Rally Mentors

Steve & Cheryl Turley - #5414
Scott & Deborah Vaughan - #4352
Rob Rottschafer & Kim Caves - #6341

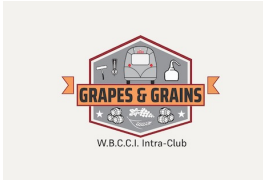

Summary

The rally will be held May 13-17, 2026 at the [Elkhorn Creek RV Park](#) located just north east of Frankfort, KY, The campground provides easy access to numerous large, famous, and growing distilleries. We've held a Sip of Kentucky rally there before and it's a perfect location to visit numerous locations as a group and on your own.

The genesis of the 101 rally was to revisit our G & G roots and to provide an opportunity to build on our successes of forging close-knit communities. Sure, we love our distilleries, wineries, and breweries but at our core, we're about the Airstream Club and expanding our network of friends. Our inaugural rally in 2022 established strong bonds between many of us that continue today. Out of that original group, five of us have served and/or still serve on the Grapes & Grains Executive Board.

What makes our 101 rally different from our standard "Sip of" rallies? G & G rallies tend to sell out very quickly (sometimes even in hours) and it's very common to see the same group of friends and only a few new folks. As excited as we are to see our close friends again, it is difficult for first time rally attendees to get a seat. Many of our members have never attended a G & G rally and the 101 rally is special in that we're reserving all of the sites for those that have **never attended a Grapes & Grains rally**. Attending the events at International (Megatasting, the luncheon, a caravan, etc.) do not count. If this would be your first rally and you've always wondered what a Grapes & Grains rally in the heart of Kentucky is like, then join us!

To enhance your experience, we've also enlisted three rigs of seasoned G & G folks as your rally mentors (see above).
