

Quipper Editor — EOY 25-26
Marilyn Dillon

It has been a pleasure serving as the Quipper Editor this year. My goal was to keep the newsletter informative, easy to read, and reflective of the people and activities that make NEAC what it is.

The Quipper was published monthly, with a target date of the 15th. Each issue included club and rally information, upcoming events, member news, photos, and other information submitted by members and the board. I also tried to include some lighter material and a little personality whenever the content allowed.

One of the challenges of putting the Quipper together is that there are no regular staff writers, so the newsletter depends heavily on members and board members sending in information, stories, and photographs. The more members contribute, the more representative and interesting the newsletter becomes.

Photographs, in particular, have been an important part of the Quipper. They give everyone a glimpse of the rallies and activities they may not have been able to attend and help capture the people and experiences that make our club special. Keep them coming!

I appreciate everyone who contributed articles, photographs, information, and ideas throughout the year. A special thank-you goes to those who took the time to send material in when asked. Your contributions make the Quipper possible.

Going forward, I would encourage members to continue sending photos, stories, rally reports, and other items they think would be of interest to the club. Even a short paragraph or a few photographs can become part of an issue.

Thank you for giving me the opportunity to serve as Quipper Editor this year. It has been a fun way to stay connected with NEAC and to help share what our members are doing.

It's Just Camping!
