*"More campfires, more community,
more Airstream"*

- Edward Wilson

Fall is one of my favorite times of the year to be out in an Airstream. The cooler temperatures and changing leaves make this time of year special. There's something about getting together with our Airstream family that makes every trip even better. We just returned home from the rally in Hot Springs, Arkansas where we stayed at Catherine's Landing. We had just shy of 30 Airstreams in attendance and 5 of them were first-time attendees! I want to thank **Anna** and **David Brandon** for being excellent co-hosts for the rally. They organized and planned out a wonderful itinerary for everyone to enjoy. The days were hot, but the evenings cooled off nicely. These rallies are about more than where we park our trailers. They're about the friendships we build, the memories we make, and the community we share. From dinners, watching OU beat the Longhorns, outings to town, disc golf, walking, playing LCR, (left, right, center) - to just hanging out, it's safe to say everyone had a blast!

Our next stop is The Boulders at Lake Tyler, where we'll gather for our upcoming rally and the installation of our new officers. I'm looking forward to spending time with everyone as we celebrate another year in the North Texas Airstream Club and look ahead to what's in store. At this rally, I will pass the torch as current president to **Greg King**. As I reflect on the past year, I'm beyond thankful for the opportunity to lead our phenomenal club. I will continue to work with Greg and the officers as past president. The momentum is great and there are some amazing things planned for 2027, so stay tuned! Again, I'm grateful for the members who give their time and energy to keep our club moving forward, and I'm excited about what we can accomplish together in the coming year. Thank you to everyone who continues to make this club such a special group to be part of. Following The Boulders, we'll head to Grapevine for our annual Holiday Rally! It's a great way to wrap up the year, enjoy some holiday fun, and spend time with friends before the busy holiday season gets into full swing.

These gatherings are a good reminder that the best part of 'Airstreaming' isn't always the destination, but the people we meet and the friendships that grow along the way. I hope to see plenty of familiar faces as we close out the year together and start looking forward to another great year of adventures with our North Texas Airstream Club!

Editors' Corner

Happiness is a warm puppy. It's also the first cold front in Texas after a miserably hot summer. Woohoo – fall is here! We had an amazing rally in Hot Springs, Arkansas this month, hosted by **Edward and Tiffany Wilson** and **David and Anna Brandon**. Thanks to these great folks for the fun and fellowship. It was a beautiful weekend, and Catherine's Landing did NOT disappoint. Maybe we should make this an annual event! Coming up: the Installation

Rally at the Boulders at Lake Tyler. This is one of the most popular rallies of the year. Such a great venue and a chance for you to meet your new officers for the upcoming year.

Co-editor David has been working with **Shawn Fannan**, our new co-editor, getting him familiar with our processes and mulling over new ways to communicate with all of you. I have no doubt they'll come up with fresh and fun ideas. Whenever you see these gentlemen at a rally or through an email, give

them a shout-out and thanks for contributing their time and talent. There's far more behind the scenes of this newsletter than you know!

I have been a member of WBCCI for 35 years! I have so many adventures, stories, and memories I could share - it would make an epic book.

I have lived at the North Texas Airstream Community for about ten years now.

Currently I own a 23' Serenity travel trailer and a 2011 Airstream Venue Van.

As a Charter Member of the Vintage Airstream Club, one of my biggest thrills was to lead the Vintage Parade at the International Rally in Lebanon, Tennessee with my 1948 Weewind in tow. Here's a picture of that grand event. Happy Trails!

Bryan Green and Robert Cornelius, BRN 08456

We are Bryan Green and Robert Cornelius and live in Cedar Hill, Texas. We met in 1988 and have been together and traveling ever since. I (Bryan) am a retired Structural Engineer, and Robert is a retired pilot for American Airlines, which has provided plenty of opportunity for travel around the country and the world.

We started traveling in a pull-behind trailer around 2018, up-sized to a 5th Wheel a few years after that, and now have landed on our 27' Globetrotter, which seems perfect for the long trips we love. Our longest trips with a trailer have been Alaska and Newfoundland, and we traveled to our 50th state this past Spring.

