President's Letter

"More campfires, more community, more Airstream"

- Edward Wilson

Happy New Year! January is a great time to reset, plan, and start looking forward to a new year of adventures. While things tend to be a bit quieter this time of year, it's the perfect opportunity to catch up on maintenance, make travel plans, and begin marking your calendars for upcoming rallies and events.

Due to the weather forecast, the Reason for Freezin' Rally was unfortunately canceled. Many of us were really looking forward to what would have been a fantastic time together. Safety always comes first, and we appreciate everyone's understanding.

February has a national rally, Streamin on the Strand, held in Galveston, TX, and scheduled for February 5-8. There are just a few sites left!

Next is our Valentine's Day Weekend Rally at Wind Point. There are still a handful of sites available, so if you've been considering attending, be sure to register soon - 17 Airstreams signed up so far, and as always, it will be a great time!

We kick off March with Wally's Workshop, which will be held March 20-23 at the North Texas Airstream Community in Hillsboro followed by a one-day caravan to Crystal Beach to start the amazing 2026 Region 9 Airstream Rally!

We're excited about what's ahead for the North Texas Airstream Club in the coming months and truly appreciate everyone who continues to stay engaged, share ideas, and support the club, whether on the road or at home. Keep an eye out for details on future gatherings, and as always, don't hesitate to reach out if you have questions, suggestions, or if you would like to get more

involved.

The team and I are also finalizing the last details of the 2026 rally schedule, and we're excited to share what's coming! The full lineup will be available very soon, so get ready to start planning your travels.

Stay Warm & Safe!

Ahhhh, Winter!

Editors' Corner

Happy 2026!! How fortunate we all are to see another year and to look forward to travels to new places and with our friends and family.

For the first time in its seven year history, the Reason for Freezin' Rally has been cancelled due to a bit TOO much freezin'. Meanwhile, we have High Profile, Pet Tails, and Co-Editor David's Travelogue to keep you entertained.

Are any NTxAC members going to Streamin' on the Strand in February? If so, we would love to share your photos and stories here. Please send them to aec2you@gmail.com and we'll make them part of the rally review. At the risk of sounding like a broken record (I just realized that saying dates me) we are always waiting for YOU, our members, to send us stories and pictures of your travels on the road. Your adventures and destinations can inspire others. I'm already making plans to visit the Henry Ford Museum as described in David's article this month. I'd forgotten about it, but that rekindled our interest in going. Stay warm, friends, stay safe, and see you down the road!

This is our first Airstream. It has always been a dream. Steve is a mobile rv tech and I work for a large health insurance company. We had sold the house to travel the country but Covid hit and changed our lives. We now have our Airstream and plan on traveling as much as possible. We have a Standard Goldendoodle and a Boxer that love to travel with us. Steve loves to fly fish. I am a quilter and like to fish, also.

Robin and Barbara Williams, BRN 27017

We are Barbara and Robin Craig Williams. I use either name, Robin or Craig. Drives Barbara crazy! We have four children and eight grandchildren.

Barbara has been a member of a few women's camping groups including Sisters on the Fly and Girl Camper for 16 years. She started with a 1959 Shasta. We have two Airstreams, a 2024 International and a 2024 Pottery Barn, hers and ours. She will take the International on her group trips and I will take off with the Pottery Barn. We take the Pottery Barn when we are together.

Hobbies include painting, guitar

playing, and history for me; and, reading, puzzling, and camping for Barbara. We have a Cavalier King Charles Spaniel named Polly that keeps us entertained and likes to camp with us.

Barbara is retired and I am almost retired, still working but reducing my hours. I am an attorney and architect and work as the former chief legal officer of a large international architecture firm, but am now handing that position over to another attorney as I transition to retirement. We look forward to camping with and getting to know fellow Airstreamers!

Co-Editor David's Travelogue

January 2026: The Henry Ford

Happy New Year! Here's to another 12 months of fun and exciting travels. Let's begin our 2026 travelogue with more coverage of our trip through Michigan last summer.

You may have noted that Kim and I love to explore museums. While we always keep an eye out for (mostly) smaller institutions on our North American Reciprocal Museum (NARM) Association map, this time we went big.

Almost to the day that we discovered a CBS Saturday morning TV program called Innovation Nation with Mo Rocca—before we were Airstreamers, or even Texans—we added The Henry Ford Museum of American Innovation in Dearborn, MI to our must-see list. So, after we visited friends in the Upper Peninsula, we decided it was time to tick this one off the list.

We booked 4 nights at a Sun Outdoors campground in nearby New Hudson so we could experience 3 full days at The Henry Ford and its companion Greenfield Village in Dearborn. Because the daily admissions would add up to a pricey sum, we bought an annual membership on day one. Not only did we save money, but we were also able to exploit a few perks, which museums always offer members. And, if we happen to find ourselves back in the neighborhood before next July, we could still drop in for another “free” visit.

