined up like polished gems.

68th Annual Airstream International Rally: Silver Celebration

This past month, we had the joy of attending the 68th Annual Airstream International Rally, and wow—what a celebration! Hundreds of Airstreams gathered in one place, creating a sea of silver and a spirit of adventure. Carlton strutted his stuff in the stuff all over the fairgrounds, and Meka' was the honorary queen of calm, soaking in the love from everyone who stopped by to say hello. From seminars to socials, it was a whirlwind of fun, friendship, and fabulous rigs.

Life on the Road

Traveling with Meka' and Carlton isn't just about the destinations—it's about the journey. Every bump in the road, every scenic overlook, and every new friend we meet adds to our story. GypsyPearl is more than a camper; she's a vessel of memories, muddy paw prints, and unconditional love.

*Stay tuned for our next adventure—desert vibes and stargazing await.
Until then, happy trails and tail wags from the GypsyPearl crew!*

Peach Mango Salsa

Ripe peaches, diced
1 ripe mango, diced
1/4 cup red onion, finely chopped
1/4 cup fresh cilantro, chopped
1 jalapeño, seeded and minced
1 tablespoon lime juice
Salt to taste

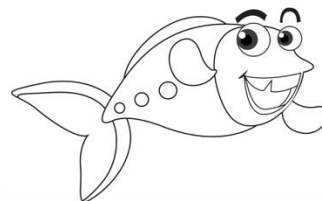

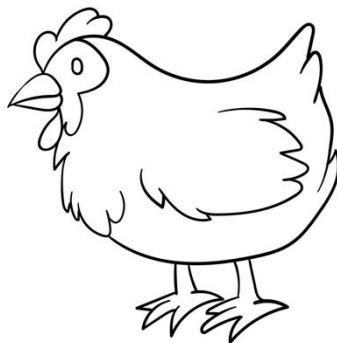

INSTRUCTIONS

In a medium bowl, combine the diced peaches and mango.
Add the finely chopped red onion, chopped cilantro, and minced jalapeño.
Drizzle with lime juice.
Gently toss all ingredients together until well combined.
Season with salt to taste.
Serve immediately or chill for later.

NOTES

For a milder salsa, remove all seeds and membranes from the jalapeño.
Adjust the amount of jalapeño to your preferred spice level.
This salsa pairs wonderfully with tortilla chips, grilled chicken, or fish.

Airstream Nuts & Bolts:

Top 10 Tips & Tricks to Winterize Your Airstream

By Melia Jacobs

As the leaves turn and the chill creeps in, it's time to prep your beloved Airstream for winter. Whether you're storing Airstream for the season or planning frosty adventures, winterizing is essential to protect your rig and keep it road-ready. Here are my top 10 tried-and-true tips from the road:

1. Drain All Water Systems

Start by draining the fresh water tank, gray and black tanks, and water heater. Use the low-point drains and make sure no water is left to freeze and cause damage.

2. Flush with RV Antifreeze

Pump non-toxic RV antifreeze through your plumbing system to protect pipes and valves. Don't forget the toilet, shower, and outdoor shower if you have one!

3. Disconnect and Store Batteries

Remove batteries from smoke detectors, clocks, and other devices. For your main battery, either disconnect it or keep it on a trickle charger.

4. Seal Vents and Windows

Inspect all seals and weather stripping. Use vent pillows or covers to block drafts and prevent critters from sneaking in.

5. Clean and Dry Everything

Give your Shiny Hiney a deep clean inside and out. Moisture is your enemy—leave cabinets and fridge doors slightly open to prevent mold and mildew.

6. Check Propane Systems

Turn off propane tanks and inspect lines for leaks. Store tanks in a safe, ventilated area if not attached.

7. Protect Soft Surfaces

Cover mattresses and cushions with breathable fabric or remove them entirely. This helps prevent moisture buildup and mildew.

8. Lubricate Locks and Hinges

Cold weather can stiffen locks and hinges. A little lubricant goes a long way in keeping things moving smoothly.

9. Critter-Proof Your Camper

Seal any gaps and use natural repellents like peppermint oil to deter mice. Store food in airtight containers or remove it altogether.

10. Rally-Ready Even in Winter!

Even if you're not traveling, winter is a great time to plan your next rally. We're already dreaming of spring meetups.

Stay warm, stay safe, and keep those wheels ready to roll.