(Yes, it was North Dakota)

When we're not traveling we love spending time with our families and friends. Robert stays on top of the homestead and the equipment in the barn, while I spend too much time in the shop working on my long list of odd-ball projects.

We look forward to being part of the unique Airstream Community!

Elly and Mark Giuffre, BRN 16702 (Affiliate)

Mark and I are so excited to be affiliated with NTxAC! We were blessed to meet some NTxAC members who were staying at the same Harvest Host on our way to the International Rally in Minot. Everyone was so kind and welcoming. We actually wound up parking with them once we got to Minot, which was our first-ever rally! They made such an impact on us, and we couldn't wait to join you all!

We bought our first Airstream, a 2025 Globetrotter 25' in March 2025, then a 2026 Globetrotter 27' in November 2025. We will pick up our last and final Airstream, a 2026 Globetrotter 30' this month. Embarrassed to say we have been through the entire Globetrotter line!

Originally from NY/NJ, we moved to Louisville, KY over 26 years ago when Mark was transferred here with UPS. We are now empty nesters. Our children, Sophia and Jack, are 28 and 25, respectively. They both live in NYC. We have a 3-year-old Bichon named Obi who is our travel companion and are raising a future service dog, a now 10-month-old Yellow Lab named Maurice IV for Canine Companions.

Our hobbies and interests are traveling in our Airstream, golf, Corvettes, horses (specifically American Saddlebreds), and raising service

dogs.

We enjoy traveling in our Airstream, and our goal is to visit every National Park in the continental U.S., and staying at least one night in

our Airstream in every state in the continental U.S. So far, we have checked off six National Parks and 22 states. We look forward to meeting you!