Think of The Henry Ford and Greenfield Village as an indoor/outdoor experience. The former comprises a huge indoor collection which expresses the theme of American Innovation. Inside you'll find notable planes, trains, automobiles, machinery, furniture, timepieces, and much more. They even have an Airstream and a Buckminster Fuller Dymaxion House (which, with its riveted aluminum skin, made me think of an Airstream).

Greenfield Village is a full-scale model town, ringed by a 3-mile long standard gauge railroad, which presents Henry Ford's vision of an inspirational environment designed to foment the types of innovations found in the adjacent museum. Among the notable structures are Thomas Edison's Menlo Park, NJ lab, the Wright Brothers' Dayton, OH home and bicycle shop, and Henry Ford's boyhood home and first Ford factory. In the spirit of authenticity, these are the actual buildings, not recreations, transported from their original locations to their current sites! If you find the 80+ acre expanse daunting for exploration on foot, don't worry, you can ride the railroad or be shuttled around in a Model T.

Three days at The Henry Ford was not enough. I could wax on for pages and pages about the treasures to be found there—and I haven't even mentioned the auxiliary tour of Ford's modern Rouge Plant, where F150s are made. Instead, I'll just share a few photos, and urge you in the strongest possible terms to get thee to Dearborn, MI and The Henry Ford!

Airstream Pet Tails

Many of us travel with our pets, and quite a number of Airstream owners chose to live the Airstream life because it gives them the option to travel with them. If you have a pet or pets and want to share their travel stories with us, send your info and photos to aec2you@gmail.com

Pet Story #6: Meet Bella and Ollie

Meet, Bella, our nine-year-old pure bred Yellow Lab, and Ollie, our four-year-old pure bred White Persian. Whenever we travel in our Airstream, they are with us, doing their best to shed on every surface in the trailer and be underfoot at every turn!

Bella joined us at eight weeks old in December 2016. In the short nine years since, Bella has yet to meet someone she doesn't like. She enjoys meeting new friends and walking around the campgrounds we visit. At first, she was a bit timid about jumping into the trailer. That took some coaxing, but once in, she became comfortable quickly. She has a dog bed between our twin beds and never misses a chance to beg for treats or go for a walk. Being in the trailer is one thing – traveling in the truck is another! She doesn't like riding in the truck/car, at all! She shakes and shivers the entire time we are moving, never relaxing or getting settled. We have tried numerous tricks to put her at ease, but we have yet to find the secret sauce to make her comfortable. While Bella doesn't like the driving, she has adapted very well to the trailer itself. The only Airstream mishap we have had with her happened during our last trip to Iowa. After a twelve-hour day of driving and not staying properly hydrated due to her anxiety, she drank two bowls of water upon entering the trailer. Within minutes, she got sick and flooded half the trailer with all that water!

Ollie joined us at eleven weeks old in August 2021. He and Bella get along fabulously and can be found snuggling together on many occasions. Unlike Bella, Ollie has no issues traveling in the truck while Airstreaming. Although probably not the safest practice, his favorite place to ride is on the center armrest between Roberta and me. Sounds cute, until you figure out this is directly in front of the AC vents, and his hair flies everywhere. Combined with rubbing on you while in route, each gas stop includes ten minutes of lint brushing your clothes before you can be seen in public. While in the trailer, he has a knack for finding unique places to explore, like under the bed when you raise your head.

continued on next page

Airstream Pet Tails, continued

Once we could not find him and figured out that he had crawled under the footrest of the sofa while we were watching TV. When we put the footrest down, he was trapped underneath until we extended the footrest again. Ollie's new favorite place to sleep in the trailer is in the window boxes. Again, sounds cute, until he sticks to the fuzzy fabric that covers the window treatments. Yikes!

Bella and Ollie have been with us to local rallies in Grapevine, the International Rally in Missouri, and trips to Colorado, Iowa, and North Dakota to visit family and friends. We look forward to many more adventures with them and meeting new Airstreamers (and their pets) along the way.

Region 9 Update - January 2026

Happy New Year, Region 9!

Wow, we are off and running in 2026! So much has happened already, and the energy across our region is tremendous. A recent check of our membership database shows we are now 2,016 members strong in Region 9! It is an honor to see our community continue to grow!

Important Updates & Leadership

To provide increased security for our communications, we have transitioned to a new official email address: Region09@airstreamclub.org. Please update your contacts for Region 9.

As we settle into the new year, I hope the recent leadership transitions are falling into place smoothly. I want to encourage leaders & members alike to reach out to me directly if questions or concerns arise. I'm here to support and represent you.

Regarding the 2026 Printed Membership Directory: I recently attended a local club event where a question arose about pre-ordering a hard copy. HQ has informed me that ordering details are coming very soon, so stay tuned!

We are still seeking passionate members as candidates for the 2nd Vice President role (2027-2028 term). This is a wonderful opportunity to give back to the club and help keep Region 9 rolling strong. If you have an interest in serving, please reach out to **Nancy Fitzgerald** at nefitzge6@gmail.com.