Brandon and Nona Matthews, BRN 05274

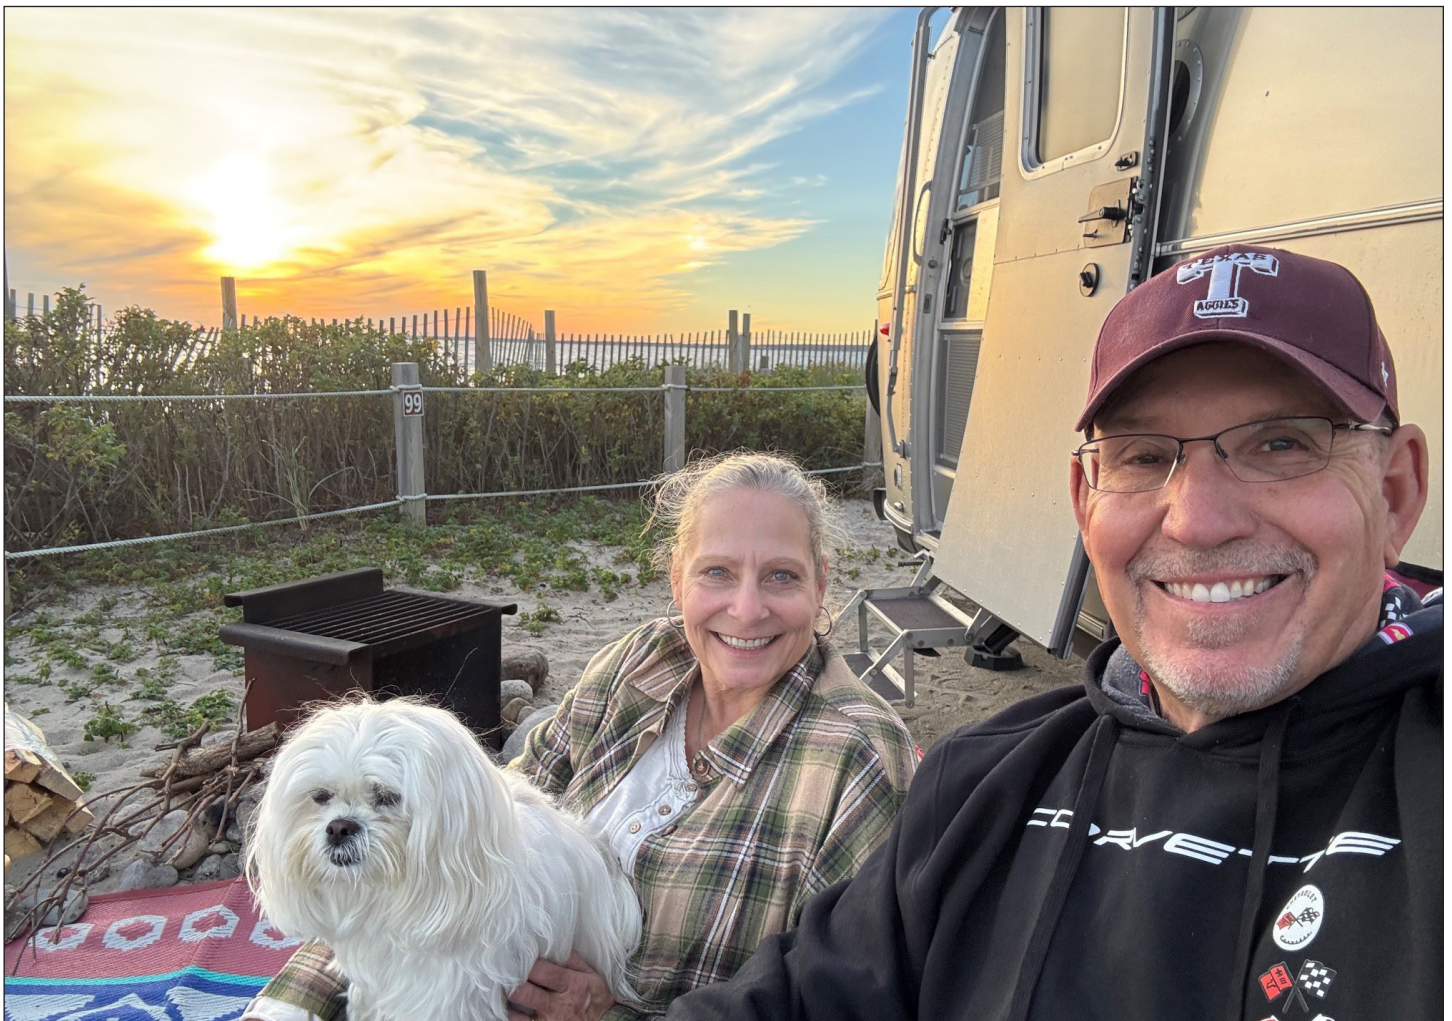

We are both relatively recently retired and, as a result, purchased our first Airstream in 2024. We have loved how the Airstream has led us to places we would have never seen otherwise.

We are currently on a 44-night trip in our Airstream up to Maine and back to see the leaves change, where we will be

camping in 23 different states along the way. Our most important hobby is our little dog, Ellie, who loves traveling in the Airstream and collecting B.A.R.K. Ranger dog tags.

Nona enjoys reading, cooking, learning to play Mahjong, planning our trips, and volunteering at the Taste Community Restaurant.

Brandon stays equally busy fly fishing, bicycling, playing classical guitar, watercolor painting, leather working, and golfing. We both enjoy playing pickleball, church activities, traveling, and visiting National Historic Sites and Parks on our travels. We look forward to meeting all of you!

Matthew and Jo Picken, BRN 18596 (Affiliate)

Howdy! We are Matthew and Jo Picken, and we've been Airstreaming around two years, along with our dog, Sadie. We are, though, just two months into our ACI membership and weeks into our affiliate membership with NTxAC.

Self-professed (professional level) procrastinators, we may have recently set a record for the fewest hours spent in planning for attending the International Rally, Why Not, Minot? The decision to go was made via simultaneous texts roughly 36 hours ahead of loading up and leaving. That's not a lot of time to work another day and a half, keep two doctor's appointments, shop, pack, sleep, load, and route plan. The only reservations we had were those for the rally itself. Picture it: 3200 miles over 9 travel days where every single booking was made the same day, one of them parked in the site itself relying on Starlink for signal. Some of you react to that with heart palpitations, while others are thinking, "Hey, that sounds like fun." Maybe the healthiest or most well-adjusted fall somewhere in between.

Anyway, we seem to have one foot in and one out much of the time. Our kids are out in northern Idaho and eastern Washington state. Our house, cat, and one remaining job between us are in Conroe. But, we are anxiously looking

ahead for the day in the not-too-distant-future when we can cut the job anchor and hook up to Big Bertha for longer stretches to chase our fun. Have shiny trailer, will travel for nice weather, beautiful scenery, wildlife,

big bucks, fish that fight being reeled in, biking or hiking trails with lots to see, pickleball, and 42. Yes, we keep dominoes in the trailer. We are Aggies of a certain vintage, after all. Hope to see you down the road!

Region 9 Update – October 2026

Howdy Airstream Friends!

Fall has arrived, and October has brought important news for Region 9. From the completion of our officer elections to the latest International Board of Trustees meeting and strong interest in our 2027 rallies, there is plenty to share.

Region 9 Officer Elections (January 2027 – December 2028 Term):

The election has concluded, and the votes have been tallied and certified. I am pleased to report that our officers for the January 2027 through December 2028 term are:

President: Anna Brandon – BRN 5157 – North Texas Airstream Club

1st Vice President: Tim Ebberts – BRN 5337 – Texas Hill Country Unit

2nd Vice President: Allana Patterson – BRN 12194 – North Texas Airstream Club

We congratulate these volunteers and sincerely thank Gene Camargo and David Taylor for their willingness to serve Region 9.

Quarterly International Board of Trustees Meeting:

The International Board of Trustees (IBT) met October 21 in a live meeting from NTAC – Hillsboro, TX, which was also streamed on YouTube. Among the outcomes was approval of the balanced 2027 ACI Budget. The approved budget keeps annual ACI membership dues at \$99.

Upcoming Rallies:

Region 9 sponsors several types of rallies, including two National Event Rallies. Interest is strong, so please make your plans and register as soon as possible.

Streamin' on the Strand: Registration is open and the rally is already approximately half full. Now in its 5th year, this event is held during the first week of Mardi Gras! Galveston and will take place January 28–31, 2027. Register at airstreamclub.org/streamin-strand-region-9.

Stitchin' and Fishin': This popular event, scheduled for April 1–6, 2027 in Hillsboro, TX, is now waitlisted.

Wally's Workshop: This sought-after rally will be April 9–11, 2027 in Hillsboro. Registration will open in November.

Region 9 Rally: I know you're all excited for the first R9 Fall Rally. The 2027 Rally will be September 22–26 at Taylor County Event Center, Abilene, TX. Registration will be open in February 2027.

Volunteers Needed – Join the Fun!

Our Region 9 community thrives because of dedicated volunteers! We're always ready to accept anyone with an interest in serving. No matter what your skills or experience, there's a place for you. Reach out to me at region09wbcci@airstreamclub.org or via call or text to get involved and keep Region 9 rolling strong!

Happy Camping,

Tracy Elkins – BRN 9713

Airstream Pet Tails

Many of us travel with our pets, and quite a number of Airstream owners chose to live the Airstream life because it gives them the option to travel with them. If you have a pet or pets and want to share their travel stories with us, send your info and photos to aec2you@gmail.com

Pet Story #13: Meet the Millican Puppies – Belle, Rascal, and Gracie!

We started with three faithful companions on our Airstream adventures: Gracie, Rascal, and Belle. Rascal, a gray Schnauzer, was an elder rescue who passed away after our first trip to Yellowstone. Our white Schnoodle Gracie and brown Schnauzer Belle have become the seasoned travelers, attending rallies and joining us on our everyday travels, and have accompanied us on seven caravans: the **Viking Trail to Newfoundland**, **Nuts for Ruts: The Oregon Trail**, **Northern Lights and Polar Bears** (Manitoba, Canada), **Gulf Coast Crawl**, **North to Alaska**, **Old National Road**, and **Southwest Adventure**. Needless to say, they have logged plenty of miles and collected quite a few adventures of their own!

Belle, Rascal, and Gracie enjoy a slow drive through Mammoth Hot Springs at Yellowstone.

Gracie and Belle checking out the new campground. Where is the dog park?

The Viking Trail was a first caravan for all of us, and it included an eight-hour ferry crossing. While we enjoyed the journey, Gracie and Belle spent the entire crossing snoozing in the truck. When it was time to unload and head to the campground, we woke them up. They seemed completely unfazed by the experience. All they wanted was a walk and to know when dinner would be served! For them, it was simply another travel day spent lounging in the back seat.

Continued on next page

Gracie and Belle getting comfortable in the Airstream

Our first caravan was the Viking Trail to Newfoundland, and it marked Gracie and Belle's first trip across the Canadian border. We had all their vaccination records and paperwork ready, just in case. However, no one asked to see the documents. Instead, border control simply wanted to see the dogs! Since then, the girls have crossed the border numerous times. On our most recent return home from Alaska, we were asked to show their records. The lesson? **Always be prepared and keep those papers handy!**

Airstream Pet Tails, continued

One of the best things about caravanning is the opportunity to spend an extended time with fellow travelers. You get to know one another better, share experiences, and build friendships along the way. The same is true for our four-legged companions! The dogs get to know one another, too, and soon look forward to their time together. A good dog park with plenty of room to run and play is always a favorite stop.

One of the sweetest parts of these adventures is reconnecting with old friends. On this year's Southwest Adventure, Gracie and Belle had a chance to reunite with Gabby, a friend they first met four years earlier on the Newfoundland caravan. It was a wonderful reminder that the friendships made along the road aren't just for the humans. Our traveling puppies make memories and friendships on their own, one adventure at a time!

Belle loves to smell it all.

Happiness is a good dog park. Sometimes you must seek them out.

October 2026: Army Corps of Engineers

The first Army engineer officers were appointed by George Washington on June 16, 1775. The Army established the Corps of Engineers as a separate, permanent branch on March 16, 1802, and gave them the responsibility to found and operate the U.S. Military Academy at West Point. Today, the Corps “works diligently to strengthen our Nation’s security by building and maintaining America’s infrastructure and providing military facilities where our service members train, work and live.” They dredge waterways and devise infrastructure to reduce damage from hurricanes and storms (think levees). They clean sites contaminated by hazardous, toxic, or radioactive waste. And they’re protecting and restoring waterways and coastal areas, such as the Everglades and the Louisiana coast.

They also provide us with some darn good, very reasonably priced campgrounds!
(Source: U.S. Army Corps of Engineers website: <https://www.usace.army.mil/>)

Our Nest, Robin, at Union Grove COE on Stillhouse Hollow Lake in Harker Heights, TX

Look for the distinctive red and white COE logo

As you may infer from the description, the Army Corps of Engineers (COE) spends a lot of time improving and protecting America’s waterways. If you like

camping near water, then you need to check out COE campgrounds. These are some of Kim’s and my favorite places to stay. Sites are always spacious; they are always (in our experience) near some body of water; and they’re very reasonably priced—often in the \$25–\$30 range. If you have an “America the Beautiful” senior pass, available to those 62 and older, you are even entitled to a 50% discount.

Sometimes they can have limited services: 20 or 30 amp electric, and a dump station instead of at-the-site sewer. However, I’ve always found water available. You can explore camping options at recreation.gov. If you’ve never been, start at one of the many COE campgrounds in Texas.

See you down the road.
